CANADIANS AND THEIR INDUSTRIES—AND THEIR BANK

SUCCESSFUL HOME-MAKING—CANADA'S GREATEST INDUSTRY

MECHANIC: "In recent years my pay has averaged \$110 a month, but I have made as much as \$200. My regular habit has been to deposit part of my pay in the Bank of Montreal."

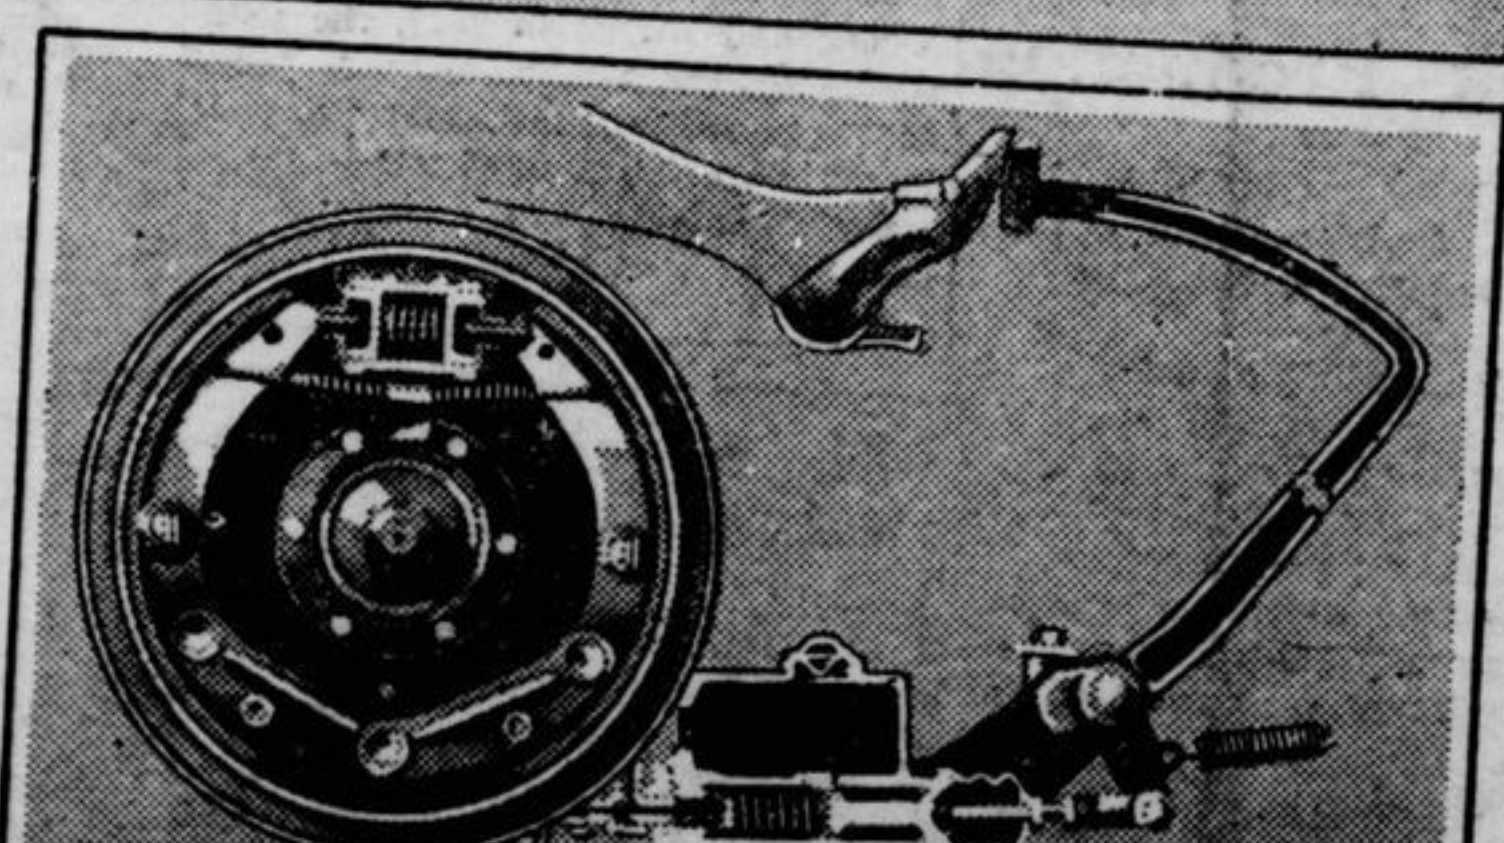

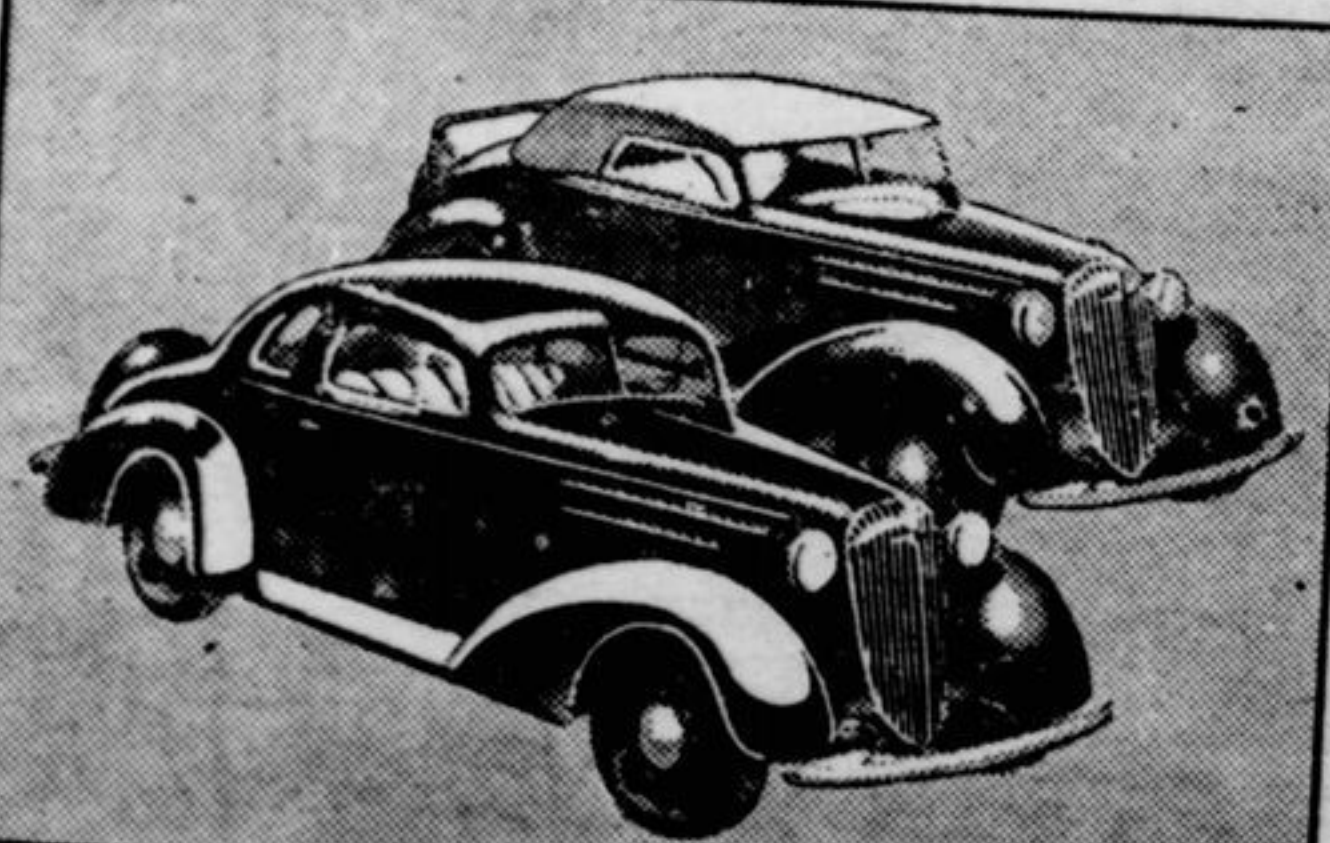

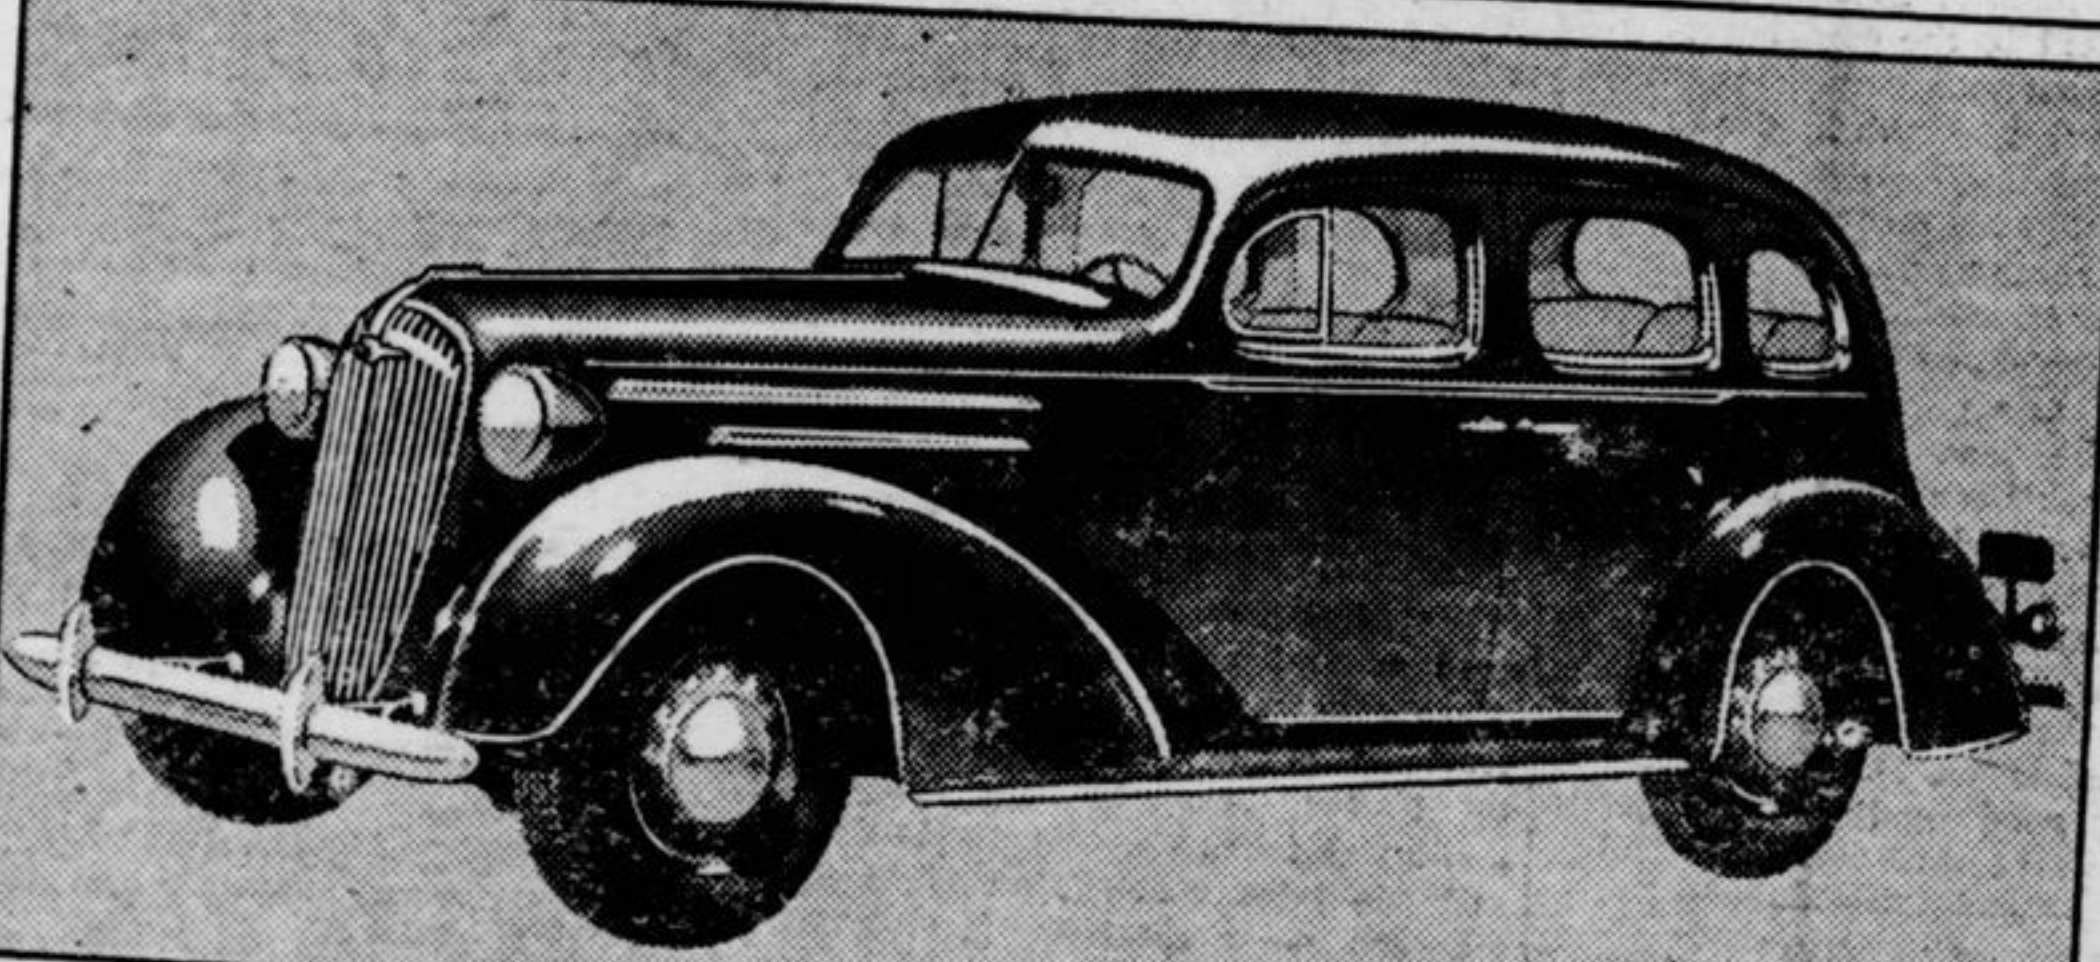

SALES CLERK: "My wife runs our family finances. I hand her my pay cheque, and after paying bills and keeping out purse money, she puts the rest in our savings account at the Bank of Montreal. That's why we had the money to buy our nice little home—a bargain for cash."

1936 Master and Standard Chevrolets Replete with New Features

New Master and Standard Chevrolets for 1936 show marked advances in appearance and in engineering. Perfected hydraulic brakes, high-compression engines with full-length water jackets, and balanced carburetion are among the mechanical improvements. The solid steel Turret Top Fisher body is now used on the Standard as well as the Master De Luxe models. The illustrations show: Top left, the Master Six special sedan with built-in trunk. Top right, the front seat improvement in Master coaches, the seat being in one piece and the right half of the back being movable. Lower right, the simple arrangement of Chevrolet's perfected hydraulic brakes, all models. Lower left, a De Luxe Convertible and the Regular coupe of the Standard Series.
