Rural Couriers Leave in Afternoon.
Starting next Monday, April 1, the mail couriers on Nos. 1 and 2, will commence their summer schedule, leaving Durham Post Office after distribution of noon mail, instead of 9 a.m. Nos. 3 and 4 couriers now leave in afternoon.

Mr. Walter Akitt of near Flesherton, the maple syrup king of Grey County will not have his bush producing this year as he decided to give it a needed rest. Each season for the past 13 years he has tapped around 2600 trees and gained the name of one of Ontario's largest producers, making from 400 to 800 gallons of syrup each season, according to the run of sap.—Advance.

Bought Pontiac Garage.
Mr. Ogle Cluchey, for several years in charge of the repair dept. of Kellar's garage, on Monday of last week, purchased the stock and business from Mr. Kellar and will conduct it under the name of "The Pontiac Garage." Mr. Kellar will devote his entire time to the sale of Chevrolet and Pontiac cars, still using the garage as his headquarters.

Machine to Remove Wallpaper.
People who have scraped laboriously with putty knives and such, taking off layers of wallpaper, will be interested to know that this job can now be done with machinery. Mr. John Clements, Arthur decorator, has added to his equipment a wallpaper stripper. This ingenious device is operated by steam and removes old paper from the walls quickly and cleanly. There is no more of the old bugbear of muss and dirt when this machine is used.

An instance in which a family had been able to pay all taxes due on property they owned, but unable to raise enough money to buy food, was brought to light by the Welfare Department in Orillia, recently. Investigators found that the household had had no food Wednesday, one meal Thursday and none for Friday. The mother of the family, when asked why she had not applied for relief, said she understood relief was not allowed to people who paid their taxes.

Easter Late This Year.
Not in the past 13 years has Easter Sunday fallen on as late a date as it will this year. And it will be some time before it will come as late again. Occuring on April 21st, Easter does not arrive for a month after spring's official arrival. Easter can never fall later than about 35 days after the spring equinox, so that this year only a few days separate Easter from the latest date on which it can come under any circumstances. Easter Sunday is set as the first full moon which follows the spring equinox. In 1930 Easter fell on April 20. Previous to that, as far back as 1922, the Easter week end came much earlier than this year.

THE ROLL CALL

MRS. H. W. MOCKLER

Another of Durham's early residents passed away on Thursday last in the person of Mrs. H. W. Mockler, at the home of her son Bert in Hamilton. She was 84 years of age and had been in good health until 3 or four weeks previous to her death when she had a cerebral hemorrhage and gradually weakened, suffering no pain.

She was born in Burlington near Hamilton in 1851, coming to Durham when a child. Her maiden name was Victoria Catherine Jones, a daughter of the late Mr. and Mrs. Thos. Jones, who kept a stationery store in early days in the large frame building in Upper Town, now partly in use as paint shop for the Dept. of Highways. When a young woman she sang in Trinity Church Choir and was organist there during the rectorship of Rev. Mr. Evans and others.

In 1881 she married the late H. W. Mockler, general merchant here, who died about thirty years ago. To them were born two children, Bert, now with Mercury Mills Ltd., Hamilton, and Miss Eva, of the Dept. of Justice staff, Toronto. After Mr. Mockler's death, their son Bert continued the store here until 1909, when he sold out, and the family left Durham. Mrs. Mockler has since resided with her daughter Eva until three years ago she went to her son's in Hamilton. She has two grandchildren, and was the last of her family circle of four sisters, one dying in Vancouver only a week ago.

The remains reached Durham on Saturday noon C.N.R. train and service was held that afternoon from Trinity church conducted by the rector, Rev. J. R. Thompson. Interment was made in Trinity church cemetery, the pall bearers being Messrs. Robt. Hughes, W. S. Hunter, Norman McIntyre, Robt. Hewitt, E. D. McClocklin and Peter Ramage. About thirty beautiful floral tributes surrounded the casket, several being from the Mercury Mills management and staff, the Dept. of Justice staff, from the family and friends in Toronto, Hamilton, Montreal and Durham.

Besides son and daughter, friends from a distance attending the funeral were Mrs. H. H. Mockler and daughter Joy of Hamilton, Miss Mildred Roedding, grand-niece of Kitchener; Miss McArthur and Mr. Laurison of Toronto; Mr Bentley of Montreal.

NOREEN FLORENCE SMITH

After an illness of very short duration, she passed away, early Tuesday morning, March 26th. NoREEN FLORENCE SMITH, infant daughter of Mr and Mrs. Ronald Smith, Normanby. She was 4 months, 16 days old and her departure has cast a deep gloom over the home and there are left to mourn the sorrowing parents. The sympathy of the community goes out to them at this time.

The funeral services will be conducted by the Rev. Robert Honeyman on Thursday March 28th. Interment in Maplewood cemetery.

OSPREY TREASURER RESIGNS

Osprey township council is advertising for a new treasurer, John A. Kernahan, treasurer of that township for over thirty years, having resigned on account of ill-health. Mr. Kernahan has had the unique distinction of serving under three Osprey Reeves, who have been elected to the wardenship of the county, namely: Preston, Morrison and Taylor. He has been a faithful official and his severance from the office will be regretted in all parts of the township. Besides being township treasurer, Mr. Kernahan was treasurer of Osprey Agricultural Society for many years.

A VETERAN TAKES THE FIELD

At the age of 82, Rev. Dr. John Pringle of Sydney, N.S., veteran of the Yukon gold fields and a former army chaplain, has accepted a new missionary assignment. He will carry on mission work in Bermuda for the next few months. Dr. Pringle, who is a native of Charlottetown, P. E.I., has been preaching since 1873. He was ordained in Georgetown, Ont., in 1878.

Whitby Beat Clinton For Intermediate B Title

In two straight games Whitby eliminated Clinton in the Int. B hockey finals by 12-5 at Oshawa, then 6-3 at Kitchener on Tuesday night. At Kitchener, Clinton led 3-2 at end of 2nd, but Whitby made a 4-goal whirlwind finish to clinch the championship.

Leading Clinton by 10 goals, it looks as though Durham would also have been defeated, by Whitby, had they overcome Clinton. However if so one can safely say it would have been by no 10 goal margin, but a much stiffer battle than Clinton apparently displayed.

OTHER PAPERS' OPINIONS

In an otherwise fair write-up of the Galt game the Clinton News-Record says: "In putting out Durham team the Colts accomplished no mean feat when it is considered that Durham was composed of a picked team from the north, which included a couple of re-instated pros and from the start they were favorites to win the O.H.A. championship." Let us inform the News-Record that this "picked team from the north" are every man of them, permanent Durham residents, except one—Raymond of Walkerton, who with no team in his town, was granted permission by O.H.A. to play with the nearest town—Durham. And its news to Durham to learn they were favorites to win the championship from the start. Many thought they had good prospects, of reaching the finals, but Acton, Whitby or Owen Sound were the early choices for the title, with Durham given a chance.

Owen Sound Sun-Times: Durham Hockey Club finished its season on Tuesday night last, victims of Clinton Colts, in the O.H.A. Intermediate semi-final round, but they went down battling, a club that made an impressive mark in hockey this past winter. The record of Durham team, from the time is commenced its playoff grind down to the last game, was one of a club that was forced always to come from behind in the second game of each series. They were 5 goals down on Arthur; 2 goals down on Owen Sound; they had but a single goal to take with them to Acton and they were a goal down starting their second game with Clinton, a game they finally managed to win. Through it all it became quite apparent that Durham was a club which could really go places on soft ice. As a general rule it was on hard ice they went into the red and it was on soft ice they came back to win. This was true against Owen Sound, Acton and Clinton. In their final game at Galt the Durhams had a bad break, just one, but it was enough to put them out of the running. It came when Goalie Jack Schutz inadvertently hauled the puck into his own net in attempting to clear it. It was just the break of a very hard fought series, but break enough to end Durham's hockey hopes. So, to a gallant club that went a long way, much farther than many expected despite pre-season predictions that made them favorites, it is good-bye for another year. Strange isn't it, how one never can tell about a hockey club. Owen Sound and Acton were picked as clubs which would put Durham out of the running. Clinton wasn't given a thought. You know what happened.

Fergus News-Record: "Many went down to Galt on Tuesday night and helped to swell the big crowd that saw Clinton finally eliminate Durham from the Intermediate B race by 3 to 2. Each team had won at home by a single goal, but their contest in Galt is said to have been rather slow affair. Maybe they were tired. Clinton had a younger team and outlasted the Durham boys. Local support was mostly with Durham, partly on account of Hiram Dean."

Paisley Advocate: This columnist must indignantly submit to being bracketed in the same category as our contemporary, George Dulmage of the Sun-Times when it appertains to the selection of winning hockey combinations. We picked Olympics to whip Durham, Hamilton to trim Torontos, the Cards to cop the local W.O.H.A. Intermediate group.... and were left at the post in every case.

To top it all off we selected Durham to whip Clinton with ease (having watched the Colts oust Mitchell) and Clinton proceeds to win at home, and drop a mighty close decision at Durham to tie the round!

From now on we refuse to do any "experting" unless it's a sure thing.

Chesley Factory Picketed Want Union Recognized

Our neighboring town of Chesley is tense with excitement since Tuesday morning, when 150 union furniture workers from Kincardine, Listowel and Owen Sound swept into the town and led a demonstration against Krug Bros. & Co. and its subsidiary, the Chesley Chair Co.

Joining with Chesley furniture workers, the invading labor men quickly picketed the factories, to prevent any men from going to work. All was peaceful until about 9 a.m. Then somebody threw a softball at a plate glass window at the Krug Bros. and Co. plant. Within a few minutes the eight or nine plate glass windows in the office of the company were smashed to atoms as a shower of stones struck them.

About 400 or 500 men were milling about the streets in the neighborhood of the factories, as Chesley residents waited anxiously for further development in the demonstration. Trouble in the furniture industry there has been brewing for some time past.

Krug Bros. and Co. has only a small percentage of unionized workers, while Chesley Chair Co. is fairly well unionized. There is no strike and there has been no demand for higher wages, but the men are insisting that their union be recognized. The union is the furniture branch of the Brotherhood of Carpenters and Joiners, an American Federation of Labor union. It is understood that Krug is unalterably opposed to the recognition of the union.

Both factories were closed Tuesday and still closed Wednesday, with no men working. A sign has been posted up at both factories intimating that they will not be reopened until such time as a guarantee has been given that there will be no more damage to property, and that none of their employees shall be molested when they return to their work.

It is learned that on Wednesday morning the heads of the two firms, Messrs Wm. Krug and Chris. Ankenman are in Toronto, and intend to confer with the Ontario Department of Labor heads with a view to reaching some conclusion respecting their labor troubles. There has been no change in the policy adopted Tuesday when the firms declined to receive or have anything to do with a committee representing the Chesley branch of Carpenters' and Joiners' Union, as this would have meant the recognition of the union, the very thing they are fighting against, and which is the chief bone of contention between the men and their employers.

A day of quiet Tuesday ended with trouble at night when hoodlums smashed the windows in home of C. R. Ankenman, then continued their vandalism on the Krug plant until 72 windows on the north side of the factory had been smashed.

KNOX AUXILIARY
Mrs. Ralph Catton was hostess on Monday evening for the Knox United Evening Auxiliary for their monthly devotional and social meeting. Mrs. C. McGirr presided for the study period. Mrs. R. M. Sparring read the devotional story "A merry heart doeth good." The paper prepared by Miss M. E. Morton was a study on the Religious expressions, and the relationship of Christian Missions to the development of women in the New Day. This was read by Mrs. H. C. McKechnie. Mrs. W. G. Ritchie, read a paper on Christian Stewardship and Finance. The key word for the roll call was love. A social hour followed when work on a quilt was done for the bale and lunch was served. There was a good attendance of members and friends.

Varney Teacher Injured In Car Accident

Returning from her home in Flesherton to her school at Varney, last Sunday afternoon Miss Heard, teacher, was driving a new Ford coach belonging to Mr. Down, dealer in Flesherton, who accompanied her and crashed in a hydro pole at main corner in town, just in front of Ritchie's barber shop.

Coming west on Lambton St., she failed to come to a stop at intersection with main street and in turning south onto No. 6 highway, she swerved out to make a wider turn to avoid hitting a car travelling north. This car stopped, but Miss Heard who had just learned to drive a gear-shift car, collided with the post before she could stop or swing past it. She suffered a torn nose which required several stitches, but no other injury except the shock, requiring a couple of days in the hospital to recuperate. Her parents riding in the rear seat and Mr. Down, were shaken up, but escaped injury. Miss Heard is off teaching duties this week, but will resume on Monday.

The coach fared worst, having a crumpled fender, light and windshield smashed and frame bent, which will entail a considerable repair bill.

THE PROPER SPIRIT

After spending the winter with their son-in-law and daughter, Dr. and Mrs. Stephens, in Chesley, Mr. and Mrs. Alex Campbell left for their home in Elmwood last Friday. Mrs. Campbell had a slight stroke last fall but has completely recovered. Before leaving Mr. Campbell came up to our room to bid an old friend good-bye. He is feeling so jubilant these days over Sir Malcolm Campbell setting the world's record in his racing car and Gordon Campbell of Toronto skipping a curling rink to the Canadian championship that he says: "There is no use whistling 'The Campbells are coming'—as the best of them are already here." As Mr. Campbell shook hands he said: "I guess you and I have no grudge against each other for that bit of a racket in Glencoe over 200 years ago," and we agreed it was too long to hold spite.—Chesley Enterprise.

Mrs. Robt. Moorhead and daughter in-law, Mrs. Graydon Moorhead, Miss Corbett, Mr and Mrs. McDonald, all of Palmerston, were guests of Lady Grey Rebekah Lodge, at their regular meeting here on Tuesday evening, when five new members were initiated.
