

VA SCOTIA: JAUNT TO WEST

I cannot go into further detail but I would suggest every loyal Canadian should secure a copy of the Royal Commission Report on the lines from the King's Printer.

Annapolis Valley, originally settled by French in 1692 is the oldest settlement north of the Gulf of St. Lawrence in the New World, pre-occupied by the Mayflower by some twenty years. When the British captured the territory these French Acadians fled from their homes and established themselves in the Valley of the "Evangeline" has immortalized this event, and the Valley is known today as the Land of the Acadians. It is a beautiful and fertile land. The well-kept lawns and flower beds are mostly frame houses. In June I came just in time to see the blossoms. In June I came just in time to see the blossoms.

Back to Ontario a week or so I will be back in the making preparations to go to the States. Needless to say I am anxious to see you from those who are reading my letters. I can write longer or shorter, what sort of an acquaintance are you most interested in? I particularly like to hear from you. Write to your editor, I'll forward it to me.

ates Cut-In Driver of Worst Hazards

June 22.—"Just plain, plain selfishness" on the part of the driver is responsible for 75 per cent of Ontario's huge annual cost of accidents, in the opinion of H. King, superintendent of the Automobile Underwriters' Association.

When motorists can show a substantial and permanent decrease in accident and death rate on our roads and highways, they will undoubtedly reap the benefit of their own efforts in lower insurance rates according to a statement made yesterday by Mr. King.

Coming to the current "Traffic" campaign of the Ontario Department, he remarked that the objective could be the means of saving tens of thousands of dollars annually which are carried in the pockets of drivers, he thought, are a heavy price for selfishness and a heavy price for selfishness and a heavy price for selfishness.

extensive efforts are necessary to eliminate the existing hazards of "one-eyed" driving headlights and to the danger presented by "sneakers" who hold up a line of cars by driving at an unduly slow pace. Such cars, Mr. King said, should be made to travel at a speed to meet the demand of traffic, or made to travel at a speed to meet the demand of traffic, or made to travel at a speed to meet the demand of traffic.

As the supper hour ended, Mr. George A. Noble, principal of Durham Public School, was toastmaster. To the King was responded to with the National Anthem; to the oldest generation, John Noble of Owen Sound; to the middle generation, James Cartwright, Hamilton; to the young folk, Miss Marjorie Noble, Durham. Mrs. Mary Bish, Waterloo, was the eldest, Gordon, Noble, little son of Mr and Mrs. Alvin Noble of Durham, the youngest, and Mrs. James McGillivray and Mr and Mrs. W. Mulchay, Detroit, who came the greatest distance. The gathering was so much enjoyed that it was decided to meet again in two years. DONKEY BASEBALL DREW BIG CROWD

Over eight hundred paid admission at Durham rink last Friday to witness the donkey baseball stunt. The donkeys, about a dozen of them, are sturdy little specimens from Colorado all named, and some of them rather fractious, especially when a batter first tried to mount. Two local teams were chosen: Ezra Schenk's "baloney slicers" vs. Cam. McLachlan's "stump pullers" and the former rode away with a 4-1 victory. Besides the two captains, other players were Bob Campbell, Ed Dickson, E. McDonald, J. F. Irwin, G. S. Kearney, Rev. M. Farr, George and Clark Lloyd, Frank Lake, W. Grierson, E. J. Bennett, S. Rowe, C. Barfoot, M. Wilson. Some received a rough ride and had spills in attempting to ride to first, but after that, it was smoother travelling around the bases. It was great amusement for the crowd, but after ten minutes of it there were no new thrills or sights. In some towns, broken or dislocated bones were suffered. The Community Club, under whose auspices it was staged, will realize some \$40 or \$50 clear.

Strike Tax Rate at Special Meet

On July 2nd Mr and Mrs Jas. Johnson, 2nd con. Egremont, were the honored guests, amid a large number of friends and relatives, at the home of their daughter, Mrs Carman Hargrave, it being the 25th anniversary of their wedding day. The evening was enjoyably spent in card playing and tripping the light fantastic. At midnight the bride and groom were seated under showers of confetti and the bride was presented with a beautiful bouquet by little Thelma Hargrave. An address was read by Mrs Ed. Lindsay after which Mrs. John Nelson and Miss Norma Ferguson unwrapped the gifts. To this Mr. Johnson replied very suitably, thanking the guests for their kindness. A sumptuous repast was served, and the beautiful brides cake, which graced the diningroom table, was cut by the bride and partaken of by their friends. Knox United Church, Owen Sound has called as pastor Rev. Allan Perry B.A., B.D. of Corbetton, former Progressive candidate in Dufferin, to succeed Rev. Gordon Domm.

DURHAM COUNCIL HEARS OF BD. OF WORKS' ACTIVITY

All members were present on Monday at July meeting of Durham Council. The tax rate is usually struck at this meeting, and Bylaws 37a and 28a were on hand for this purpose, but were held over, as High and Public school estimates had not yet been handed in. A special meeting to fix the rate will be held within a week or two. A delegation from the Ag. Society, for which sec'y W. Hayley was spokesman, asked the usual grant and free use of hall three nights. A resolution carried that the usual \$15 grant be made to Ag. Society, and the Society be given the use of the town hall Fair night and the preceding one. General accounts totalling \$646.81 and relief account: for June of \$131.05, were approved by the Finance Com. and passed. Chairman McQueen of Board of Works reported considerable street work done. A new catchbasin in front of McColl-Frontenac Service station is giving satisfaction, and much grass and weed cutting on streets has been done. Geo. Hay was engaged to survey the new sidewalks to be built. Coun. McGowan asked permission for the band to use band instruments belonging to the town, which was granted. The Community Club are to have two tables built for the Park in rear of Town Hall, at expense of town, and on request of President Willis, the Community Club were granted permission to hold a street dance in the rear future.

REV. D. GOWDY IS PARIS CH. CHOICE

At a congregational meeting last Tuesday of Paris Presbyterians, Rev. David Gowdy, pastor of Durham Presbyterian Church, was the unanimous choice for pastor, and a call will be proceeded with through the two Presbyteries concerned. Should Mr. Gowdy accept, and Presbytery approve, as is likely, he will probably begin in his new charge in September. Mr Gowdy has been over three years in the local Presbyterian pulpit and the congregation have felt that they could not hold a pastor of his talents indefinitely. Paris is a considerably larger charge, with no outside appointment.

Scadding Relates Mine Episode

Alfred Scadding, one of the two survivors of the Moose River mine cave-in in April 1936, told the story of his experiences to a Durham audience in Knox church Tuesday evening in a graphic manner. He came under Red Cross Society auspices and it is regrettable that many more were not there to hear him. Dr. David Jamieson was in the chair and introduced the speaker. Mr Scadding is a young man, but cannot walk well or stand long, since his toes were amputated as a result of gangrene setting in during his ten days entombment. He was seated during his talk, has a free conversational delivery and speaks entirely from memory. It was a thrilling story as he related how he, Dr. Robertson and Mr McGill went down the mine about 10.30 Sunday evening, listened to the mine falling in above them for a couple hours, and kept fires going for 16 hours to make smoke seep thru' to surface though it choked them, and they finally let it out. He told of McGill's pains and how they had to lie on him to hold him; of the hole, during his stay here, Mr Scadding put down the diamond drill hole, was a guest of Dr. and Mrs. Jamieson when water soup, chocolate and dil-

uted brandy were dropped down; McGill's death from fractured skull against a rock; of himself and Dr. Robertson making verbal wills thru' one-way phone; of the delays in rescue, talking to miners before it came; of the thrill he got when reaching surface and fresh air; of the celebration at Moose River, and his wonderful treatment received in hospital, and by Nova Scotians. Nova Scotia was the prettiest province, had fine people and he had gone back down into another mine at Stellarton this year, on April 23rd, and had no nervous feeling. He had lost his toes some six weeks after rescue. They were imprisoned 10 days, 2 hours in all, at a vertical depth of ninety feet. The water was steadily rising in the mine: when rescued it was 18 feet from them; another 24 hours it would have reached them, and drowning would have been inevitable. The Durham Band supplied music before the gathering, and men's choruses of the band gave two fine numbers before the talk. A hearty word of thanks, moved by Mrs. Seymour and Mrs Thompson, was tendered the speaker, musicians and church of socials. Billie Smallman of Toronto, is holidaying at present with his grandparents, Mr and Mrs Geo. Smallman.
