Not often is it given to newspapers or other agencies to publish a picture of a family of ten children, along with their mother, as does The Review-Herald in the above gathering. The absence of the father in the picture taken about three weeks ago), is the only "break" in this unique record of family "completeness", made possible when brother John of British Columbia visited here a month ago. The rest of the family with the exception of Mrs. Agar, all live within seven miles

of one another, which creates another remarkable

circumstance. And it is reported by one of the

brothers that the B. C. resident may in the near

future come back to his native district. What other family can equal or surpass either of these above unique recordances?

John, the oldest lives in B. C., while Leah, (Mrs. Percy Agar) of Toronto is the youngest. Edgar, the first in the back row, lives in Redwing community, Walter, Joseph and Thomas live alongside each other on the Gravel Road, north of town; Chas. resides in the townline vicinity near Heathcote, while Cecil is domiciled at Loree. Mrs. Thos. Hoggard, the mother lives with her daughter, Mrs. Arthur Ardeil on the 8th Line, Collingwood Twp. Percy makes his home on the farm at Ravenna.
