**BUSINESS PROMISES TO BE
GOOD IN 1939**
With Christmas passed into history,
the mind naturally turns to the
coming year and speculates on
what is likely to happen. And, ac-
cording Canadian Business, a mag-
azine usually well informed, the
prospect for 1939 is bright. "On the
whole," it says, "1939 promises to be
a year of larger business volumes."
If crops are normal and there is not
too much international disturbance,
it expects that Canada's business
index should pass the 100 mark a
gain against an average for this year
of 90.

"In Canada," says the magazine,
"there are no excessive inventories
in the hands of manufacturers or re-
tailers and consumers are not sat-
isfied with goods. Instalment sales have
not been extensive. There are sub-
stantial consumer needs still to be
satisfied. There is also notable evi-
dence that buying is spreading to re-
placeable goods. Automobile produc-
tion schedules have been speeded
up and the capital goods industries
are viewing the stimulating expan-
sion in building contracts with in-
terest verging on enthusiasm."

There are a couple of "ifs" in the
forecast—if crops are normal and if
there is not too much international
disturbance—which makes it more
of an expression of opinion based on
past experience than a positive
statement of what will be; but on
the whole it is encouraging. As to
the crops, only the harvest and the
state of the food markets can de-
cide; the international situation
must depend on the temper of what
are at present the disturbing ele-
ments but we can be sufficiently
optimistic to expect that 1939 will
show an improvement over 1938—
which has not been a bad year.

ROAD FACTS

In 1793 an Act of Parliament re-
quired every adult male in Upper
Canada not on the assessment roll
to work three days on the roads.

Prehistoric tracks made by game
and stamped out by generations of
traffic were the main roads in Africa
until modern engineering was em-
ployed.

In America the buffalo is credited
with having blazed the way for many
of the main roads and railways across
the continent.

The name road is a variant of
raid and is used in the Bible in
that sense, referring to a massacre.
In early classical times safety of
travellers by highway provided by
religious sentiment along roads
designated by the church as
"sacred."

Prehistoric long distance roads
for trading purposes across West
Central Europe date back to 2000
B. C.

At the dawn of written history
the longest roads in existence had
been built by silk traders and con-
nected Persia with the Aegean Sea to
the West and China in the Far East.

The macadamized road of today
was developed by John Loudon
cadam, a Scotsman, more than
one hundred years ago.

In the year 1927-28 Great Britain
spent \$300,000,000 on roads or more
than half as much as Ontario's en-
tire investment in its highway
system.

Wonder what Premier M. Hep-
burn will be telling the people of
Australia, about Canada's govern-
mental frame-up? "Mito" is paying
his own way "down under".

Toronto headline in evening daily
paper, "Mothers Combine Forces to
Entertain Daughters." Sounds rather
warlike. Anyway we thought in this
modern age, the daughters entertain-
ed the mothers.

There may be some doubt as to
Grey's County's standing in the
"Festival of the Roses," but she
holds the silver cup when "Our
Lady of the Snows" makes her ap-
pearance.

When the Dominion parliament
convenes on the 9th of this month,
the Conservative leader, Hon. Dr.
Manton will have but 38 followers
behind him in the House. But 38
men if they are alive to their job
can make a good opposition.

**A FACT A WEEK
ABOUT CANADA**
BEAUSELOILL
There is a beautiful story con-
cerning Beausoleil Island in the

Georgia Bay, a rare place only a
comparatively few people have vis-
ited in person but many of us have
seen only in our dreams. It is the
largest of the Georgian Bay Islands
National Park and is about 2,700
acres in extent, more than four
square miles.

In connection with Beausoleil Is-
land and the region as a whole
there are many interesting legends,
one of which concerns an Indian
Windigo or medicine man by the
name of Kitchikewana who as a re-
sult of internal strife in the tribe
left the Algonquins and wandered
south to Georgian Bay where he as-
sociated himself with the Beaver
Indians. This tribe was in great dis-
tress owing to lack of food and tak-
ing pity on them Kitchikewana de-
cided to make suitable waterways
from which they might procure an
adequate supply of fish. With his
great strength he scooped out the
Great Lakes system. While in the
process of excavating Lake Huron
and Georgian Bay, huge boulders
which impeded his work were to-
sed by him toward mainland. Some
of these boulders falling short
splashed into the water, thus creat-
ing the famous Thousand Islands.

During his labors in the construc-
tion of this great waterway Kitchi-
kewana is supposed to have made
Beausoleil Island in order that he
might have a place to rest, and the
imaginative visitor may see depres-
sions where his shoulders blades
and hips rested while he lay down to
sleep. Legend further relates that
when Kitchikewana fell ill and later
died, the Indians not knowing how to
bury such a huge body towed it to
another island close by, where they
heaped dirt up over it instead of dig-
ging a grave. This is supposed to ac-
count for the curious elevation of
land some 150 feet high near Beau-
ssoleil Island, which is known as the
Giant's Tomb.

HAMPDEN

Christmas visitors were marooned
for a few extra days last week
but with the storm abating they
made a get a way out of this part
where the beautiful is still falling
and the wind doesn't forget to blow.

The annual school meeting took
place Wednesday when a few of
the ratepayers ventured out. Mr.
Wm. Fritz was re-elected trustee to-
gether with Mr A. Marshall and Mr
Milton Schenk. The wood contract
went to Mr John Becker at \$2.54
for hardwood. The caretaking to
Mr Isadore Fidler and Mr Noah
Schenk has the cleaning. Mr L.
Davis was appointed a delegate to
attend the ratepayers' and Trustees'
Convention with Mr N. Schenk as
substitute. The school is to be re-
novated during the summer holidays.
Messrs Geo. Ball and Bert Byers
were auditors for 1938.

Miss Velma Davis entertained a
few of the young people at her home
New Year's Eve. A merry time
was enjoyed playing games, contests
and singing carols as the Old Year
gave away to the New. A dainty
lunch was served by the hostess
before the youth and beauty left
for their respective homes.

The Y. P. U. met last Wednes-
day evening when some fifteen ven-
tured out and Mr Hudson Byers as
vice pres. led the meeting. Miss
Beth Byers read a splendid paper
on the "Fourth Commandment." Fol-
lowing the recreation period under
the direction of Mr T. Fulton, the
ladies treated the group to deli-
cious home made candy. The young
people are enjoying the use of a travelling
library these winter months. The next
meeting is dated for the 11th of
January.

Mr Hudson Byers left Monday for
the Niagara district to assist his
uncle, Mr William Crowther with
his fruit farm the coming season.

The new year was very quietly
spent in this part. No church ser-
vice and an abundance of snow
kept most people at their own fire-
side.

(Too late for last week.)

The daily snowfall has given the
holiday season the real atmospheric
appearance for a Merry Christmas
and the jingle of bells.

Mr and Mrs Thos. Hancock of To-
ronto and Miss Margaret Watson
of Fergus were holiday guests at
"The Maples."

Mr Wilfred Crowther and sister
Miss Dora of Niagara-on-the-Lake
spent a few days in this locality
among friends recently.

Mr Stewart Kayser of Galt, Water-
loo Co. is a visitor with the Byers
family at "Bonnie View."

Mr Anderson Byers returned to
his home here after spending the
past year with friends in the fruit
district.

Miss Mary Ford of Holstein is
spending the holiday at her home
here.

Mr Wm. MacDonald has gone to
Teeswater to be with his parents
during holidays.

Family gatherings were quite
plentiful at Christmas tide in this
vicinity.

Mrs N. Boddy and daughter, Isa-
belle of Dobbinston were home over
the weekend holiday.

The annual Christmas concert was
quite as successful as former years
despite the inclemency of the weath-
er. The school was well filled to
hear a lengthy program with Mr.
Noah Schenk as chairman. The
children with drills, duets and solos
and dialogues did their parts well.
A credit to the teacher. The young
people of the section did a three
act play, "Nora Nobody," local talent
furnished musical numbers between
acts. Altogether it was a most en-
joyable evening. Lunch was served
and Santa Claus distributed the
gifts from a well laden tree.

Some of the local sports attended
the concerts at the different schools
and report a good time all round.

"A prosperous New Year to all!"

VICKERS

In spite of the stormy weather
and blocked roads the school meet-
ing was held on Wednesday of last
week with a small attendance. Rex

their daughter, Mr and Mrs Willard
MacDonald of Hepworth.

Alex. Knisley and family of Dunce-

his home here over the holiday.

iday at the home of her parents, Mr
and Mrs A. C. MacDonald.

Mr. Gerald Brunt, High School
teacher at Bradford, was the past
week at the home of his parents, Mr
and Mrs James Brunt.

Mr Richard Bailey, who has been
hired with Mr Dougal Hastie for the
past three years, is leaving on
Tuesday of this week, to work for
his brother-in-law in Chesley. We
are sorry to lose Mr and Mrs Bailey
from our midst. They have been
faithful workers in the church and
Y.P.S., of which they were mem-
bers, Mrs Bailey also being a mem-
ber of the Ladies' Aid and Mission
Circle.

Mrs Fulton and Janet Patterson
spent a pleasant holiday with Mr.
and Mrs Andrew Fulton, Hampden,
last week.

We extend sympathy on behalf of
this community to Mr David Burns
of Durham, whose parents both pass-
ed away last week. They were for-
mer respected residents here.

ROCKY SAUGEEN

We wish the Editor, staff and
readers of the Review a most happy
and prosperous New Year.

The weather behaved itself very
nicely for Xmas, but since then we
have had storms continually.

Our Xmas entertainment was a de-
cided success, and much credit is
due those who sponsored such a
fine program. There was a good
attendance and splendid order. The
proceeds were over \$30.00.

year.

recent visitor with his sister, Mrs
Malcolm McKechnie.

is spending this week with his par-
ents, Mr and Mrs Jas McDougall.

Ralph Campbell is spending part
of his Christmas vacation with his
grandparents in Glenelg.

Our teacher, Miss Marjory Mac-
Donald is holidaying at her home
near Duntroon.

Congratulations to Mr and Mrs
Will. Kaufman (nee Cora Fortune)
whose marriage took place at the
Lutheran Parsonage in Brant Twp.
on Saturday, Dec. 24th.

A very pleasant afternoon was
spent last Thursday at Crawford
School when Miss MacDonald and
pupils staged their annual Christmas
concert, and a splendid program of
drills, choruses, recitations and dia-
logues was given. Mr Geo. Cam-
bridge acted as chairman and after
the closing number, Santa appeared
and gifts for the teacher and pupils
were distributed. A bountiful lunch
was served and a social time spent.

The Christmas entertainment of
Crawford United S. S. was held
last Tuesday evening, Dec. 26th
with a good crowd in attendance.
Rev. Newman was chairman for
the evening. The programme con-
sisted of recitations by Bernice Mig-
hton, Walterina Corlett, Glenn Cam-
bridge and Bruce Boyce; a reading by
Miss Mildred Henderson; two exer-
cises, "And They Called His Name
Jesus" by the junior boys and
"Watching for Santa" by the primary
dept.; pantomime, Marion Mc-
Manus taking the solo, and a pantom-
ime by the seniors, "Hark the
Herald Angels Sing" with Mrs Wil-
fred Wright as soloist; and two pa-
geants, "A Song for Christmas,"
by the Juniors, and "The Christmas
Road," by the seniors. The Supt.
