Summer in the Rockies

Indications from representatives of the Canadian Pacific Railway throughout the world are that pleasure travel this year will be on a greater scale than any time in the last two years, bringing more visitors to Canada from the United States, Europe, and the Orient, and pouring millions of dollars into Canadian pocket-books.

Western Canada is expecting a good share of this traffic and the Canadian Pacific Railway is making extensive preparations there in its hotels and bungalow camps. Dates have been arranged for special entertainments at Banff Springs Hotel, which opens on June 16, and Chateau Lake Louise, which opens on June 21.

With Banff or its sister resort,

Lake Louise, as headquarters, tours can be made to such well-known places as Johnston Canyon, Moraine Lake and the Valley of the Ten Peaks, the Lakes in the Clouds, the Plain of the Six Glaciers, the Great Divide, Wapta Lake Bungalow, Yoho Valley and bungalow camp, Takakkaw Falls, the historic Kicking Horse Pass, Mount Stephen, and the great mountains near Field, B.C.

The large Canadian Pacific Railway hotel at Banff is equipped in every way for the comfort of visitors; the hot radio-active sulphur springs have been turned into a swimming pool, side by side with a pool filled with fresh water; the rolling floor of the valley has been made into a picturesque golf course; there are

fast, well kept tennis courts. Throughout the summer there is fun and plenty to do at this beautiful resort, with special events at short intervals, starting with the Calgary Stampede which will be held from July 23 to 28th. Two societies with world-wide membership will hold their official outings, the Trail Riders of the Canadian Rockies from July 23 to 28th, and the Trail Hikers of the Canadian Rockies from August 2nd to 4th. Indian Days will return to Banff from July 19th to 21st, when Western Indians in their native costumes will re-enact ancient tribal ceremonies. The Banff Golf Week, with the Prince of Wales Trophy as the main prize, is from August 24th to 28th.

WHO WILL BE THE TORY NOMINEE?

On the 21st inst., the Conservatives of Grey-Bruce will hold a nominating convention in Hanover to place a candidate before the electors of this riding, for the forthcoming Dominion election.

Another three-cornered fight is looming up with W. E. Harris, Liberal candidate, already in the field, and Miss A. C. Macphail M. P. practically a certainty as U.F.O. nominee in the near future.

Who the Conservative candidate will be is as yet a deep, dark mystery, but several names are prominently mentioned. Among them are H. H. McCauley, of Flesherton, ex-warden of Grey, who would undoubtedly make a strong run; Austin Ball, reeve of Hanover, whose father represented this riding for ten years; Dr. L. G. Campbell, Markdale, who three times has unsuccessfully tried to oust Miss Macphail, once making it close. Campbell Grant, Walkerton, has been mentioned, but will not contest the nomination, being away on a six weeks' trip to the British Isles. Durham prospects are D. B. Jamieson, who will probably confine his ambitions to the Provincial House, and Mayor Allan Bell, who has long been an active party worker.

A FALL ELECTION?

While Premier King will make no announcement as to next election date, all parties are preparing for the fray, by nominating candidates and getting organization under way. The Prime Minister states he will be guided by the turn of events in Europe, but unless war actually breaks out, it is generally expected that the date of voting will be set for Monday Oct. 23rd or October 30th.

It is evident the love between Premiers MacKenzie King and Hepburn is not growing stronger—in fact it has reached the proportions of an open truce and this alone will occasion unusual election warmth. Any uprisings of this feud come from the Hepburn camp, for the Dominion premier is as much as the proverbial oyster. To what extent Mr. Hepburn will enter the forthcoming Dominion fray, remains to be seen.

A new wing of the Conservative party is also being foisted, with Hon. Wm. Herridge, brother-in-law of ex-Premier Bennett, as the leader, with a reconstructed platform to please

the most fastidious. Mr. Herridge is endeavoring to combine all the discontented elements of the old parties and other small groups, under his leadership, but the electors seemingly are not strong for third parties. We recall the fate of Hon. H. H. Stevens and his Reconstruction party in the last Dominion battle, when his eloquent pleas previous to election, were almost smothered on election day.

NEW AUTO LIGHTS

Motorists are well aware of the unpleasant phase of night driving due to glaring headlights. Sometimes the glare becomes so intense that one becomes momentarily blinded, at which time there is always the danger of striking the pedestrian who is walking along the edge of the highway, or in passing the driver may land in the ditch.

Evidently good progress is being made in developing a headlight which will eliminate, or at least greatly reduce, this particular hazard. It is said that an announcement of a revolutionary one-piece, non-glare head lamp foreshadowed a year ago, can be expected before long. The lamp, developed by General Electric and now being tested jointly by the company and the leading auto-makers, consists simply of a lens and concave glass reflector with filament in the narrow vacuum between the two. It will be attached directly to the car fender. One of the lamp's most important features is that the filaments are placed in position with such precision and permanence as to eliminate the possibility of headlight glare. Indications are the lamps may be used on many 1941 models.

MAY CLOSE NORMAL SCHOOL AT STRATFORD

Reported decision of the Ontario Department of Education to close the Stratford Normal School as part of the plan to reduce the number of such schools in Ontario has aroused a storm of protest in Stratford. Angus Dickson, M.L.A., admitted that the Government was contemplating cutting down the number of schools from five to three by closing those at Peterboro and Stratford. He said he was opposed to such a plan and, if five schools were to many, then the one at London or other large centres should be closed. The Stratford Normal is more centrally and conveniently situated to accommodate the students of Western Ontario.

MANY PILGRIMAGES TO SHRINES THIS SUMMER

Arrangements undertaken for pilgrimages to shrines in Quebec and Ontario this summer and fall indicate that a new peak in travel will be established, according to passenger officials of the Canadian National Railways. Pilgrimages already arranged for centrepiece of 12,000 pilgrims and it is anticipated that even that large number be exceeded as the season advances. St. Anne de Beaupre, below Quebec, will be the centre of various pilgrimages from several points in Quebec, while the 300th anniversary of the Martyrs' Shrine, Old Fort Ste Marie in ancient Huronia, near Midland, Ont., will draw many visitors to that historic spot.

BE CAREFUL WHAT YOU SAY
In speaking of a person's fault Pray don't forget your own Remember those with honours Should seldom throw a stone If we have nothing else to do But talk of those who do 'Tis best that we should stay And from that point begin We have no right to judge a man Until he's fairly tried; Should we not like his example We know the world is full Some may have faults, and some have not? The old as well as young, Perhaps we may for such a one Have fifty to their one, (as my own shortcomings bid me) The faults of others go. So let us all, when we come To slander friend or foe, Think of the harm we propose to do.
