

Farmers, Attention!

We want to meet a limited number of progressive farmers who wish to increase their annual income by several hundred dollars growing one acre of a fancy variety of Red Raspberry. The berries to be shipped to a large Toronto dealer for chain store and canning factory use.

Government certified root systems furnished for fall planting on attractive payment terms. Last year, in Ontario, many of our plantations yielded over 10,000 pint boxes to the acre.

This offer is limited. You must own your farm. Mail reply to BOX 10, THE REVIEW, Durham, before June 22. A personal visit will be made at your home to explain the business.

Mr Jas. Lewis is at present under the doctor's care. Hope to hear of his speedy recovery.

KNOX CORNERS

Our pastor gave a good message on Sunday from the scripture text "And as His custom was, He went into the synagogue on the Sabbath day" Luke 4: 16. Jesus is our Saviour and also our example. The bible tells us that His custom was to attend the church or the synagogue, as the Jews called it. People have various excuses to-day for neglecting the public worship of God. Some do not agree with the preacher and his teaching. Neither did Jesus agree with all that the Jewish priests taught. Some say they can worship God at home or in the cut of doors, but do they do it? Others claim there is too much hypocrisy among church members, but Jesus knew there were hypocrites in the synagogue too, yet He attended the worship there. There may be at times reasons why we are absent but let us be sure they are such that we can give to God, for He has promised to bless and be with those who gather in His name, and He also says "Do not forsake the assembling of yourselves together."

Mr and Mrs. Landels Marshall, son and daughter and Mrs Marshall's sister, Miss George, of Tisdale, Sask., returned from the West, arriving on Saturday at the home of the former's brother Mr David Marshall, where they will visit for a time and also with other relatives and friends in the neighborhood.

Mr and Mrs R. Noble of Hutton Hill visited on Sunday with Mr. and Mrs Albert Marshall.

Mr and Mrs James Brown of town were visitors on Friday with Mr and Mrs Wm. Marshall. Mrs Leith accompanied them and visited at our home. Mrs Marshall Sr. also visited with us on Friday.

Rev. Mr. Kaye had a serious accident at Dromore church on Monday. We hope he may soon be back to usual health.

Congratulations to Mr. and Mrs. John Boychuk on the birth of a baby boy on Monday in Hamilton. Mrs B. was formerly Miss Helen Hoy, whose mother was Earl McAllister. This makes Mrs. McAllister Sr. a great-grandmother.

The Y. W. Auxiliary held their first meeting of the season in the church last Thursday with a fair attendance. Mrs R. J. Marshall, president, presided.

A FACT A WEEK ABOUT CANADA

SOIL DRIFTING

We have been much worried by the soil drifting in parts of the Prairie country, not only in Canada but across the international border, but perhaps there is a golden day in store, when the drifting has been checked finally.

What leads to that thought is the experience of other countries, particularly China. Long ago when storms raged across the Mongolian Desert, they carried through the air clouds of brown-yellow dust that settled on the lands of Northern China. Thick layers of rich soil were formed rivers cut their way through and, with no high banks to keep the floods in the stream, the waters have spread frequently over large portions of territory. The fertile Ukraine is another example of soil carried by the wind.

On this continent there have been high winds in the long ago which have done somewhat the same thing and created fertile land. So perhaps, even though from a different cause, what has happened in the West may prove a benefit later on. In any case the control of soil drifting is in progress and the latest statistics show that half a million acres have already been controlled, under Government supervision. This figure does not include, of course, the large acreage on which soil drifting has been controlled through the efforts of private farmers.

NOTICE

The Annual Bee of Maplewood cemetery will be held on Saturday June 17. Those interested, kindly co-operate.

AMONG THE CHURCHES

PRESBYTERIAN W. M. S.

The regular monthly meeting of the W.M.S. was held at the home of Mrs Flora McPerson. Mrs Patterson opened the meeting with prayer. Mrs Moffat led responsively in the reading of the scripture and Mrs Derby led in prayer.

The roll call with the keyword "Truth" was answered by eight members. Mrs Hepburn read a paper on "New Life Among the Hills." Mrs J. H. McPadyen gave a prepared paper on "The Hill Field" and Mrs Kellar read a paper on "The Great Awakening." Goforth in "China" was read by Mrs Pickering. "Gleanings of Revival" was the chapter. The visiting committee, Mrs. Hepburn, reported six calls on sick and shut-ins. Short prayers were offered by Mrs Hirtle and Mrs Hepburn. The meeting closed with "God save the King" and "the Lord's Prayer"

THE LITTLE HELPERS' MISSION BAND

The Little Helpers' Mission Band held their Thankoffering meeting on Thursday afternoon in Knox Church. The meeting opened with hymn 558 followed by prayer by Vera Dewar. David Standen read the scripture lesson, Ps. 100. Jimmie Morton sang a solo, "From Greenland's Icy Mountains". The secretary called the roll and read the minutes of the last meeting. Plans for a picnic meeting the last Saturday in June at Mrs Harold McKechnie's were discussed.

The guest speaker for the meeting was Mrs E. F. Rice, who told the children stories of the children of Africa, their work and their play. We were then favored with a song by four girls, Madeline Catton, Joyce and June Henry, and Jean McQueen. The meeting closed by singing by hymn, 614 and repeating the Lord's Prayer.

PRESBYTERIAN Y. W. A.

The Young Women's Auxiliary held their June meeting in the home of Mrs Wallace McGowan on Friday evening with a good attendance of members. Misses Dorothy and Marjorie Pickering had charge of the devotional period. Mrs E. S. McArthur prepared a paper on "Our Mission Fields", which was followed by one on "An Indian Approval to Missions", prepared by Mrs Derby, Jr. The Auxiliary picnic is to be held on June 29 at the home of Mrs Miligan. Following the business period refreshments were served by Mrs McGowan and assistants and a social hour followed.

KNOX W.M.S.

The monthly meeting of Knox United W.M.S. was held on Thursday in Queen Church, Miss M. McGirr presiding. The Society has lost a faithful member in the sudden death of Mrs N. McKechnie. Miss McGirr spoke fittingly on her life, and in her memory, the members sang the comforting psalm "The Lord's my Shepherd." The worship period was taken by Mrs Rice, a visitor at Mrs T. Banks' from Hamilton. She spoke on "Loyalty to King and Queen" and contrasted the difference to the "King of Kings" who had not where to lay his head.

Mrs Mather's group, Mrs Geo. Ylirs, Mrs A. Hay and Mrs Robt. Milne, gave the study period, the topic being "Should Canada admit refugees?" Questions and answers were based on findings of the Canadian National Committee on refugees and victims of political persecution. Sir Samuel Hoare stated that since 1933, 11,000 German Jews were admitted into the United Kingdom on condition that they would prove themselves competent to perform tasks for which no Englishmen were specially fitted. In a few years these 11,000 Jews were employing 15,000 Englishmen. The women also gave their contribution in homemaking, lace-making, wicker work, etc.

Let us pray that Canada will not be too long in admitting these refugees who are asking shelter from persecution in their own land. May we awake to our responsibilities and reach out to these less favoured people in such sore distress.

Mrs Rice closed the meeting with prayer.

"TRAIL RANGERS"

On June 1st before the meeting a baseball game was held at the High School grounds. Jack Cutler's team won over Bob Braithwaite's team. After the game a meeting was held at the United Church. It was a short meeting with little business.

On Thursday evening, June 8th at the Public School grounds, Jack Cain's team won over Jack Cutler's. The boys then assembled in the United Church for their weekly meet-

ing. It was decided that the Trail Rangers will make camp for a few days this summer and plans are being made for it.

MOSQUITO PREVENTION

With the disappearance of the snow and the approach of warmer weather, the thoughts of young and old alike turn with pleasant anticipation to the joys of outdoors. Unfortunately, these joys may often be marred to a considerable extent by the bloodthirsty attentions of biting flies, especially mosquitoes, except in localities where effective control has been carried out or where there are no breeding places. The larvae and pupae of mosquitoes develop only in stagnant water bodies, and the application of a thin film of petroleum oil on such places in May and early June will destroy countless numbers of them. To be really satisfactory, such work should be properly planned and carried out on a community scale.

For protection from mosquitoes once they are on the wing, various repellents are in general use, among which, to name only a few, are oil of citronella, spirits of camphor, oil of lavender and oil of cedar. As a result of recent experiments carried out in Ottawa under the direction of the Dominion Entomologist, a repellent mixture has been developed which has proved more satisfactory and more lasting in effect than any hitherto in popular use. This repellent is quite simple. It is as follows: Oil of thyme, 1 fluid ounce; concentrated kerosene extract of pyrethrum, 2 fluid ounces; castor oil, or olive oil, 5 fluid ounces.

Each ounce of the pyrethrum extract should be equivalent in strength to one-fifth of a pound of good trade pyrethrum powder. This mixture when applied to exposed parts of the skin has been found to give protection from mosquitoes and other biting flies for periods varying from three to five hours. A copy of the pamphlet entitled "Protective Measures against Blood Sucking Flies in the Forest" may be obtained by writing to the Publicity and Extension Division, Dominion Department of Agriculture, Ottawa.

POETS' CORNER

A GARDEN OF SWEET PEAS
(By Edith Osborne Thompson)

Richest crimson, palest pink,
White as winter snows,
Delicate as apple bloom,
Sweeter than the rose,
So upon each leafy stem
Each lovely blossom grows.

When I set each slender stalk
Carefully in place,
Rose and pink and lavender,
In a crystal vase,
Dainty as a Quaker maid
Dressed in quiet grace.

Then I breathe a thankful prayer
To the Garden God
For His benison of sun,
Rain and mellow soil,
For His sun and gentle wind,
Dew at eve and morn,
Of such things and His great love
Were my sweet peas born!

Learn from your mistakes but do not cry over them.

No attainment sets a man above the need of human help.
