Last season the entrance fee for to be sent to the Ontario Softball Association, leaving no money for the League to carry on. The treasurer's report showed the books to be 74 cts in the red. This year the entrance fee will be \$2, and in all playoff games, the League will collect 10 per cent of the gross gate receipts. In case of postponed games, the two teams involved must arrange between themselves as to date, before the end of the regular schedule, and except in case of rain 24 hours notice must be given before postponing a game.

All protests will be dealt with by the president, vice-president and secretary-treas., and the protesting team must pay a deposit of \$5. If protest is upheld, the refund will be the deposit, less the expenses of the protest meeting.

The umpire accompanying the visiting team will have the choice of working at the plate or on the bases. Last season there was considerable

trouble keeping the fans off the diamonds. Now all home teams must erect a suitable barrier at least ten feet from the first and third baselines to extend as far as first and third bases. The season will open June 5th and close on July 15, when the first and third, and second and fourth teams will meet in the semi-finals, and the league winner will advance into the O.S.B.A. playdowns.
