money back. Klik, \$1 per package,  
postpaid—\$1, anywhere in Canada  
A. Adams, Fort Langley, B.C. Refer-  
ences Royal Bank.

## China Has Often Fought The Japs

**Kublai Khan Once Led an Expe-  
dition Against Japan**

Chinese relations with Japan began  
in 779 A.D. when the peaceful Sung  
dynasty was in power in China. Re-  
lations were of the friendliest, and  
all the Oriental blemishments of  
humility and extravagant courtesy  
went into the exchanges of diplomatic  
correspondence between the two na-  
tion.

**Dynasty Overthrown**  
In the twelfth century, however,  
the Sung dynasty was overthrown by  
the war-loving Tartars and soon China  
had changed from a peaceful nation  
to a warlike nation. The famous Mon-  
gol warriors and emperors, Kublai  
Khan, looking for new lands to con-  
quer, spied the islands strung along  
the Chinese coast. These islands, al-  
though volcanic and often shaken by  
tidal waves and earthquakes, were re-  
ported to be rich in rice and food-  
stuffs. Kublai Khan sent an expedi-  
tion of 10,000 men against Japan.

Accustomed to easy success when  
the very name of Kublai Khan was  
enough to induce wild terror, the  
Chinese forces met unexpectedly stub-  
born resistance and returned home in  
somehow disgraced defeat. In 1279  
Kublai Khan sent an ultimatum borne  
by nine envoys. All nine were de-  
capitated by the Japanese, who had  
already begun mobilization to meet  
the invader.

Kublai Khan proceeded to call out  
his mighty military machine, and  
prepared to embark on a voyage de-  
signed to teach the Japanese "up-  
starts" a proper respect for Chinese  
might.

The Japanese, fighting guerrilla  
warfare, and finally aided by a mighty  
typhoon which swept the huge but un-  
controllable Chinese vessels on to  
"anese reefs, won a great victory.

**Again in 1894**  
It was the last time there was con-  
siderable communication between the  
two countries for many years. Then  
relations were re-established, and all  
was good-feeling and friendship . . .  
until 1894 when Japan, having under-  
taken the study of western civilized  
methods, and western military meth-  
ods, launched a smartly trained mili-  
tary force against a decadent and  
paralyzed China to inflict a stunning  
defeat upon the mainlanders, most of  
the fighting taking place in Chinese  
territory.

**Have You Heard**

Every church contains two kinds of  
people: (1) Those who run things;  
(2) Those who haven't the nerve to  
speak up.

Huband—"You say you can tell  
your wife wants money when she  
pouts?"  
Friend — "Yes—by the way she  
purges up her lips."

A husband can stand an occasional  
tongue-lashing from his wife—and ex-  
pects it—but he is exceedingly tender  
on the subject of stock market op-  
erations, and every humane woman  
with a grain of feeling ought to know  
it by this time.

**A Mother's Complaint**  
Hours of working, cooking meals,  
Hours of mending stockings, hours  
of reading story books,  
Hours of teaching manners, looks;  
Hours of patience, hours of hope,  
Hours with youthful minds to cope—  
How I'd love to be alone  
And have one hour all my own!

Smith—"We lost half our kitchen  
equipment when our country home  
burned."  
Jones—"Which was it, the can-  
opener or the corkscrew?"

**READ IT OR NOT: Ben Johnson,**  
English writer, was buried in an up-  
right position in Westminster Abbey.

Sweet Young Thing (coming in with  
attentive partner from a room where  
a bridge game has been in progress)  
—"Oh, Mother dear, I've just captured  
the booty."  
Mother—"Well, well! Come here  
and kiss me, both of you."

What can't be diagrammed on a  
table cloth can't be explained — by  
some people.

Important Customer—"I want two  
strictly fresh eggs, poached medium  
soft, on buttered toast, not too brown,  
coffee with no sugar and plenty of  
pasteurized guernsey cream in it, and  
two doughnuts that aren't all holes."  
Waitress — "Yes, sir! Would you  
like to order any special design on  
the dishes?"

Here's One . . . or You to Try  
Take your age—  
Multiply by 2  
Add 5  
Multiply by 50  
Add the loose change in your pocket  
under a dollar  
Subtract 365  
Add 115—  
And the first two figures in the an-  
swer are your age and the last two  
are the change in your pocket.

How do you know the man is a  
failure? Even a yes-man hasn't failed  
if that is what he is trying to be.

The fellow who uses rubber soles  
to sneak up on opportunity seldom  
puts it to good use.

used motorcycles. Terms arranged.

**AGONIZING ECZEMA ITCH**  
Stopped on Second Day

\* Mrs. X of Campbellton, N.B., writes:  
"I cannot tell you how much suffering it  
caused. . . I tried Bel-  
Zema . . . the second  
day no itch. . . inside  
a week every sign of  
eczema was gone."

Bel-Zema is an entirely new idea in a  
treatment for eczema and kindred skin  
disorders. It is easily applied. Itchiness  
is relieved immediately. In most cases  
scald disappears in a few days.

Bel-Zema is non-greasy—has a pleas-  
ant odour—dries quickly—does not  
stain or discolour clothing or bed linen  
—washes off easily with warm or cold  
water—Is soothing and non-irritating  
even in extreme cases.

Eczema, Pruritus, Dermatitis, Pruritus Ani  
Issue No. 19—'38

## Three Noted Bands Coming To C. N. E.

**Guy Lombardo, Benny Goodman  
And Tommy Dorsey Will Bring  
Their Orchestras This Year.**

Devotees of the dance and admirers  
of the "big name" bands of stage,  
screen and radio again will be catered  
to by the Canadian National Exhibi-  
tion management this year. The  
world's largest outdoor dance floor  
will be constructed on the west plaza  
immediately west of the Electrical and  
Engineering Building. It will be en-  
closed and covered with decorative  
canvas walls and canopy.

General Manager Elwood A. Hughes,  
en route to Europe to engage at-  
tractions for this year's Exhibition,  
spent several days in New York ar-  
ranging for the appearance here this  
year of three of the outstanding bands  
of the day, Guy Lombardo's Royal  
Canadians, Benny Goodman's and  
Tommy Dorsey's. The Ball Room in  
which famous bands and orchestras  
have appeared for several years will  
be devoted to the purposes of the  
British Government for an exhibit  
symbolizing Empire transportation and  
communication.

Three bands which have appeared  
at the Exhibition include those of  
Rudy Vallee, Horace Heidt, Duke Ell-  
ington, the Lyman and Guy Lum-  
bardeo. The Royal Artillery Band of  
England with a strength of seventy-  
five musicians, will appear after-  
noon and evening in the band shell through-  
out the Exhibition. This organization  
is a combat military band and  
symphony orchestra.

Two bands which have appeared  
at the Exhibition include those of

ington, the Lyman and Guy Lum-  
bardeo. The Royal Artillery Band of  
England with a strength of seventy-  
five musicians, will appear after-  
noon and evening in the band shell through-  
out the Exhibition. This organization  
is a combat military band and  
symphony orchestra.

**Diamond Drill Results**  
From Rand Malartic

A copy of wire received from Jas. A.  
Mine, reads as follows: "Rand Malar-  
tic hole thirty nine in addition to ten  
foot section reported previously assay-  
ing twenty-seven dollars excluding one  
stop. Erickson reports average assay  
value of seven dollars fifty one cents  
excluding high grade over forty seven  
and half feet from footage two hun-  
dred thirty eight and half to footage  
two hundred eighty six. Stop. Also for-  
five feet from footage three hun-  
dred twenty three assays eleven dol-  
lars fifty five cents. Stop. Drill hole  
forty going down fifty feet west of  
thirty nine and has excellent possibili-  
ties."

**Two New Countries**  
Will Display Here

Norway and The Netherlands  
Are Entering Exhibits at  
The 1938 C.N.E.

Norway and The Netherlands have  
joined the ranks of foreign countries  
to be represented in the International  
Exhibition at the Canadian National  
Exhibition this year. Albert Nordhel-  
m, Consul-General of The Nether-  
lands for Ontario, has been notified by  
his government at Amsterdam that  
an exhibit is being assembled for  
shipment to Toronto.

Carl J. Printz, Royal Vice-Consul  
of Norway for Ontario, has advised  
Exhibition authorities that his govern-  
ment has asked him to open negotia-  
tions looking to representation this  
year. The Exhibition management  
has assured the government of Nor-  
way that its display and representa-  
tives will be accorded generous treat-  
ment.

To date the foreign countries in-  
terested in the development of trade  
in Canada on a reciprocal basis and  
that will be represented at the Exhi-  
bition this year are Finland, The Neth-  
erlands, Poland, Czechoslovakia, Nor-  
way and Germany.

Jan Pawlica, Consul-General for  
Poland in Canada, has been notified  
by the State Export Institute in War-  
saw that a shipment of fifteen tons  
of exhibit material will be sent to  
Toronto for the Exhibition.

**Flu Preventative**  
Works With Mice

A new medicine that prevents flu  
in mice was reported to the Ameri-  
can Chemical Society last month. It  
has not been tested on humans, but  
the prospect is favorable. The medi-  
cine is made from sulfanilamide, the  
sensational new drug made from a  
red dye which has cured blood dis-  
orders and helped to kill many dif-  
ferent germ infections in man.

**... Gardening Notes ...**

Climbing plants or vines play an  
important part in any scheme of land-  
scape gardening, adding a finishing  
touch to wall, fence or verandah that  
is not possible by any other means.  
There is a mistaken idea that such  
plants may be harmful to brick or  
stone-work. Aside from the fact that  
climbers add a little trouble to the  
job of painting the wood-work around  
the doors and windows, authorities  
claim that there are no harmful effects  
whatever but, on the other hand, there  
are several substantial advantages.

A house with the walls well screen-  
ed is much cooler in the hot weather  
for the simple reason that sun does  
not reach heat absorbing brick or  
stone. As for verandahs, the advan-  
tage in shade, coolness and privacy of  
such natural screens is too obvious  
to need detailed explanation.

There are many types of both quick-  
growing annuals or perennials, among  
them ones hardly enough for most sec-  
tions of this province.

**Productive Vegetables**  
The gardener with only a little land  
to spare should concentrate on those  
vegetables which give the biggest re-  
turns for the smallest space occupied.  
Among such kinds are beans, carrots,  
onions, lettuce, swiss chard, spinach,  
cucumbers and beets. In the lesser-  
known vegetables are: leeks, egg and  
pepper plants, broad beans and cos let-  
tuce. These can all be grown in most  
districts. Experts advise the inclusion  
of something new in the vegetable  
line each year so that variety will be  
gradually widened.

**Filling In**  
It is a good plan to use started an-  
nual flower plants for planting among  
tulips and other spring flowering bulbs  
which will be past their best in a few  
more weeks. They need something to  
fill in.
