King Edward VIII Is Royal Patron

Accepts invitation of National Sanitarium Association

A letter received yesterday from Buckingham Palace, London, addressed to Mr. E. L. Ruddy, President of the National Sanitarium Association, states that His Majesty King Edward VIII. has accepted the invitation to be royal patron of the Association.

"I am commanded by the King," reads the letter which is on official black-bordered Buckingham Palace stationery, "to inform you that His Majesty has been graciously pleased to grant his Patronage to the National Sanitarium Association, Toronto."

In 1926 the then King Edward VII. and Queen Alexandra became the first Royal Patrons of the Muskoka Hospital. Ever since, members of the Royal Family have taken a deep interest in the work.

Muskoka Hospital for Consumptives, the Queen Mary Hospital for Consumptive Children at Weston, formerly known as Royal Patron the late King George V.

His Royal Highness the Duke of Connaught, great-uncle of the present sovereign, laid the corner-stone of the Queen Mary Hospital for Consumptive Children. It was the first hospital in the world devoted to the treatment of children's suffering from pulmonary tuberculosis. On May 12, 1913, Queen Mary in Buckingham Palace, pressed a button by which the doors of the hospital were electrically opened.

When fire destroyed the original section of the Toronto Hospital for Consumptives, the King Edward Memorial Fund was inaugurated by which over six hundred thousand dollars was raised. In this work the Duke of Connaught took an active part.

Upon learning recently from the Earl of Bessborough that the tiny patients at the Queen Mary Hospital for Consumptive Children had taken from a London illustrated paper and framed a picture of Queen Mary and the Princess Elizabeth, Her Majesty voluntarily sent the children a signed portrait of herself and the little Princess.

Every Governor-General of Canada, from Earl Grey on, has been Honorary President of the National Sanitarium Association. The three hospitals maintained by the Association have a total of over 1,000 patients. Canada again pioneered medical achievement when the new Surgical Building, one of the first structures erected on this continent for the surgical treatment of tuberculosis, was opened about three years ago at Weston. It has already justified itself, said Mr. Ruddy.

KNOX CORNERS

A good message was given at the service on Sunday but not a very large congregation were out to hear it. The subject was "our privileges and responsibilities." We have a wonderful heritage of freedom to worship God and study His word which our forefathers did not have and many of them gave their lives that we might have this privilege. We may have an abundant entrance into heaven if we will; we may be saved as by fire and our works destroyed, or we may be shut out from the presence of God through all eternity. Which shall it be?

Anniversary services will be held at Knox on Sunday July 19th, morning and evening. Rev. Mr. Court of Holstein will take charge of the services and assist with the musical part.

Mr. George Smallman is quite ill and under the doctor's care as the result of a sunstroke. We hope he may soon be restored to usual health.

Mrs. C. McAllister read an essay given by Miss Ann Wilton at the Mission Band rally in Mount Forest. Roll call was answered by bible verses on "seek."

The numerous gifts presented were mostly in green and cream and were pretty as well as useful. The guests viewed many other gifts presented to

the bride-to-be from her many friends in Fort Frances and elsewhere. The company were seated on the lawn and Miss Florence McIlvride and Miss Margaret Marshall unwrapped the parcels and Mrs. Stanley Mountain read the verses. Esther kindly thanked all and afterwards lunch with tea and lemonade were served.

Miss Dina Thompson visited Tuesday of last week at our home.

Durham Saturated with Week's Record Heat

CITIZENS AT WITS END SEEKING RESPIRE FROM THE STRONG SHAFTS OF OLD SOL

"I'll not kick at Old Winter's cold after this furnace blast"; "In the good old summer time" is a kiljoy praise so certain citizens gave vent to their feelings this week, to what has been the longest, as well as strongest heat wave in the memory of its citizens. The arid Sahara desert could not radiate more heat than that experienced by Ontarians the past week, and new all-time highs in temperature have been registered.

Torrid days and restless nights have left dispositions frayed and ragged, and any snappy answer received is not to be regarded seriously this weather.

Not only humanity is suffering: the beasts of the field and air are also victims. Haying weather it is in one sense, but in the other it is cruelty to animals. Considerate farmers are making time tables of their own, rising at daybreak to use their horses and again after sundown. Lucky is the farmer who has plenty of water for his live stock.

Drought conditions are more than serious and the grain, fruit and vegetable crops are badly shot, compared to the once high average predicted for them.

This is being written Tuesday morning, and the weather man is supposed to be moderating his heat shafts. It is a case of "night or Blucher", and the sooner the clouds drop their overdue moisture the better for this old earth. Who wants sunshine anyway?

Two brothers, Ralph and Joseph Schurr of Formosa, are dead as the result of an auto accident two miles from Formosa, when the car got out of control of the younger lad, aged 15. It turned two complete somersaults, throwing both boys and another occupant out of car.
