# What have I done!

## SUPPOSE THIS HAD BEEN YOUR CHILD!

THE number of children killed and injured by automobiles in Ontario is appalling!

Children by nature are carefree. You must think for them, and for other pedestrians, constantly. Be sure your brakes, tires and lights are effective. Drive slowly and be particularly careful wherever there may be children . . . especially on holidays and week-ends. Train yourself so that safe driving becomes second nature to you

If you don't, some day you may find yourself not only severely penalized but also minus a driver's license . . . for life!

### THIS MUST STOP!

In Ontario, during 1934, there were nearly 10,000 automobile accidents.

**512 people were killed**  
**8,990 people were injured**

... a considerable increase over 1933. It must be evident to all thinking people that *this must stop.*

### ONTARIO'S ACCOUNT BOOK

The Public Account Book, or in other words, the big family album of the Province of Ontario, arrived in our mail box last weekend. It makes interesting reading, if only to look up the salaries of your friends in public service, in whom you are interested. And you have perfect liberty and freedom to be shocked in several cases, not at the beggarly pittance they receive either! Evidently the much over-worked term "depression" did not strike deeply upon those in civil service and Mitchell Hepburn could yet do some price-slashing in some departments if he really wants to balance the Provincial budget. The year for the Province has in the past closed Oct. 31, but hereafter it will close the end of March.

No wonder Ontario gets the name of the Milch cow, as you turn over in this bulky volume, page after page of disbursements of cheques reading from the humble 1¢ to cheques in four and five figures.

This edition tells us that the province's ordinary expenditure was \$80,667,091.15 while ordinary revenue was \$50,067,811.37

which shows amount of \$30,599,249.78 over ordinary revenue for the year.

We are giving Ontario's total expenditure in each Department:

### OLD HOME WEEK PLANS TAKING SHAPE

The big ball that is rolling into considerable size and shape for the culmination of "Old Home Week" plans, is still rolling with gathering momentum. It will not cease rolling till the last event is staged in connection with the big event. Such an event taxes the committees and conveners to a considerable degree in the matter of time and thought, but one and all are equally determined and enthusiastic that Durham's first Old Home Week shall go over big.

Jottings from "Old Timer" in the "Review" from time to time, give a faint idea how popular this coming event is to former Durhamites. You

FILL your cereal bowl with Kellogg's Rice Krispies. A great luncheon dish. Just the thing before bedtime.

Rice Krispies crackle in milk or cream—a sound that children can't resist. Fine for the nursery supper. They promote restful sleep. Nourishing and easy to digest.
