HYMENEAL

CALDER—MacCANNELL

A marriage of interest in this district was performed at the manse, Dundalk, on Wednesday, July 7th at 4 p.m. when Effie Lueella MacCannell, youngest daughter of Mr. and Mrs. Angus MacCannell, Swinton Park, became the bride of John Hamilton Calder, son of Mr and Mrs Alex Calder, Holstein, Rev. W. Macintosh performing the ceremony.

The bride looked charming in powder blue triple sheer embroidered gown with pink rose buds and hat and accessories in white. Following the ceremony the wedding party motored to the home of the bride's brother, Mr. Dan MacCannell where a dainty wedding supper was served to about 35 guests, the immediate friends and relatives.

In the evening a reception was held when about 200 friends of the bride and groom were present. Many beautiful and useful gifts were received. Mr and Mrs. Calder left on a honeymoon trip to Tonawanda, N.Y., Buffalo and Toronto, the bride travelling in a blue suit with white accessories. On their return they will reside on the groom's farm near Holstein.

Previous to her marriage, a shower was given the bride in Toronto, when many lovely gifts were given to her. Best wishes are extended to this young couple.

LOST— About midnight, Monday, on No. 4 highway, between Barrie and Durham, a brown cloth overcoat. Finder please notify Review Office.

Sudden Death of Mrs. James Turner

It came as a severe shock to numerous friends in Priceville locality to learn of the sudden passing on Monday of Mrs. James Turner, of Laurel, formerly of south line, Artemesia. She was busy preserving fruit, when seized with a heart attack and she expired almost instantly.

The late Mrs. Turner, whose maiden name was Alice Oliver, was a daughter of the late Mr. and Mrs. Robert Oliver. Born at Drayton 66 years ago, she moved to Artemesia Township, four miles southeast of Ceylon, with her parents when she was a child of three. She had spent practically all her life in that community, residing there until moving to Laurel with her husband and family just nine years ago.

Besides her sorrowing husband, the late Mrs. Turner leaves to mourn her passing two sons, R. J. Turner at home and Ivan Turner of Priceville, and one daughter, Margaret, Mrs. Ferguson, residing near Orangeville. The late Mrs. Turner also leaves two brothers: Joseph and Jas. residing in Artemesia Township on the old Durham road, and three sisters, Lily, Mrs Robert Dunn of Blind River; Emma, Mrs. John Bell of Nelson, B.C., and May, Mrs James Vause of Proton. Two brothers, Robert Oliver and the Hon. John Oliver, and three sisters, Maria, Mrs. Wm. Meads of Flesherton; Sarah, Mrs. Bell of Blind River, and Miss Annie Oliver, predeceased her.

The funeral was held from her late home on Wednesday afternoon. Interment was made in Greenwood Cemetery on the old Durham Road, Artemesia.

SWINTON PARK

A dull, dreary wet day and we all feel it after the warm days gone by. We, like Papa Donne when the quintuplets were born, were not prepared for it, so early in the season. However we can yet look ahead to brighter days. There is still much hay to be harvested. Fall wheat is also being cut. It looks like a breathing spell before the spring grain is ready.

On Wednesday of last week the W.M.S. and Ladies' Aid met at the home of Mrs Ed. Haw, about forty strong; Devotions, business and lunch were well attended to and a free for all chat was fully enjoyed. Arrangements were made for a quilting bee in the church room Thursday of this week. Also for a social evening on Thursday Aug. 5th in the Hall when the Ventry young people will put on their play "Brown-eyed Betty". There will also be music between acts. The young people are now enjoying an organ donated by Mrs Wm. Haw, to whom much thanks is due.

On Thursday last the Mission Band met in the afternoon. A study of Japan, Devotions and business was the program. Following the meeting the children were entertained to a lawn social at the home of Mrs Tressidder. Picnic supper, races, treasure hunt and games were enjoyed by all.

Mrs Holmes, and daughter Miss Holmes of Orillia, aunt and cousin of Mr. Tressidder, are guests at the Tressidder home this week in the Park.

Duncan McMillan, traveller for the meat packers of Toronto, is holidaying at the old home here, Mr. and Mrs. Neil McMillan's.

Wallace Kinnell of the Ford plant, Detroit, is spending his holiday with mother and brother at the Kinnell home.

Isabel J. McMillan of Mount Dennis spent the week end at the Aldcorn —McMillan home here.

Marjorie McLeod and Dorothy Tressidder enjoyed a motor trip to Orillia last week.

Neil McLeod smiles as he watches his two fine young foals at play.

Mrs Delbert Haw and Mrs Garfield Anthony helped brighten up the dreary Monday afternoon for Mr. and Mrs. Aldcorn.

The apple is king in Virginia. The other day 40,000 residents of that state celebrated with music and parades the fruit that Eve handed to Adam in Eden and which produced all our evils, so the theologians say, from the murder of Abel to our income tax.

The common apple has played a strange role in fable and legend—and even in science. Voltaire says that Newton discovered the law of gravitation by seeing an apple fall from a tree while he was loafing. This was a profitable loaf.

Then there was the 'apple of discord' among the gods and goddesses of Olympus. Because Paris gave the apple to Venus the Trojan War resulted.

There were the 'Golden Apples of the Hesperides,' guarded by a sleepless dragon. Hercules slew the dragon. This was his twelfth labor. What he did with the apples is not related. It is also said that the gods of Scandinavia retained perpetual youth by eating apples—from which, no doubt, comes the belief that "an apple a day keeps the doctor away."

A father's beloved child is called the 'apple of his eye'. There is the 'Adam's apple' in our throats. And why should anything that is just right be said to be in 'apple-pie order'? Why not 'mince pie order'? Maybe some wise inhabitant can explain these curious beliefs.

A SIGNAL LINK OF EMPIRE

Winding its epic flight from Ireland to Newfoundland, the great flying boat, the "Caledonia", was in touch with ground stations continually by radio.

Before rising from Botwood on the last leg of his journey, and all the way up the St. Lawrence to Montreal, Captain Wilcockson was in touch with St. Hubert Airport, where the very latest type Northern Electric radio transmitter is in use.

Photo shows Mooring Mast housing the transmitter. The Empire Flying Boat "Caledonia", encircling the mast as she commenced her return flight across the Atlantic. The Transmitter — note the telephone dial, indicated by arrow, for automatically "dialing" any one of ten frequencies — a recently developed feature designed especially for Airport use.

Science proves
BREAD
IS GOOD FOR
TEETH... BONES

Scientists agree that properly made Bread is good for the teeth and bones. Recent laboratory tests prove this conclusively. These tests brought out, that in children a diet high in refined wheat is by no means incompatible with excellent calcium and phosphorus retention.

Give your children plenty of the delicious, wholesome Bread we bake. Eat it yourself—for health and enjoyment. And let us take care of your other baked goods needs, too. We produce a wide variety of fine quality products, always fresh and perfectly baked.

HENDERSON'S BAKERY

pink with envy. I know green with envy is the usual phrase, but pink sounds so much better, don't you think? Besides who ever saw a person green with anything?

If I saw the car wasn't going to stop, while it was still opposite, I allowed the smile to change to a slight frown, just for revenge. In between cars, I mean of course while there were none coming—I slowly walked down the highway, and this manner of travelling moved me some five hundred yards toward my destination, which was quite good, I thought.
