IS GOOD FOR TEETH ... BONES

Scientists agree that properly made Bread is good for the teeth and bones. Recent laboratory tests prove this conclusively. These tests brought out, that in children a diet high in refined wheat is by no means incompatible with excellent calcium and phosphorus

Give your children plenty of the delicious, wholesome Bread we Eat it yourself-for health and enjoyment. And let us take care of your other baked goods needs, too. We produce a wide variety of fine quality products, always fresh and perfectly baked.
