SWINTON PARK

This September 30th is very cold and disagreeable, yet undecided whether to rain or snow. But we are looking for nice balmy days yet to lift those precious potatoes. What a change in their value since last year! And no government to blame for it.

A meeting in the interests of Dr. Campbell, Conservative candidate in coming election was held in the Hall last Friday night.

On Saturday morning we had a terrible frost, all vegetation turned black. Some progress is being made on repairs to Hardy's barn. The roof is being laid on Aldcorn's rebuilt house at present. The cold disagreeable weather makes work slow.

McKinnon's and Fergusons' buildings have been fairly well repaired since the storms.

Miss Dorothy Tresider, teacher in Toronto, spent the weekend at her home here, accompanied by a friend, Mrs McRoberts of Toronto.

Mr and Mrs James Kennedy and Margaret and Jack of Shelburne, were Sunday visitors at Aldcorn's and Ed. Heard's. Mr and Mrs W. J. McMillan also dined at Heard's.

BORN—On Sunday, Sept. 29th to Mr and Mrs Earl Walton a daughter.

The United W. M. S. meet Wednesday, Oct. 2nd at the home of Mrs Thos. Walton, Dundalk.

Neighbors have been assisting Mr. Wm. Scott replace the roof which was torn off during the cyclone, on his barn. The work has been greatly hindered by wet weather.

Oct. 9th is the date of the monthly W.I. meeting at the home of Mrs Chas. Wale.

Cold blustery weather during the weekend is a gentle reminder of something much worse ahead—a long cold winter which everyone dreads more or less.

The three candidates have each duly held a meeting in Stewart's Hall to try and enlighten us poor creatures who faithfully turn out and listen in amusement to the great merits of their respective parties and leaders, and the wretched blunders of their opponents. It is amazing how they stand there and tell us how their one concern is for our welfare. As far as I can see the people are in a political hedge podge. I have never heard one political argument this campaign. Oct. 14th will tell the story.

Send The Review to your absent friends.—They will enjoy reading it.

CHURCHES

The Durham Baptist church is planning a big day for their 82nd anniversary on Oct. 13th and 14th. Rev. C. Stanley Baggett of Listowel is to be the anniversary preacher. He has a deep musical voice and will also sing. Another attraction will be Mrs Gertrude Williamson Hall, soloist in the Timothy Eaton Memorial church, Toronto. Mrs Hall was with the Fisk Jubilee Singers whose musical fame spread over this continent and Europe and her rich contralto voice will be heard at both services.

On Sunday evening the Virginia colored Jubilee Singers, eight in number, will sing. This will be their first appearance in Durham. On Monday evening they will give a dramatic concert of Southern Melodies. They are a highly cultured musical group. The minister of the Timothy Eaton Memorial church says, "Each member of the company possesses a charming personality, and makes a distinct contribution to the evening's entertainment."

Rally Day was observed at Baptist church Sunday morning last and the pastor gave a young peoples' chalk-talk sermon on 'Whither bound'. During the address Mr. Priest drew an old time sailing vessel in full sail with sky, and sea and sunrise in colors, and spoke of the shipowner, the captain, the compass, chart, cargo, pilot and port. Both sermon and picture were greatly appreciated.

Tale of Heroic Achievement Marks C. P. R.'s 50th Anniversary

Craigellachie Day, November 7, next marks the fiftieth anniversary of the driving of the last spike, final completion of the Canadian Pacific line from Montreal to Vancouver and the final consummation of Canadian Confederation. Arrangements are now being made for its fitting celebration so that Canadian Pacific people and the country in general may be reminded of the part this Company has played in national development.

It is particularly fitting that the Company's jubilee year should be marked by the appearance of an important book bearing on its history and the new volume by J. Murray Gibbon, whose picture is shown above, will be the more welcome on that account. It is entitled 'Greatest Empire' and apart from its special interest to Canadian Pacific people as a most complete and interesting history of their own Company, it is so comprehensive and fascinating a tale of the discovery and development of Canada that it will make a strong appeal to all who are interested in this country. It is published by the Bobbs Merrill Company in the United States and by McClelland & Stewart in Canada and appears as an extremely handsome volume. Sixteen full colour illustrations and over two hundred in black and white help carry the interest throughout, aided by a series of explanatory maps. It sells at \$3.50 a copy. Despite its wide range of information and the vast amount of reading and research that clearly has gone into its making, it is full of human interest and is an absorbing record of the human desires and ambitions that have become the foundation stones of Canadian nationality.

History of the Canadian Pacific as it may be, it is a fascinating and important book long before the author gets around to that great institution. The early history of transportation by trail and canoe is told with a wealth of chatty incident and in the light readable style that one would expect from this accomplished author.

Mr. Gibbon very largely ignores the common-place history book stories of early settlement and lays before us new incidents and hitherto neglected movements that led to the exploration and final conquering of the Canadian wilderness. Thus, he recalls that in the time of Queen Anne the new demand for tea and the tremendous vogue for Chinese porcelain and for Chinese house decorations turned merchant eyes towards the Orient and sharpened the desire to find the North West passage. In a large sense the book is the story of the search for and the ultimate building of a new road to the Pacific. The fur trade, gold discoveries and ultimately the opening up of the country as a land for settlement each played their big part in the development of Canada, but it was the search for the road to the 'East' that drew adventurous pioneer souls forward until Canada had become a Dominion and the Canadian Pacific Railway had been built.
