London and Durham Cars Collide in Hanover

If two London youths, Frank Fenner and Arthur Russmore, who were spending the weekend in Hanover had left for home when they first intended they would have escaped the motor crash in which they were involved a little while later. The two youths intended leaving for home about 8.00 o'clock Sunday evening but it being such a fine night they decided to remain a little longer in Hanover. Shortly before nine o'clock they were coming into Hanover from Walkerton road, and at the corner of Main and Queen streets, another car driven by James Braithwaite of Durham crashed into their car, and injury to some of the occupants.

Braithwaite is said to have been attempting to make the turn southward onto Queen St and apparently failed to see the London car coming to meet him from the west and turned right into the front of the approaching car. One of the young ladies had her glasses smashed and was cut about the face while the other was badly shaken up, also young Russmore received a wrenched knee.

The big London car had to be towed to a garage as it was more severely damaged than the lighter one that crashed into it.

Chief Meyers investigated and it is probable there will be a court case arising out of the crash.

A move to encourage erection of buildings within the town limits is seen in a by-law passed unanimously by Collingwood municipal council Monday night, which makes all newly erected buildings exempt from taxes for one year.

Shoots Big Owl Near Annan. While hunting jack rabbits near Annan on Wednesday, Mr Clifford Bunt of Owen Sound, shot a huge great horned owl. The bird had a wing-spread of four feet three inches. Mr Bunt mistook the owl for a hawk when he first saw it. This species of owl is said to be very destructive to poultry and farmers in the Annan district will be delighted to hear of its fate.

Our school teacher, Miss Kathleen Smith, although a good player, took a trimming. Teaching school might be a snap, but when it comes to crokinole, that's different. Inspector Explains Township Area

The following letter, which has been forwarded to all rural school secretaries in South Grey, explains benefits of the Township Area plan:

Hanover, Ontario, December 10th, 1938. To the Secretaries, Ladies and Gentlemen:

During the term just closing I have tried hard to meet the trustees and as many of the ratepayers as possible in order to explain the Township Area idea. However in some cases, I have not been able to do so, hence this circular is sent for your information. Please have it read at your annual meeting on the 28th.

The Township Area may consist of two or more sections joined into one, with five trustees for the area, but an entire Township, or groups of sections in two or more Townships, is not too large.

In England, for instance, the average rural area includes a population of about 150,000, and in Scotland and Ireland about 160,000, and in those countries the scheme is said to be so popular that under no condition would the people revert to the old individual section scheme.

In case each of the six Townships of South Grey formed an area, to include all sections, the grants would increase by \$8,000, which is \$100 for every section going into a union, and as the total Legislative grant for 1938 was \$11,760, it is easily seen that the increase would be nearly 70 per cent.

The increase to each Township would be as follows: Artemesia, \$1500; Bentinck, \$1300; Egremont, \$1500; Glenelg, \$900; Normandy, \$1500; Proton, \$1300, a total of \$8,000. And this comes every year.

Furthermore if buses could be put on the roads to bring boys and girls who have passed the entrance to the most convenient High School to be taught, the Department would pay 60 per cent of the cost and this extra \$8,000 would more than pay the 40 per cent of the cost for which section would be responsible.

You will note, however, that to earn the extra \$100 it is not necessary to put a bus on the roads. The only condition on getting this money is to join into a Township Area. The bus idea could come later when the newly appointed trustees, five for each area, assume their duties.

It is hoped that the annual meetings on the 28th will be largely attended and that each section will express an opinion on the matter so that if favourable, the Township councils may, if they see fit, pass the necessary by-law.

Very truly, Geo. E. Pentland, I. P. S.

DURHAM INSTITUTE ENTERTAINS SUNNYVIEW

Meeting at the home of Mrs Geo. Sharpe on George St., last Thursday Durham Women's Institute had the members of Sunnyview Branch as their guests, Miss A. Renwick, the president of the Durham Branch, presiding. Over seventy were present. It was decided that Christmas baskets be sent out this year. All the members to contribute, and have donations in before Dec. 22nd, when a committee of eight will pack these baskets of Christmas cheer at the home of Mrs J. S. McIlraith. When the members answered the roll, they made their donation to the Children's Shelter with a child's gift in Christmas wrappings. Mrs G. Sharp and Mrs J. Sharp will look after the packing of the gifts.

Milk will be supplied to undernourished children in the Public School during the winter. Mrs J. Mather and Mrs J. F. Giles were appointed a committee to arrange the supply.

McDonald told the story of an old-fashioned Christmas dinner, and Mrs J. Petty had the topic, a racy review of Christmas and New Year customs. Christmas carols were heartily sung by both Institutes, and Misses Margaret Derby and Vera Lauder gave a pretty folk dance.

The hostess and attendants served a splendid lunch, and a social hour followed.

BEER WAREHOUSE TO OPEN IN HANOVER

Changes are being made in the Henning block, Hanover, and a brewery warehouse is being established in the west part of the building, with Henning's retaining the corner building.

It is reported that the authorities are also considering opening a liquor store in Hanover as a branch of the Walkerton Store, but there has been nothing definite done in this regard.

Hanover has always been a "wet town" to the extent that local option was never in force there, and when the Ontario Temperance Act was abandoned, and beer privileges restored to hotels, authorities were granted to three hotels.

At the present time, people desiring beer or liquor from Hanover and the surrounding district have had to go to Walkerton for the "wet goods", and this applies to the territory north, south and east of Hanover.

These people will now be able to get beer and wine in Hanover with the store to be opened very shortly.

A masked bandit entered Karstedt's store, Priceville, 6.10 last Saturday night, and appropriated, his wife and his daughter, Jane with a revolver, the cash register, and the excuse "I've got to eat."

That time the store was sold of customers, and when leaving the store for supper, ed, with the other hand this scooped up the bills and the front of cash drawer amount \$5.01, when he quickly ducked out the door.
