SWINTON PARK
 (Intended for last week)

Sorry to learn that Betty McKay met with an accident at school a couple of weeks ago, while at play. She hurt her leg very badly. It was thought to be sprained. She was taken home, when cold water bathing and other home remedies were used, swelling was reduced, and the leg in a few days seemed improved. Betty, who was in the entrance class, was anxious to come to school. Her brother with the horse and cutter, conveyed her there and back for a few days. The leg not making desired improvement, they took Betty to doctor in Dundalk, who had it X-rayed, and found it had been broken. It was then necessary to re-break it, and set it right. It is now in a cast, but Betty, teacher and pupils are all thinking of you, and hoping that you will yet pass your examinations with honours.

It is very common in this locality at present. There are also a few cases of measles. Roads are bad, yet people are getting along, just waiting for a few more warm days.

The people on Con. 14 are in a stir about Mrs Grace McLean having a sale on April 3rd. She has rented her farm to Herman Maxwell, who has been living on the old Harry Miller farm, since coming from the West, 18 months ago. Mr. Gordon who has lived on the Bob Lane farm for 2 years, is moving to the one vacated by Mr. Maxwell. A family from Markdale locality is moving into where Mr Gordon is leaving. Jim McLean who has been on the old Bob Parslow farm, now owned by Howard Watson, is moving out near Bethel. With all this moving on 1 1/2 miles on one side of the road, there is liable to be a collision.
 Mr Hornsby of North Egremont with his buzzsaw, was in the Park last week cutting wood.
 Jack Haw is the first to tap. He tapped 200 last Saturday but little sap yet.
 No church Sunday in Swinton, or Salem churches. Roads were too soft.

Artemesia Council Loses Action for Damages

The case of Trevor Thompson against the Township of Artemesia was completed at a special hearing last weekend at which slight additional evidence was tendered and argument was heard by counsel for parties.

Immediately after the hearing, Judge G. W. Morley granted judgment on behalf of Thompson for the sum of \$475 and costs, but the judgment specially provided that in the event of an appeal this verdict was to read \$1,225 and costs on the Supreme Court scale, as the plaintiff had already secured insurance from the insurers to extent of \$750, the actual damages being proved amounting to the higher figure.

The court held that by reason of a large dangerous hole 25 feet from the north of a certain bridge on the Valley Road leading to Eugenia, the plaintiff, having no previous knowledge of the road, Thompson suffered the entire loss of his truck on which was piled five cords of wood.

It was found that the road was out of repair, and that the Council had knowledge if it through its overseer, at least a year before the accident, and that by reason of the notoriety of this dangerous hole, which existed two years prior to the accident, knowledge of same was also implied so far as the Township of Artemesia was concerned.

The court also found that Thompson was not guilty of negligence contributing to the accident, 20 to 25 miles an hour being not an excessive speed at which to travel on a road which was otherwise in good condition.

After a slight fall of snow on December 27th, 1937, the plaintiff came upon this hole suddenly and the sudden fall caused a back fire and in a few moments the truck was in flames.

W. D. Henry, K. C., was counsel for the plaintiff, and W. E. Harris, Markdale, for the defendants.
