MONDAY'S PAPERS!

Will your name appear in Monday's newspapers? If it does, will you be writhing with pain in the emergency ward of a hospital, will your mangled remains be resting in a funeral parlor—or will you be held by the Police on a charge of manslaughter?

If you are a motorist and value life and property, help to stop this slaughter of innocent people. The death toll from car accidents in Ontario must go down! We are justly proud of the Police of this Province—but they cannot be everywhere. Most accidents occur when a policeman is not around. Traffic violators know better than to speed, cut in or crowd other cars

Ontario Motorists will Co-operate

with a policeman in sight.

When you see a motorist driving in a manner dangerous to the public, take his number, make a careful note of the actual time and place and when you reach your destination write to the Motor Vehicles Branch, Department of Highways, Toronto, giving full details. We do not invite reports of minor infringements of the traffic laws; you are requested to use sound judgment. We will deal adequately with offenders.
