CARELESSNESS IS TOO COSTLY!

PASSING on a hill is just one form of haste... that craving to drive too fast... which is altogether too prevalent in Ontario.

The appalling number of motor accidents in this province means a drastic check-up on reckless drivers. Public sentiment, speaking through the courts, will be increasingly severe towards unreasonable, thoughtless motorists.

You know what you should do. How you should drive. So, for your own safety and that of others, drive carefully!

IT IS BETTER TO BE SAFE... THAN SORRY

THIS MUST STOP!

In Ontario, during 1934, there were nearly 10,000 automobile accidents.

512 people were killed
8,990 people were injured

... a considerable increase over 1933. It must be evident to all thinking people that this must stop.

Hon. T. B. McQueen, Minister of Highways.
