At Queen's Park

BY THE WATCHMAN

Toronto, February 25: Something definite is going to be done at last for the farmers of Ontario along the line of exposing those firms that exploit them with regard to prices for farm products.

Speaking before the Ontario Whole Milk Producers and the Concentrated Milk Producers Association the other day, Hon. Duncan Marshall, Minister of Agriculture, declared that he was going to have published in the daily newspapers the prices for farm commodities paid by individual firms. This will give the public an idea of who is getting the short end of the deal.

It has been long felt that action should be taken to give the farmers protection from firms which think nothing of paying low prices for agricultural commodities. Probably there is no other class of men so exploited as farmers, and governments must take action to protect the all-important primary producers.

Mr. Marshall's idea is that adequate publicity to farm prices will develop public opinion to such an extent that whole-sale firms and others will be deterred from gouging the men who sell them the produce from their farms. It is realized, however, that care must be taken in government action to prevent any undue interference with private business.

Farmers are somewhat better off today than they were, say, 10 years ago. But there is still plenty of room for improvement. In the livestock business, for example, prices fluctuate so rapidly that on a Monday it may be profitable for a farmer to sell hogs, the price may be considerably less.

In the milk industry rapid progress has been made in giving the producer a greater share of the dollar. In this connection the Milk Control Board of Ontario has done splendid work, a fact now realized by most

people, irrespective of political leanings. Mr. Marshall, in his address before the two associations, also informed gathering that he was working out legislation for marketing of perishable farm produce in much the same way as the legislation now covering the milk industry is operating. This will be welcome news to the fruit and vegetable growers of Ontario.

The Ontario Department of Agriculture will also give full support to a 'Drink more milk' campaign short-term to be inaugurated. Success of such a campaign would help producers and distributors alike and for this reason it is an important move in the right direction.

VARNEY

(Arrived too late for last week.) The W.A. held a very successful Valentine Social on Monday evening in the hall. Contests and community singing were enjoyed, followed by lunch.

Mr. and Mrs. Jas. Leeson and daughters visited recently with Mr. and Mrs. Wm. Picken. The young people of the community enjoyed the dance held in the O.L. hall last Friday evening. The ladies of Varney and Knox met last Friday afternoon in the local church to hold a prayer service. Mrs. C. M. Leeson and Mrs. T. McAllister were leaders and conducted the program. A duet by Miss Janet Kerr and Mrs. Leeson was much enjoyed. Lunch was served.

Mr. and Mrs. George Constable of Churchill were recent visitors with Mr. and Mrs. W. G. Blyth. After the floods of last week several of the villagers are considering building an ark.

IN MEMORIAM

STOUGHTON—In tender loving memory of our dear devoted sister, Minnie, who passed away, Feb. 27, 1936. —Brothers and sisters.

PRICEVILLE AND VICINITY

PRICEVILLE

The February meeting of St. Columba W.M.S. and W.A. was held on the 17th at the home of Misses B. and E. James, and was well attended. Interesting stories about our missionaries were read by several members. Several pieces of Chinese embroidery and other curios were on display. Miss James presided throughout.

The W.A. are planning for a supper and entertainment on Mar. 17th. A good program is now being prepared. The chief supper dish will be Irish stew. The fame of this dish, as made by the ladies, has spread a-broad.

The annual congregational meeting of St. Columba United church was held on Feb. 18th. A good representation of members and adherents was present. The pastor, Rev. H. E. Wright presided and Mr. F. P. Reiley was secretary. Gratifying reports of the various organizations were presented in detail and indicated a healthy condition, all obligations having been met. A resolution of sympathy, appreciation and thanks was tendered to Mr. Wright as pastor; also to Mr. Ramage as treasurer and choir leader, and to leaders and officers of all departments. Letters of condolence to be sent to Rev. R. J. McCarten and Mrs. (Rev.) S. G. McCormick, former pastors New members on the managing board are: Walter Williamson, Gordon Kirkton, Albert O'Dell and John Ritchie. Mr. W. G. McBride was chosen to be church treasurer and Miss Mary McKinnon envelope and finance secretary. A social time followed and lunch was served.

Thirteen tables of euchre were enjoyed at the Aldeon home on Feb. 15th. Messrs G. Kirkton and J. McMeekin received prizes, while the consolation went to Miss L. Mather. This was given under the auspices of the W.I., who are having installed in Priceville school, a drinking fountain, individual cups and towels.

Mrs. Donald Campbell and Miss Margaret Simpson attended the funeral of Mrs. S. Hill in Markdale on Monday. Mrs. D. A. McIntyre of McIntyre, spent the weekend with her parents, Mr. and Mrs. Thos. Nichol. Mr. and Mrs. F. R. Oliver, Mr. and Mrs. Jim Oliver, Mrs. Jack McMeekin, Mr. and Mrs. A. L. Hincks and Mr. David Hincks and Wm. Aldcorn attended the funeral on Saturday of Mr. Geo. Black Sr. at Swinton Park.

A session meeting was held recently in the manse. Considerable business was transacted. Mrs. Sutherland was appointed Sunday School Supt. Messrs Dick Carson and Robert Stephenson attended a hockey match in Markdale last week. Mr. Dave Hincks is spending this week visiting his daughters, Mrs. S. Harrison and Mrs. Chas. Tucker. Mr. and Mrs. Bill Hill, Ferguson, visited Sunday at Mr. H. R. McLean's home.

A good attendance is expected next Sunday at church, as it will be decided whether the congregation wants a student or to call a minister. The Presbytery meets at Orangeville, on March 2nd. On Tuesday afternoon Miss Nellie McLean was hostess to the W.M.S. and W.H. society when 22 ladies were present. Mrs. Jack McMeekin the new president was in the chair. The topic was given by Miss May Stewart on the Ladies' Aid, and Mrs. Elmer Watson gave a reading. It was decided to have a coronation banquet in March: table com., Mrs. Jack Nichol Sr.; Mrs. McMeekin; Mrs. Elmer Watson; Mrs. J. A. Nichol, Miss Margaret Nichol, Mrs. Hector McLean. Mrs. Sutherland presided over the W.M.S. and gave a splendid reading. Considerable business was dealt with. A delightful lunch was served by the hostess assisted by Misses Mary McEachern and Margaret McArthur, Mrs. McMeekin and Mrs. H. R. McLean. March meeting will be held at the home of Mrs. Sutherland.

Mr. and Mrs. Art Richardson and family of Swinton Park, visited on Wednesday at Mr. Alex Carson's. Mrs. Donald McKinnon, south line, had the misfortune to fall on the ice Monday and cut her head. Dr. Milne was called and did all he could for her. She was unconscious for awhile, but at time of writing is improving. On Thursday night Mr. and Mrs. I. B. Whittaker entertained their neighbors to a progressive euchre party. Mr. and Mrs. Jack McMeekin won 1st prizes and Mr. and Mrs. J. K. McLeod the consolation prizes. A dainty lunch was served to all.

Miss Mary McKinnon returned home after visiting friends in Holstein. Mr. and Mrs. Wm. Ramage celebrated in a quiet way their 52nd wedding

anniversary at the home of their daughter Mrs. Chas. McDougall, Holstein on Saturday, Feb. 6th. Of the original attendants only 5 are left, two sisters and two brothers of the bride and best man on the occasion, Jim Renton is still hale and hearty at 87 years or more. Miss Cameron who spent the past two months with Mrs. F. McPherson and sisters, left last week for Toronto. Miss Margaret Ries who spent a few days in the parental home, returned to her duties in the General Hospital, Hamilton. Miss Shirley McIntyre, London, visited with her mother over the weekend. Mr. and Mrs. Herbert Noble and family who were home for the former's parents golden wedding anniversary, returned to their home in Toronto on Sunday. Mr. James Henderson, London, spent the first of the week in the parental home. Miss C. Pettis and Miss Wale were visitors in Hopeville the first of the week. Mr. and Mrs. Mulkay returned to Detroit on Monday having spent the past few days with Mr. and Mrs. G. A. Noble, Sr. Misses Thelma and Susie Bell, of London, were guests of Mr. and Mrs. E. Rowe over the weekend. Mr. C. Annie and Miss E. Hunt who were on duty on the public school staff owing to influenza, have returned.

Long inaction or failure to use any ability does not deprive you of the knowledge, as for example, the use of a bicycle. There are habits of mind and habits of body, and each can be trained. Of course, it is easier in youth but not impossible with age. Habits make your work smoother and easier. Habits take some of the load off your mind. The more details of your daily life that are habit, the more your higher powers are set free.

The chief point, then, becomes this: Are your habits good or bad? Do they help or hinder you? Do you get up late most mornings and have to rush your dressing, bolt your breakfast and dash to your work. If so, that is a bad habit, and one that will tend to make you suffer through accidental injury. Do you use a wrench when you should use a hammer? That is a bad habit. Do you think it saves time in the long run to get first aid for every scratch. It does, and that is, therefore, a good habit. Do you think it saves time to do your work the safe way. It does, for the safe way is the right way. Do you think it is easier to do some kinds of work than to show someone else how? Sometimes it seems easier, but it isn't helping the other fellow.

If you are an industrial worker do you use the machine safeguards provided in your plant? You should, for they will make your work easier. Do you report unsafe plant conditions to someone in authority? You should, for that is your opportunity to help the other fellow and prevent an accident. Do you do all you can to prevent accidents. If you don't, who will? Good habits of work will produce a good product, and at the same time produce very few accidents, for after all, an accident is simply a mistake. It is important to you, therefore, that you know something of the habits of those who work with you, or work for you.

If you say "What has all this to do with habit?"—the answer is "Quite a lot," because habits of mind are made by the courses of your thoughts. You can make safety a habit which will save suffering to you and others. You can learn to do your work the right way and suddenly find that the right way is the safe way, too. You can also get the habit of checking your own mental equipment—that is very important. Do you make a habit of taking a long look at yourself every now and then? It is worth while and will pay dividends to you.

Have you the habit of thinking that "accidents will happen, even in the best regulated families"? If so, you have developed a sloppy habit of thinking that might easily lead to injury, loss and misfortune. You can drive out such habits of thought by the better kind of mental attitude which recognizes accidents of all kinds as the result of bad habits such as indifference, lack of foresight, or maybe just plain inexcusable ignorance. Cultivate safety in all your habits and you will soon have the habit of safety in everything you do. And when you hear someone else trying to explain how unavoidable some accident was, say to him: "Forget the alibi, accidents are preventable."

When a young man Mr. Black became a member of Swinton Park Presbyterian Church. He was always regular in attendance while in health and consistent in its support. Mr. and Mrs. Black were successful homemakers and everyone who came along enjoyed their hospitality. He always had a little to spare for those less fortunate, and he will long be missed by the neighbors, who often sought his advice and assistance, he being skillful in the care of live stock. Especially will he be missed by the remaining few old people who went to school, church, and all social gatherings in this community for 75 years with George Black. Quiet of disposition, but firm and reliable "at all times, he could say 'yes'; he could also say 'no', and his word stood. No one ever took offence. Our sympathy is with the mourners, Mrs. Black and family.

On December 25, 1888, he married Elizabeth Haw, also of this place. To them were born two daughters: Edna Mrs. Lynn Jackson of Toronto; Mary Mrs. Robert Knox of Little Britain; and three sons: Robert of Toronto; Wilfred of Black's Beach; and George A. at home. There are 11 grandchildren and 3 great-grandchildren, and a host of nieces and nephews who all were fond of uncle George. All who possibly could were present at the funeral.

IN MEMORIAM ANGUS—In loving memory of a dear husband and father, John Angus, who passed away Feb. 21st, 1932. Time takes away the edge of grief, But memory turns back every leaf, There is a link that cannot sever, Love and remembrance last forever. —Ever remembered by wife and Jeanetta.

"Habits"

(By Industrial Accidents Prevention Association)

You have heard of habits all your life; that of biting your nails was a 'bad habit', that spending a little less than you earned was a 'good habit' and so on. You are a bundle of habits, whether you realize it or not. Your habits, in many cases, are the result of education, and in some cases are just accidents. Do you put on your right shoe first or your left? Do you know which? That phase of your daily life may be a habit or not. Do you look both ways before you step off the curb to the roadway? If you do not, get the habit quickly. Do you know what your habits are? Do you know anything of the habits of your fellow workers? Do you know that it is a habit of things to fall when they slip from your hands, or are knocked off a work bench? Are new shoes or new gloves ever quite comfortable until they get the habit of your feet or hands? You know that paper once folded, folds easier the next time. It has the habit. You know an automobile engine runs more smoothly after the first thousand or so miles, because it has worked itself in, as we say, or it has the habit.

You know that practice is necessary for good work and reasonable speed. You may not fully realize it but you are either the victim of your own and others' habits or you profit from them; losing by the bad ones and gaining from the good, every day of your life. As Charles Reade said: "Sow an act and you reap a habit. Sow a habit and you reap a character."

Long inaction or failure to use any ability does not deprive you of the knowledge, as for example, the use of a bicycle. There are habits of mind and habits of body, and each can be trained. Of course, it is easier in youth but not impossible with age. Habits make your work smoother and easier. Habits take some of the load off your mind. The more details of your daily life that are habit, the more your higher powers are set free.

The chief point, then, becomes this: Are your habits good or bad? Do they help or hinder you? Do you get up late most mornings and have to rush your dressing, bolt your breakfast and dash to your work. If so, that is a bad habit, and one that will tend to make you suffer through accidental injury. Do you use a wrench when you should use a hammer? That is a bad habit. Do you think it saves time in the long run to get first aid for every scratch. It does, and that is, therefore, a good habit. Do you think it saves time to do your work the safe way. It does, for the safe way is the right way. Do you think it is easier to do some kinds of work than to show someone else how? Sometimes it seems easier, but it isn't helping the other fellow.

If you are an industrial worker do you use the machine safeguards provided in your plant? You should, for they will make your work easier. Do you report unsafe plant conditions to someone in authority? You should, for that is your opportunity to help the other fellow and prevent an accident. Do you do all you can to prevent accidents. If you don't, who will? Good habits of work will produce a good product, and at the same time produce very few accidents, for after all, an accident is simply a mistake. It is important to you, therefore, that you know something of the habits of those who work with you, or work for you.

If you say "What has all this to do with habit?"—the answer is "Quite a lot," because habits of mind are made by the courses of your thoughts.
