Scientists agree that properly made Bread is good for the teeth and bones. Recent laboratory tests prove this conclusively. These tests brought out, that in children a diet high in refined wheat is by no means incompatible with excellent calcium and phosphorus

Give your children plenty of the delicious, wholesome Bread we bake. Eat it yourself-for health and enjoyment. And let us take care of your other baked goods needs, too. We produce a wide variety of fine quality products, always fresh and perfectly baked.

HENDERSON'S BAKERY

YOURS

A busy plant—the hum of machinery—the steady movement of

parts toward an assembled whole finally the manufactured pro-

duct which brings profit to the manufacturer, salaries to staffs,

Throughout Ontario this steady hum of industry is increasing-

payrolls are being added to manufacturing costs are steadily rising

higher yet the cost of the driving force of Ontario industry-Hydro

quently influencing your income regardless of your occupation.

this enterprise, may take justifiable pride.

Have you ever stopped to consider what would happen if Hydro power was

suddenly cut off throughout the Province—the loss in money and inconvenience

You should, because Hydro means much to you in personal income. Low-

cost power attracts industries, with consequent employment of thousands

of workers increasing the individual buying power within the Province, conse-

The success of Hydro in the past two years in lowering power costs has been

outstanding. Its efforts to increase the prosperity of our Province by lowering

power costs still further, and extending the benefits of low-cost electricity to

those in cities, and those on farms, to commerce, to industry, to all

who may benefit by its use, is something which you, as a partner in

payrolls for the workers.

power-moves steadily downward.

you would suffer? How vital Hydro is to industry?
