REMOVE ALL WEED SEEDS FROM THRESHING MACHINES

Farmers should insist machines be thoroughly cleaned before starting threshing operations - May cause untold damage to future crops.

When threshing has been completed and the machine moves on, the farmer's first job should be the disposal of weed seeds removed during the threshing. Seeds and Weeds Branch Ont. Dept. of Agriculture, Toronto. The practice of shovelling them outside the barn is too prevalent and should be discouraged. When this is done, millions of seeds are carried by the wind, water, animals, birds and man himself and new areas are infested. Carelessness in the disposal of weed seeds is one direct cause of the weed problem. It is important that all weed seeds be gathered up immediately after the mill has left and burned or buried deeply.

Outdoor threshing is now common throughout Ontario. Much can be said in its favor. However, if a field which is badly infested with such weeds as Canada Thistle is threshed from the stock on a windy day, enough seeds will be carried for miles to infest an entire community. Where such conditions exist, farmers are urged to have some consideration for their neighbors and to select, if possible, a location which will prevent seeds from blowing over adjacent farms. A spraying device is now being used effectively by a number of threshers. By means of this equipment a fine spray of water is forced into the blower when threshing. This spray, which does not injure the straw, assists in preventing seeds from blowing, the amount of dust is reduced, barns are cooler when threshing in early fall, and the fire hazard is eliminated.

The threshing machine has been one of the agencies responsible for the present weed problem. If the machine is not well cleaned after threshing and before moving, weed seeds may be carried from one farm to another and be distributed along roadways and lanes. Some threshers have always taken pride in their work and cleaned their outfits before moving. Other have never done so. Weed seeds are shaken or blown off such mills when moving and roadsides, fence lines and fields become polluted.

Legislation in the Weed Control Act now makes it necessary for every threshing machine to be thoroughly cleaned before moving from farm to farm or travelling upon a public roadway. The fact that one wild mustard seed will produce a plant and that an average plant will mature 15,000 seeds is a clear indication of the importance of thoroughly cleaning the mill before moving. This operation will take only a few minutes and will save many dollars and much hard work.

Dozens of farmers can trace the presence of certain weeds on their farms to the threshing machine. This source of infestation need not exist any longer. The matter of removing weed seeds from the grain when threshing and of cleaning the machine before moving is one for co-operation between the thresher and the farmer. Farmers are urged to assist in cleaning the outfit after threshing has been completed. Do not permit the threshing machine to carry weed seeds on to your farm. Insist on a clean job and a clean mill.

WATCH CAN BE USED AS A COMPASS

Most men who own a watch think they know all about it. They have the number fixed in their mind in case it is lost or stolen. They could probably pick it out from a dozen other similar watches, almost with their eyes closed. But how many men know that their watch is a compass and will tell north from south as accurately as it will tell the time of day? Stanley, the explorer, did not know it until he groped his way through the dark continent and met a sailor on the coast. Every watch is a compass. If you point the hour hand to the sun, the south is exactly halfway between the hour and the figure 12 on the dial. Suppose, for instance, it is 4 o'clock. Point the hand indicating 4 to the sun, and the 2 on the dial is exactly south. If it is 8 o'clock point the hand indicating 8 to the sun, and the figure 10 on the dial is due south. No man need get lost if he carries a watch.

Big bundle of old papers, only 5c, at Review office. Just the things for lighting fires, laying carpets, etc.

HYMENEAL

HENDERSON-GUEST

A quiet wedding was solemnized at Rev. Mr. Park's Manse, High Park Toronto, on August 21st at 2 p.m. when Evelyn Grace, second daughter of Mr and Mrs Wm. G. Henderson of Hampden, became the bride of Benton Rodger, son of Mrs. Guest and the late Mr. Guest, Toronto. The bride was attired in white flowered chiffon over satin with veil to match and wore a corsage of red roses. Her travelling dress was blue with white crepe with blue accessories to match.

The young couple left on a short honeymoon trip, arriving at the bride's home on Tuesday evening when a large number of neighbors and friends met them at a reception given, when the evening was spent in games, dancing and singing. The young couple received many lovely gifts. Among the gifts was a three storey wedding cake, the gift of the Canada Bread Co., where groom is employed. The young couple will take up homemaking in Toronto.

TURNBULL - MILLER

A quiet wedding took place at 10.30 a. m. on August 22nd at the home of Mr and Mrs George Crittall, 372 North Algoma Street, Port Arthur, Ont., when Dora Margaret Miller, second daughter of Rev. J. H. Miller and Mrs. Miller, 444 Cuyler Street, became the bride of John George Turnbull, son of Mrs. George A. Turnbull of Durham, Ont., and the late Mr. Turnbull.

The ceremony was performed by the bride's father in the presence of a small company of relatives and friends. The bride entered the living room to the strains of Lohengrin's wedding march played by her mother, Mrs. J. H. Miller. She was given in marriage by her brother-in-law, George Crittall, and the attendants were Miss Garda Wistman and Ard Miller, brother of the bride.

The ceremony took place before the fireplace which was banked with fern and gladioli. The bride wore an afternoon frock and redingote of turquoise crepe, simply trimmed with scalloping on the Peter Pan collar and down the front of the redingote. She wore wine accessories, and her corsage was Sweetheart roses, lily-of-the-valley and wine cornflower.

The bridemaid wore a street-length frock of aqua crepe in novelty weave with tiny pin tucks and closing with self-covered buttons from the neckline to hem. Her accessories were white, and she wore a corsage of Johanna Hill roses.

Mrs. J. H. Miller, who played quietly throughout the ceremony, was gowned in black sheer with edgings in white. She wore a corsage of Temples roses.

During the signing of the register Gordon Reid sang "Still, Still With Thee." A wedding breakfast was served by Mrs. George Crittall in buffet style from a lace covered table, centred with a three-tier wedding cake. She was assisted by Miss Jean Crittall.

Mr and Mrs Turnbull left for Silver Islet where they will honeymoon. For travelling the bride donned a dragon fly wool dress with a love bird jacket and dragon fly accessories. She wore silver fox fur, the gift from the bridegroom. With in a fortnight they will motor through the States to Amherstburg, Ont., Essex County, where they will reside.

Mr and Mrs Turnbull are both graduates of Queen's University, the bridegroom receiving his B. Sc. in mechanical engineering in the class of 1937 and the bride obtaining an honore degree in arts in 1935.

WASTE NOT, WANT NOT

We all the jingle which deprecates the throwing away of potato skins, for "The skins feed the pigs, and the pigs feed you, Dear beloved brother is that not quite true?"

Canada has taken the juncture to heart and is applying the waste not, want not theory to her apple trees. A project is under consideration for the construction of a pulp and paper mill in Canada in which certain expensive grades of paper would be produced from prunings of apple trees.

It is estimated that from 1,500 to 4,000 lb. of prunings are produced on each acre of orchard each year, and that as the Dominion has millions of acres of fruit lands concentrated in closely planted areas, raw material might be laid down in the proposed mills far more cheaply than existing sources of material.

It has yet to be proved that the apple prunings are better adapted for such high grade papers as cigarettes and magazines than wood pulp, but fact that the experiment is to be made at all shows how wide is the sphere of activity of the Canadian research worker.

ZION

Mr Victor Fairweather of Toronto, arrived at the home of W. J. Cook on Saturday to spend a few days. Mrs Fairweather, Elleen and Alvin, who have been holidaying at the parental home for a few weeks, will return home with him.

Bill Robson and John Flinn of Toronto, motored up Friday, Bill spending the week at the home of J. H. Robson, while John spends a week with his friend, Bill Glencross.

Mr and Mrs Hugh McArthur spent Sunday with Mr and Mrs. Bryson Morlock of Holstein. Mr A. Maynard and son Bill left last Thursday a.m. to spend a day with friends in Guelph. At Varney they met with an accident, when their car collided with Mr Morrison's car. Mr Maynard is now nursing a sprained hand and a few scratches. His car was badly smashed.

Mr Wilfred Hunt, son and daughter of Regina, Sask. and Percy Hunt of Ceylon, called on Mr and Mrs. Oren Peart and Mr and Mrs. W. J. Greenwood one day last week.

Mr and Mrs R. T. Cook, Mr Jim McArthur and sister Maggie, spent Monday in Toronto and attended the Ex.

Mrs. Thos. Moore, Esther, Mary and Glen, visited Sunday with Mr and Mrs W. J. Greenwood.

Mr and Mrs J. H. Robson, Charlie and Bill Robson of Toronto, accompanied by Mrs Wm. Caldwell, Normanby, visited Sunday with Mrs. G. Robertson and other friends at Gorie and Listowel.

Mr and Mrs. Ben Mays, Mr. and Mrs. Kenneth Vaughan and Phyllis, enjoyed an outing at Wasaga Beach the first of the week.

Mr Donald Nelson was assisting Cecil Paylor a few days as Cecil had the misfortune to get his thumb broken by a kick from his colt.

Charlie Campbell of Crawford, is at present assisting his uncle Arthur McClocklin, finish his harvesting.

Mr Lorne Livingston and family of Townsend's Lake; Robert G. and W. Jno Torry and Gordon McNally were guests the first of the week with Mr and Mrs. Robert Jackson.

Mr and Mrs Wm. Campbell and sons of Crawford visited with Mr. and Mrs. Arthur Robinson Sunday, and attended service at Zion.

Vernon Elvidge of Durham is helping W. R. Jack to finish his harvest. Mrs. Jack and daughter Clara will spend a few days the latter part of this week with friends in Toronto and attend the Ex.

We extend sympathy to the relatives of the late Charles Steer, who was buried here on Monday. An obituary appears on page 1.

Durham Fall Fair next Friday, September 8th.

WHERE?

The motorcyclists was dashing through the village when a constable pulled him up.

"Where your number plate?" asked the constable.

"Number plate?" The cyclist turned around in surprise. "Number plate be blowed! Where's my sidecar and my wife?"

HAMPDEN

Mr Ross Ford of Didsbury, Alberta is on a short holiday to visit with his mother Mrs Henry Ford and brother Wm. It is some eighteen years since he left these parts.

Mr Alex Hooper, another of the one time Hampdenites, is at present renewing old scenery and his many friends in this locality. He is residing in Hamilton.

Mr George Henderson motored West to get himself employed in the Prairie Provinces. He decided on Imperial, Sask.

Mrs M. W. Byers and son Bert were in Owen Sound on Monday of this week.

Miss Mary Ford returned from her holiday trip to the West to visit her brothers at Didsbury, Alberta.

The harvest which has been prolonged to some extent with the many showers, is being gathered in and e'er long the busy hum of the thresher will be heard in all directions.

The reception held last Tuesday evening at the home of Mr and Mrs Wm. Henderson in honor of their second daughter, Evelyn Grace who had been recently married at High Park, Manse in Toronto, was a fine gathering of relatives and friends. The guests were welcomed by the host and hostess, and bride and groom. The groom's mother, Mrs Guest and a daughter, Mrs Hodgson were also receiving. Music was of high order supplied by musicians from Durham and others while Mr. James Park of Hanover, the bride's uncle, attended to the floor management and all went merry as the marriage bell until almost daybreak. Many presents both useful and ornamental showed the esteem of which the popular young bride was held in her own community. The bridal pair are taking up housekeeping in Toronto where the groom assists with the Canada Bread Co.

A most unusual display of the Northern Lights were seen during the whole night of August 22nd.
