Property Damage on Halloween.

There seemed to be hundreds of the youth of town and others stirring around Halloween night. Many were disguised and did little more than call on homes for contributions and parade the streets. Mischief went too far however, with some in the destruction of property. Street lights on Bruce St. were turned off, broken, windows smashed in C.P.R. station and some West ward residences, part of the library entrance mason work torn loose and the railing over gully on Durham Road knocked over. As will be seen elsewhere, Council is offering a reward for conviction of the miscreants.

Well Remembered on Anniversary Occasion

On Friday night last, the residents of S. S. No. 9, Glenelg, turned out en masse, 140 in round figures—to honor their fellow residents, Mr and Mrs John McGirr, on the occasion of their 25th wedding anniversary. To speak plainly, the house was packed full of people, and as tightly as a sardine can. But they were a good natured crowd and the earthquake shock of that morning, seemingly had little effect upon them.

Mr. Alex Aljoe, the manager of the gathering was chairman, and he called on Mrs W. Patterson to read an address to Mr and Mrs McGirr, expressive of the feelings of the section towards them. Mr Oscar Moon, Mrs Wes. Arnett and Miss Ethel Hargrave presented them with a Sheffield silver cake plate, Mayonaise bowl and silver mounted pyramid plate. These beautiful gifts were warmly acknowledged by Mr. McGirr, who looks upon their acts of neighborliness and kindness as service any worthy resident might give to another.

There was plenty of good music supplied for the light fantastic which followed, by the Teeter, Sharp and Ritchie orchestras.

On Friday afternoon, Rev. W. H. Smith of Knox church, walked out to the McGirr home and presented the 25-year bride and groom with a handsome United Church Hymnary, on behalf of the Managing Board of the church. It was suitably inscribed.

S. D. CROFT APPOINTED AGENT AT BRANTFORD

Mr. Croft has served the C.N.R. in various capacities including that of travelling freight agent for the past 25 years. He assumes his duties at Brantford immediately.

I.O.D.E. Will Again Banquet War Veterans

MISS MARGARET MCGIRR GIVES POLITICAL HISTORY OF GREY COUNTY

Canadian Greys Chapter I.O.D.E. held their November meeting at the home of Mrs W. H. Kress, a good attendance of members being present. The Regent, Miss Hunter, presided. The reports of secretary and treasurer were heard and respectively adopted.

Much the largest portion of the business meeting was devoted to arranging for the Veterans' Supper, which the Chapter annually give. It will be a fowl supper and they are catering to eighty veterans.

The Chapter will also sell poppies next week and every home is expected to do their bit in this regard.

A presentation was made to a departing member, Mrs D. C. Town of a handsome walnut living room table as an appreciation of her work in the Chapter. Miss Hunter introduced the subject, Mrs G. Kearney made the presentation and the fellow members sang "For she's a jolly good fellow." Mrs Town expressed her sorrow at leaving her friends in the Chapter, as well as thanks for the gift presented her. A gift of a magazine and was also presented to Mrs Schmitt in absentia.

Miss Winnie Blyth favored with a solo, accompanied by Mrs Kress.

The special feature of the evening was an address by Miss Margaret McGirr, on the "Political History of Grey" from earliest days. This was in 1844, when Ontario and Quebec were Upper and Lower Canada. At that time Grey County was united with Simcoe and Wellington, and Hon. G. Blair represented this section. It was not until 1854 that Grey had a representative, in Geo. Jackson. At that first election Mr. Jackson ran as a Liberal being successful over two Conservative opponents, R. Carney of Owen Sound, and Chas. Rankin. George Jackson ran again but as a Conservative. In 1875, Grey County was divided into three Ridings, North, South and East, and in these years have we been represented in both Houses by many prominent citizens. Abraham Lauder was South Grey's first Provincial representative. Dr. Landarkin of Hanover was M.P.P., for 24 years, before going to the Senate; Dr. Sproule of Markdale was East Grey representative for 35 years; Dr. David Jamieson, in South Grey, 24 years; I.B. Lucas, East Grey, 21 years, in that period being prov'l treasurer; A. G. McKay of North Grey served as Opposition leader for some years, and at present Agnes Macphail represents us in Dominion House with a record of 15 years and F. R. Oliver in local house with nine years record.

This is but an extremely brief sketch of an interesting resume and which the members present enjoyed.

MRS. J. H. GIBSON DIED SUNDAY

A death occasioning widespread sorrow occurred on Sunday morning when Mrs John H. Gibson passed away after suffering poor health for the past two months, which became serious only a week ago.

The deceased was formerly Emma Elizabeth McClung and she was born near Kimberley in 1889, daughter of the late Mr and Mrs William McClung. Twenty-six years ago, on Nov. 17, her marriage to Mr. John H. Gibson of Flesherton took place. After living in Flesherton for eight years and also for some years in Markdale, they moved to Durham to make their home nine years ago. Four daughters survive the passing of a devoted mother, namely Mrs N. Falkingham (Marie); Mrs Carman Roseborough (Irene); and Marguerite and Muriel at home. Two sisters and three brothers also survive, Mrs John Wyville and Mrs John Bull, Mr. Amos McClung and Mr. Joseph McClung all of Markdale and Samuel of Heathcote.

The late Mrs Gibson was a member of Queen Street United church, and active in the Ladies' Aid Society. She was also a worker in the Women's Institute.

The funeral was held on Tuesday afternoon at 1.30 o'clock from the late residence, Countess street, interment being made in Flesherton cemetery.

DURHAM FELT THE EARTHQUAKE SHOCK

Residents spend a night of varying degrees of wonderment as to the nature of the shock.

Early Friday morning last, —1.05, to be exact,—the Province of Ontario shimmied and shook, from an earthquake that is since considered to be as severe as the last in California, but fortunately was not centred in settled part of Ontario. But it was of sufficient strength to give the residents of Grey County a bad scare. It is all very well to speak lightly of it now, but Durham citizens,—at least most of them,—were earthquake conscious for that day at least. A second one with less intensity occurred at 9.30 a.m. Saturday and while this was also felt by a few, it did not give serious reflections.

Durham citizens were nicely into their first sleep, when the quake rudely awoke them. In fact some were still up watching for any damage to their property that might come through the tricks of miscreant youth. The tremor lasted about 15 seconds to be exact, but it was good value for the time. The most common effects it had here, were the beds shaking, windows and dishes rattling. Some jumped out of bed to catch that mischievous youth, o' hers thought it a bad dream, while others were too scared to move. But the old earth certainly tremored and the townsfolk knew it. We have heard of no one becoming panicky here, though a few sought the front street, none too warmly clad, to get information and relief. Not until Jim Hunter, talking reporter of the "Toronto Telegram," in his eight o'clock morning broadcast, gave the rows to Ontario of the quake, was it fully brought home, what we had gone through.

The capital city, Helena of Montana, has been badly hit, it received a few weeks apart its second death-dealing earthquake. Damage is estimated there at \$5,000,000.

The suggestion of Bailey Willis, eminent professor of geology, Stanford University that the recent earth shocks had their origin in a new mountain now in its geological infancy on the Atlantic, found qualified credence from A. P. Coleman, professor emeritus of geology at the University of Toronto.

"Although it is possible, and Bailey Willis is a thoroughly reliable geologist," said Prof. Coleman, "I am doubtful in my mind that the cause can be attributed to that."

Mountain building, Prof. Coleman emphasized, is a matter of 10,000,000 even 20,000,000 years. He rather attributes the quakes to changes in formation going on under the ocean.

In 1932, there were violent earthquakes followed by tidal waves at the islands of St. Pierre-Miquelon, and Newfoundland. Soundings showed that there had been extensive changes in the ocean floor. In the opinion of Prof. Coleman, similar changes under the Atlantic are still in progress.

ABERDEEN W. I.

The At Home of the Aberdeen W. I. was held at the home of Mr and Mrs George Twamley. Sixty-five neighbors and friends gathered and a very pleasant time was spent. Games, a contest and dancing were enjoyed by all. The Institute quilt being finished and tickets sold, Mr. Twamley was asked to draw the lucky ticket. Mr. Earl Noble was the holder. Refreshments were served. All joined hands and encircled Mr and Mrs Twamley, singing "For They are Jolly Good Fellows," this bringing an enjoyable evening to a close.

\$10.00 REWARD

Is offered by Durham Council for information leading to the conviction of parties responsible for damage done to public or private property in the town on Halloween night.

By Order,
B. H. Willis, Clerk.

Miss Nora Stewart, Seaforth, was the guest last week of Mr and Mrs. E. R. Schultz.

Monday a Public Holiday Council Decides

At Monday's session, Durham Council decided to observe the public holiday next Monday, Remembrance Day and also to take charge of the memorial service at 6.45, referred to elsewhere, attend in a body and deposit a wreath. The School Boards and Women's patriotic organizations are also being invited to attend. After the service the war veterans will be banqueted at Town Hall by the I.O.D.E.

Council took a serious view of the greater property damage than usual this Halloween and are offering \$10 reward for information leading to conviction of guilty parties.

Board of Health report advised cleaning up the town dump and commended dairymen C. Lauder for his installation of a pasteurization plant. The health of the town is in first class shape, the best of any time since he has been M.O.H., reported Dr. Smith.

Accounts totalling \$395.57 were passed, also relief bills for \$60.61. The County acct for hospital patients was passed, subject to being checked as correct by clerk and treasurer. It was a heavy one — \$969.50.

Mr. J. A. Graham is Recipient of Staff Gift

On Tuesday evening, ex-principal J. A. Graham was nicely through his tea, when in responding to the door-bell ring, in trooped his former staff of teachers. In a few choice words, his successor, Mr Geo. Noble gave the explanation why they were there and Miss Emily Hunt presented to Mr. Graham, as a gift from his staff, a beautiful electric lamp. Now Mr. Graham was a surprised man, but with that ready word, which is characteristic of the Highland people, he expressed his appreciation of the lamp in a little speech.

Mr. Graham tells us that in the past years he has had little time for reading, beyond what the school curriculum called for and the newspapers. A teacher has not time if he does his full service to the school. But now things are different and with this new reading lamp, he is going to have a good winter of reading in his den.

FIFTY-TWO YEARS IN WESTERN CANADA

Mr. John McInnes of Midnapore, Alberta, is down East to visit early friends, associations and haunts. We say "early" for in the far-gone year 1883, Mr. McInnes left Glenelg to join his two brothers in the new Canadian frontier. He was the youngest white man in his part at that time. This is the third trip East since 1883, so the C.P.R. has made little of him. While still interested and active in farming and ranching interests, he does "take it easier". To know John McInnes and his trials and triumphs, is to write the history of Alberta,—in 1883, known as the "North-West Territories". There is not a better historian in that province, we venture to remark and MacKenzie King lost his voice this year, simply because he was away from home. Naturally he finds great changes on the Durham Road, and the generation he knew of the Nicholls, McLeods, McLeans, McDonalds, and many others are sleeping their last sleep or removed from the district. He is making his headquarters while in Priceville district with his cousins, Mrs Colin McLean and M. McInnes.

When asked how conditions were in Albera this year, he readily replied that "Never better,—I expect to have two Aberhart cheques awaiting me when I get home!" Mr. McInnis is not wishing anything but good to the new Premier, while he is sceptical of the new government's platform, and feels proud of his home ward in that election, as the only ward that didn't give Aberhart a majority. The Senior and Junior Editor of the Review were hospitably entertained at his home while on western trips, and memories of the stay, are most pleasant. Mr McInnes has been a reader of the Review for many years, and also keeps it well paid in advance.

MISS AGNES MACPHAIL TAKING THE REST CURS

Since for election on Oct. 14, Miss Agnes C. Macphail, M.P., is doing what she can to get back to her normal life. After a strenuous election campaign, it requires rest and more rest to get back in'o condition. For that reason, she has declined invitations to speak on Remembrance Day in both Toronto and Hamilton. About the middle of December she leaves for Baton Rouge, Louisiana, where she will speak for the fourth consecutive year, at the State University. Christmas will be spent in the South, and around Jan. 15, she will give addresses to the Civic Federation in Texas. Later she will address the National Students' Federation of America at Kansas City. Miss Macphail expects to be back in time for the opening of Parliament.

Re-organized for Int. O.H.A. Hockey

An enthusiastic gathering of hockey fans assembled in the Library on Tuesday night to reorganize for the coming season for entry in the Intermediate O.H.A. With a team that travelled far towards the finals last winter, Durham hopes to have the same line-up back this season, reinforced by a couple new players, to again make a determined bid for the top rung.

Officers were elected as follows: Hon. Pres., Col. F. F. Hunter, and P. Gagnon; pres., Dr. D. B. Jamieson; vice pres., Jas. McLachlan; sec'y-treas., Larry Miller; Manager and coach, Dr. R. R. Burnett; Committee, C. Zillax, J. B. Duffield, M. G. Calder.

The management are very grateful to the motorists who last winter supplied free transportation for the team to the various out-of-town games. A motion was passed expressing this appreciation, also thanking the public of Durham and surrounding country and towns for their splendid patronage last winter.

BORN

BLACK—In Durham Hospital, Wednesday, Nov. 6, to Mr and Mrs J. Black, Priceville, a son. (S. Hillborn)

THE ROLL CALL

MISS NETTIE WATT

The death took place in London hospital on Saturday, Nov. 2nd of Miss Nettie Watt, formerly of Normanby and Durham. She was about 65 years of age. She was the second eldest child of the late George and Mrs Watt of Normanby Township and her youthful years were all spent on the 2nd con. of that township. Durham citizens came to know deceased, when she came to keep house for the late Samuel Scott. This she did in a faithful manner for many years, making the last days of this veteran merchant very comfortable. While in Durham, she attended the Baptist church.

Five sisters and two brothers remain of the Watt family, Maggie, Mrs Radburn, Northern Ontario; Annie, Mrs Forrester, Guelph; Barbara, Mrs Donnelly, Durham; Nellie, Mrs F. Clemas, London; Hattie, Mrs Hintze Elrose, Sask.; Robert Southampton; and John of Durham.

The funeral took place in London on Tuesday.

ELMER HOOPER

A death in South line, Glenelg that brought sorrow to the family, as well as the neighborhood, was that of Elmer Hooper, who passed to higher service on Friday last at his home. For some months past he has been a sufferer from eczema and spent a couple of weeks last July in Durham hospital. At times he appeared to rally, but he fought a losing game when pneumonia developed, which hastened the end. In his period of invalidism, he remained cheerful and bright and never complained of his lot. He was 37 years of age. Three years ago he was wedded to Martha Eckhardt, who with infant daughter Lorraine, mourn his death. Also bereaved are his mother, Mrs Abraham Hooper; two brothers, Will and Isaac of Egremont, and five sisters: Mrs. Thos. Bothwell, Islay, A.I.a.; Mrs. Thos. Harrison, Egremont; Mrs G. Geddes, Bentinck; Mrs Victor Adams in Egremont and Eva at home. Another sister, Mrs Hardy Harrison note the change. (45) died seven years ago.
