Science proves

Scientists agree that properly made Bread is good for the teeth

and bones. Recent laboratory tests prove this conclusively. These

tests brought out, that in children a diet high in refined wheat is

by no means incompatible with excellent calcium and phosphorus

Give your children plenty of the delicious, wholesome Bread we

bake. Eat it yourself-for health and enjoyment. And let us take

care of your other baked goods needs, too. We produce a wide

variety of fine quality products, always fresh and perfectly baked.
