CARELESSNESS is TOO COSTLY!

DASSING on a hill is just one form of haste . . . that craving to drive too fast . . . which is altogether too prevalent in Ontario.

The appalling number of motor accidents in this province means a drastic check-up on reckless drivers. Public sentiment, speaking through the courts, will be increasingly severe towards unreasonable, thoughtless motorists.

You know what you should do. How you should drive. So, for your own safety and that of others, drive carefully!
