CIVIC HOLIDAY OR ANY DAY "DON'T DO IT"

Never pass around a car at the top of a hill. A car may be coming over the crest of the hill against you. Just observe when you are out driving how often you could have been trapped by the car coming over the other side of the hill.

Trying to pass a car near or at the crest of the hill is suicidal. You may be exasperated, following a slow truck up an incline. You may feel you can get around that truck safely, but the danger of a car coming from the opposite direction is enormous. Consider also that since this car might be running at top speed and possibly running downgrade, it would be that much harder to stop.

Next to reckless speed, passing cars

at the crest of a hill is the most dangerous mistake a motorist can make.

DON'T DO IT

Centrifugal force tends to pull the car on the outside of a curve off the road and tends to pull the car on the inside of a curve into the centre of the road. In order to avoid accidents, slow down on all curves.

Records show that one out of every 12 fatal motor accidents last year occurred on highway curves.

Never coast around a curve. Keep your car in gear—it gives you better control.

Do your braking before you hit the curve. Throwing on brakes while on a curve is likely to cause skidding.

HIGHLAND LAMENT PLAYED AT NEIL CAMERON'S BIER

An unusual procedure, but very appropriate in this special case, was the use of the bagpipes in the funeral last week of the late Neil Cameron of Armesia. Neil Cameron's forbears were highland of the highland, and he was born and brought up on the skirts of the pipes. No wonder he loved them.

He inherited his grandfather's bagpipes three hundred years old and played at the Battle of Waterloo. His knowledge of the pipes Mr. Cameron passed on to his children, as well as to Grant Muir of Ceylon, (grandson of the late Alexander Muir and C. L. Grant of Durham) who has also inherited the love of the bagpipes, though but 17 years of age. Thus it was most fitting that "Lord Lovat's Lament" should be the requiem that was played on deceased's pipes by his pupil at his funeral.

ONTARIO FARM MOVEMENT 25 YEARS OLD

H. H. Hannam, a former Swinton Park boy, and now Managing Editor of "The Rural Co-Operator", writes in its last issue that "The Ontario Farm Movement" is in its 25th year. He goes on to say that by next spring, "a quarter century of life and activity can be recorded as past history. With a few ideals at one end and thriving co-operative business running into a ten million dollar turnover at the other end, volumes of drama of the grandest sort are crowded in between. No government grant, bonus or assistance of any kind, nursed the movement along. Its story is the story of a hard working, freedom-loving, self-reliant, neighborly group of rural folk holding firm to a vision of a new order of things and winning out over every difficulty encountered along the way. They don't claim that they have reached the "promised land," but they do realize that they have experienced the satisfaction of seeing their ideals take practical form in sound co-operative enterprises. And the measure of success which they have achieved on the frontiers of a new order convinces them that the co-operative movement has vaster possibilities than the average citizen has yet dreamed of."

CORPS REUNION IN TORONTO

This week sees the get-together in Toronto at Exhibition Park, of many of the various corps that made up the Canadian contingents overseas. It will be a time of reminiscing and "Do you remember" among the boys, as well as a jovial jamboree. And we hope the term "jamboree" does not descend to a rowdy brawl, as is often the case when good fellows get together.

SAYS WASAGA CAN'T ENFORCE SPEED LAW

Wasaga's seven-mile stretch of hard packed sand, often a temptation to speeding motorists, has a 30-mile-an-hour speed limit that cannot legally be enforced, Reve Joseph Spicer of Sunnidale township said yesterday. Although motorists have been summoned for exceeding this mark recently suggested by Sunnidale township council, governing the main street business section of the beach, and signs along the route proclaim the 30-mile deadline, the suggestion has not received the official sanction of the Highway Department, the revee asserted.

The night of Wasaga Beach police officers to enforce the limit was first questioned by Magistrate Crompton Jeffs in a recent sitting of Collingwood police court.

CLIFFORD 17, DURHAM 7

Durham's last hopes of any play-off berth in the Saugeen Baseball League went glimmering Monday night, when Clifford won a 9 inning contest, 17 to 7. Fanny Moses started in the box for Durham, and when the visitors started to hit his offerings freely, was replaced by Knisley in the 6th, with the score 7-7. Knisley wasn't as effective as usual, while the locals showed some erratic fielding behind him, with the result that Clifford pounded out 8 runs in final inning to make their victory certain.

Four Schools Closed in One Tp.

Four of the eleven schools in the township of East Garafraxa, Dufferin Co., will be closed this fall owing to scarcity of pupils. The township contains 40,000 acres of the best land in the province but there only 110 children of public school age in the township.

SPORTS

All Four Teams in Play-offs

A newly announced Tri-County League ruling is that all four teams in Group 1 as well as those in Group 2, will enter the play-offs. Harriston is sure to finish first, not yet having lost a game, though Durham will strive to topple them here on Friday night, in last district game. Hanover or Lady Greys of Owen Sound will be second and third, and Durham is in 4th place. With all teams contesting, Durham still has an equal chance of winning the group, and in their present form, the girls will give any opponent a real battle.

Durham Scored Lone Run in Girls Game with Hanover

Did you ever hear of it before? Only 1 run scored in an entire game of girls' softball! Well, it happened in Durham Monday night, when Durham girls scored the million-dollar run against Hanover in a Tri-County League clash, and scored their first shut-out as well. It was the best-played girls' game ever witnessed here with the pitchers in control, snappy fielding and some brilliant catches.

Durham's pitcher, Jean Rowe Cassidy, twirled the best game of her career, limiting the hard-hitting Hanover crew to 1 hit, and permitting only three of them to reach first base,—one on this hit, one on a walk, and on an error. Durham made 7 hits—6 singles, and a three-bagger by Eva Haskell, who scored Durham's lone run on the throw-in. Haskell fielded sharply at third as well, thus she and Cassidy were the stars in an all-star performance. Middleton also helped to save the day with a brilliant catch in left in final frame.

Lady Greys 14, Durham 13

In the greatest slug-fest of the season, in Owen Sound last Thursday, Lady Greys of that city won out over Durham 14 to 13. There was plenty of excitement, as the score was always close and hits were also plenty. Durham counted 21, to 12 for the Greys, still couldn't win. Lack of enough timely hits best Durham, as 12 baserunners were left stranded, to 5 for the Greys. Glenholme for Durham pitched her best game this year. Ivy Wilson, Owen Sound, had four hits including 2 home runs. Marj Middleton led Durham's heavy artillery with a home run and triple; Jean Murdoch had 4 singles, M. House and A. Becker each 3 hits.

WOODBIDGE WON IN LACROSSE

The Owen Sound-Durham combines lost another Senior B. game here Monday night, when the smooth working Woodbridge team pulled out an easy 13-5 victory. It was a decidedly "off night" for the local boys, who could not make their plays click, or do anything right. Owen Sound-Durham, however, still has a good chance to retain fourth place in the group and enter the playoffs, as Mount Hamilton Club is in the cellar.

VICKERS

Mr. and Mrs. Geo. McCulloch and two children of Toronto were week end guests at the home of the former's parents, Mr. and Mrs. Wm. McCulloch.

Mr. and Mrs. Geo. Mighon and family of Otterville visited over the week end with the former's parents, Mr. and Mrs. Geo. Mighon.

Master Hubert Hay of Durham, spent a day last week with Mr. and Mrs. Harry Reay and family.

The play "Mother Mine" put on by the Mulock Baptist young people, under the auspices of the U.F.W.O., was well given Friday evening but owing to the busy time, the attendance was not so large. Mrs. Paul Schmidt held the lucky ticket for the chair which was drawn during the evening. A bounteous lunch was served at the close.

On Sunday evening last a Hanover car rolled over into the ditch in front of Mr. Wm. McCulloch's farm, but luckily no one was injured. It is high time there was a fence erected there, as there is quite a ditch. We believe glaring headlights were the cause, the car having driven too close to that side of the road.

ROCKY SAUGEEN

The harvest is coming in very quickly. Some of the farmers have the wheat cut and in the barn.

Walking with the traffic on the Highway

THIS MUST STOP!

If there is no sidewalk or path and you must walk on the Highway, walk toward the traffic, not with it! When you walk toward oncoming traffic, you can watch every car as it approaches, and the driver can see you. Don't risk your life needlessly, especially at night. Walk on the left side, and keep close to the edge of the road.

Summer Comes to St. Andrews-by-the-Sea

One of Canada's most popular summer resorts is St. Andrews-by-the-Sea in New Brunswick, beautifully situated on the Bay of Fundy west of Saint John and possessing a commanding view of Passamaquoddy Bay. Hundreds of Canadian, English and American vacationists visit there each year to enjoy golf on the two splendid courses, fishing, ocean bathing, and other attractive holiday pastimes.

The golf course of championship 18-hole length, bordering the sea amid delightful scenery is in the best of condition for a heavy programme of competitions. The other course is but nine holes in length but the sporty lay-out makes it popular among golfers. The four championship tennis courts are in good condition for the use of visitors.

Summer life at the Algonquin Hotel which is open from June 30 to September 6, consists of out-door pastimes with excellent facilities and an equable and temperate climate. From breakfast to dinner the visitor is busy with golf clubs and tennis racquets, fishing and automobiles. But perhaps the most popular place of all is the famous Katy's Cove bathing beach, just a pleasant walk along a tree-shaded path from the Algonquin Hotel. The cove is a sandy beach ideal for the frolics of sun-worshippers, and the warm salt water affords exhilarating swimming.

Exciting fishing is found within 20 miles of the hotel for speckled trout, bass, and land-locked salmon. This is the result of an intensive restocking programme. Yachting, salmon fishing in season, and deep-sea fishing are additional pleasures for which St. Andrews-by-the-Sea is famous.

Evenings are spent in pleasant diversion in the lounge or on the Casino dance floor. Picture shows regularly and gay parties help make the summer pass pleasantly.
