a clear indication we are hurrying to a close. Some optimistic souls think reminded Mr. MacDonald "of many the House will rise about April 3rd. thrown overboard. It might be possible to finish by the 10th, working mornings and Saturdays. Rumor in With the Minister of Justice, as was the lobbies has it that the Big Chief shown by his reply in answer to

House of Commons, he flew back and stituted and carried out by the emer flying member, will soon be able such premises and hold same in Canadian airships.

Mr. Ed. Pratt has finished drilling thority to establish and operate air this country, the sit-down strike shall lines and services across Canada.

In his brief statement, Mr. Howe national schedule of air service. though air services in Canada from our cities into northern areas, mining 1936, one million people travelled in scheduled air flights to the United States, some of whom were Canadian citizens taking the quickest method of getting from one point in Canada to another. These and others have been insistent in demanding the tablishment of a direct service.

According to Mr. Howe, the corp oration contemplated by this bill to be organized as a private venture. It is not the intention of the government to own directly any stock in the corporation. The agency for organizing it is the Canadian National Railways. The C.N.R. will underwrite, in the first instance, the stock of this company and distribute it among firms at present engaged in aviation in Canada, which wish to participate. This company will fly only Don't forget the dance under the Sr III-Minerva Mercer 87%, Alex the main arteries of traffic across the country and such others as are designated by the government as be ing of national importance. It is not the intention to interfere with exist-

The deficit of the new corporation will be paid by the government for two years, during which period Mr. Howe anticipates that the personnel will be perfected and efficient services established. The cost of operation of a coast-to-coast service is estimated at about a million a year.

On second reading of the bill, Mr. Woodsworth said that if the government is called upon to subsidize shares in the company at least to (long may be reign!). Madame Casthe extent of the subsidies, or better grain, wife of the Speaker, sent quanstill, that the government should own tities of mixed spring flowers. The a majority of the stock.

While acknowledging the few jurisdiction of the provinces in this field, Mr. Lapointe stated "The doilize all the resources and agencles at its command and to the extent of districts, &c., are excellent. During its legal powers to the end of straining and eliminating this filegal mode of procedure in Canada. Another view of the same matter

was voiced editorially by the Ottawa "itizen". While acknowledging that sit-down strikes are illegal, it states "But that does not solve the problem and fortunately Michigan, centre of the sit-down movement, has a governor who recognizes this fact. Govern-, or Murphy refused to be stampeded in the General Motors strike and he has refused to be stampeded in the Chrysler Corporation strike. Had be listened to the hoehead advice of press and conference room, Michigan might easily have been turned into a shambles and the whole country split into warring capital and labor factions. Reason and restraint have to be used in such a situation and Gov. ernor Murphy used them There is little to be feared from strikes if the elemental right of collective bargaining is freely granted The outcry against the sit-down comes in the main from those who treat lightly the fundamental claim by the workers."

This is undoubtedly the view. Justice is always a weapon than force.

The Easter recess of one day was the shortest on record. But the brevity of the holiday was more than compensated for, for me, by pronounced improvement in my mother's condition, and by a very festive birthday. The member for North Grey, Mr. spiciest and pinkest I've ever had gardener, whose mother's name was The Tariff Board offers a broad Macphail-what a lucky break hint to the automobile industry by brought potted tulips and schizanthus ference in price between cars of the nature) expressed her good wishes United States.
