THE ROLL CALL
THOMAS PETTY
 There died at his home here on Tuesday evening, from heart trouble, Thomas Petty, the oldest male resident in Durham to our knowledge, at the age of 87 years, 1 month. Mr. Petty has been unwell for two weeks past, but the last call came quite suddenly at the end. In his passing Durham has lost a respected citizen and a kind neighbor.

Deceased was born in Chingacousy township, near Brampton, the son of the late John and Mary Petty. When two years old the family moved north to Normanby township, where they were for a short time ere they took over the present Chas. Petty farm on con. 2, Bentinck. Shortly before Mr. Petty bought the present Mansfield Leeson farm at Varney, where they lived until 1904, when they removed to Durham. Here he has since lived retired.

Only in January last his wife passed away, so they have had but a short separation. There survive two children: Annie, Mrs. E. G. Roseborough of Medford, Oregon, and Will, of MacTier, Ont. There are four grandchildren. Also one brother, Mr. Charles Petty of Bentinck survives, of a one-time family of three sons and two daughters.

The late Mr. Petty in his prime, was a vigorous man, intensely interested in all farming pursuits, and while in Durham, was noted for the excellence of his garden products. He was connected with Durham Agricultural Society for many years, but he was essentially a home-loving man, devoted to his family and to his home.

The funeral service will be held at two p. m. on Thursday, April 11, from Queen St. United Church. Intermment will take place in Maplewood cemetery.

 INSPIRE A POEM

Mr. W. R. Alder
 Transferred to London

The town heard with regret last week end that Mr. W. R. Alder, resident engineer of the Dept. of Highways for this district has been transferred to London district and with Mrs. Alder, will leave about the end of April to take up residence in London.

Mr. Alder commenced his duties in charge of the Provincial Highways in this district eleven years ago, since which he has been a continuous resident of Durham and seen most of the highways in his territory laid with pavement. Mr. and Mrs. Alder have been the highest type of citizens and besides in the town's social life, they will be greatly missed in Knox United Church where he was an elder and manager. The High School Board of which he is chairman, will also miss him—the second member to leave town this year.

Mr. Alder has been with the Dept. of Highways since 1919 and is one of the most valued engineers in its service. The town and district, in which he is widely known, will wish him all success in the southern field. His successor for this district is to be Mr. Cumiford of Stratford.

COUNTY ROADS IN GOOD SHAPE

A partial inspection of the roads in the county was made this week by the County Roads committee of the Grey County Council, composed of Reeves Howard McCauley, Fleishcrton; Emerson Brown, Collingwood Twp and Charles Holm, Normanby Twp.; with Warden J. C. Mercer, Markdale, and County Engineer R. C. McKnight. The party went over sections of the county both north and south, winding up in Owen Sd. Thursday night, but there is a great deal of the territory not yet covered and it is expected that another two days will be taken in another week or so to complete the inspection.

The roads were found to be in excellent condition, better than usual at this season of the year. In a great many places the frost is entirely out of the road, while in other places there is evidence that there is still some left in only an odd place is there evidence of heaving, and very little repair work will be necessary because of frost. The committee has laid no plans as yet for the coming season, but will do so in the near future.
