PROVINCIAL MEMBERS ARE NOW "M. P. P."

Members of the Ontario Legislature have been known as "M. L. A.'s" all along, the contraction for "Member of Legislative Assembly." Col. Fraser Hunter, the member of St. Patrick's Riding Toronto, recently sponsored a bill, to have all Provincial members designated "M. P. P." the same as Dominion members. It was not a matter of great moment, but the members themselves have declared and ruled they be called "M. P. P.'s." This we believe to be the best suffix, as it at once tells that the person is a member of the Provincial Parliament, and distinguishes them from Dominion members.

TRUE TEMPERANCE

The attempt of the liquor trade to appropriate the word "temperance" will not go down.

The word "temperance" or "temperate" includes moderate action in a great variety of applications. But if one looks at any modern dictionary he will find that the word includes abstinence, and even the movement for legal restriction of alcoholic liquors in various forms.

Apparently even in ancient days it covered much more than moderation and intelligent men frankly recognized that fact. Cicero, the Roman, who lived from 106 to 43 B. C., defined temperance in these words:

"Temperance is the unyielding control of reason over lust, and over all wrong tendencies of the mind; it means abstinence from all things not good and entirely innocent in their character."

And Xenophon, the Greek general who lived 500 B. C., says:

"Temperance means, first moderation in healthful indulgence, and secondly, abstinence from things dangerous, as the use of intoxicating wine."

The attempt to confine "temperance" to moderation is true neither to ancient thought nor to modern fact. It is just another of those half-truths resorted to by the trade to cover a very substantial lie.

CRAWFORD

Mrs. Geo. Fisher is spending a few weeks with relatives in Windsor and Detroit.

Mr. and Mrs. J. MacDougall spent Saturday with Mr. and Mrs. R. Fiddis of North Brant.

Mr. Steven Stinson of Presque Isle spent last weekend at his parental home here.

Mr. Ross Miller left to work for Mr. H. Cannon of Vesta after spending last week with friends in this community.

Mrs. Herb. Livingstone is visiting this week with Miss T. Livingstone.

Mrs. Donald McKechnie and son Lauchie of Glenora of Glenelg spent a few days last week with friends on the 5th con. Mrs. McKechnie, although, nearly 82 years old is enjoying good health and is able to do her own house work. She possesses a remarkably clear memory and relates many interesting incidents of pioneer days.

A man out in Colorado, who will be 100 years old next week, is worrying because no one will give him a job. He lost the one he had when 96 years old. A good many 60, 70, or 80 years younger wouldn't be as concerned about working and would seize the opportunity to go on the relief rolls.

A writer in the "Homemaker" department of the Globe and Mail draws attention to the fact that Dr. Russel Parker of Columbia University gives a list of some fifty women speakers of outstanding excellence, and listed fourth in the column is our own Canadian M. P., Miss Agnes Macphail. The three listed ahead of her are Mrs. Roosevelt, Dorothy Thompson, and Ruth Bryan Owen.

Noting that Miss Macphail, M. P., had passed her forty-eighth birthday the previous week, the Goderich Signal observed that "so far nobody has remarked that she is mellowing with age." We think that our esteemed contemporary is mistaken, but something depends on what one means by mellowing. In an apple it is a prelude to decay and certainly our famous lady member of parliament exhibits no signs of that, but we have heard and seen it remarked that her many years of public life have given her clearer, broader, kindlier views of at least some men and things. More of a spirit of conformity to the times in matters that do not matter very much.—Mt. Forest Confederate.

HAMPDEN

HAMPDEN W. M. S. MEETING

An interesting meeting of the W. M. S. was held at the home of Mrs. Wm. Ford last Thursday afternoon when some dozen ladies attended, with Mrs. Wm. Little as leader. Mrs. Ford read the Scripture and Mrs. Wm. Henderson gave the topic. During the meeting Mrs. Andrew Marshall sang a solo and a very enjoyable afternoon was brought to a close with prayer. A social half hour was spent among the tea cups.

Mr. and Mrs. Valentine Pfeffer recently of Kitchener have moved to their farm on the 16th recently vacated by Mr. T. G. Widmeyer.

Mr. Wm. McDonald has been indisposed early in the week. We hope he will soon be able to resume his duties.

The farmers have gone back to the land after the blizzard of last week and the weather is more spring-like.

MULOCK

Inspector Pentland made his spring visit to the local school and found the pupils progressing satisfactorily in their work. He had with him many souvenirs of his trip around the world during the winter months. He had with him many samples of wood, and articles made from wood by the natives in the South Seas, the heaviest wood being ebony which will not float on water. He also had samples of shells, preserved fruits a coral plant, large spider, centipede and a scorpion. Samples of tea leaves from Ceylon, oriental gown and pieces of solidified lava. He went to the top of one volcanic mountain and he could see the molten lava within a few feet of the top. He also visited the Dead Sea and stated it to be the lowest sea in the world.

He stated that the Jordan River which flows into the Dead Sea was the muddiest river he had ever seen. He also had a newspaper from Palestine and many interesting cards. He also had with him a boomerang, which when thrown at a bird will return if it does not strike its target.

Messrs Roy and Cliff Lawrence of Milden, Sask., visited their cousins the Porter family, Sunday leaving Monday to motor home.

GLENROADEN

P. RAMAGE

Be fair to him, too

In the discussions provoked by these articles, one point comes up so often that it deserves an article to itself . . .

"The brewers," we are told, "in their own interest should not support beverage rooms!"

The reasons given for this amazing statement are as follows:

"Dry sentiment in this province is much more concerned with what goes on in public than what goes on in private. If there were no licensed hotels," say these councillors, "you'd sell just as much, but people would drink it at home. Extremists wouldn't be scandalized. They'd switch their attack to somebody else."

In other words, the Brewing Industry is invited to secure itself to spare the feelings of a cynical minority!

In order to make things easier for itself, it is advised to deprive the poorer man of his liberty, while the rich man can still drink comfortably at home!

Worse, it is advised to drive the working-man to break the law. For that again would be the inevitable result of closing the beverage rooms!

Under no circumstances will the Brewing Industry take that kind of advice. We support the beverage room because the British nations have proven out-in-the-open control the best way!

"SPEAKING as a man who does not indulge in any alcoholic beverage, it is my considered opinion that the results in all civilized countries in which Prohibition has been tried, have altogether failed to come up to the smallest expectation of what it was expected to accomplish. Rather, it resulted in a crop of bootleggers, hijackers, and enormous quantities of poisonous liquors, which caused the death of thousands. It not only caused a thorough disrespect for the Prohibition law but attacked the very foundation of our British system of respect for law and order."

—Geo. BENNETT, Mayor of Port Hope
