Lloyd's combination treatment (Salve and Pads) removes and keeps them away. Desensitizes and relieves with first application. For sale at McFadden's Drug Store

A FACT A WEEK ABOUT CANADA

SILVER STEEL

Silver steel is the latest in stainless alloys that the scientists have discovered. If all that is said of it is borne out by experience, it will be very welcome to the men who go down to the sea in ships, for it is said that it resists sea water corrosion.

The new alloy is made by adding a small amount of silver, never more than 2 per cent, and frequently less than one, to the present stainless steels that contain chromium and nickel.

The precious metal, the announcement explains, goes into solution in stainless steel. It dissolves like sugar in coffee. The silver forms a film of silver chloride on the surface of the steel.

This film is not soluble in water, hence it protects the steel against rust. If the film is knocked off, a new one immediately replaces it, coming from the silver dissolved in the steel.

The slight quantity of dissolved silver prevents a trouble of numerous stainless steels, which under the touch of a saw or hammer, harden so much and so instantly that further work on the metal is difficult.

Mr and Mrs R. C. Robinson, Alex. and David, visited friends at Swinton Park.

General and sickness relief administered by the Red Cross in Canada is done largely at the request of municipal or provincial authorities. So efficient is the work, and so capably done, that in some instances, as in Saskatchewan, the Red Cross is the official administrator of sickness relief.

PRICEVILLE AND VICINITY

PRICEVILLE

Some notable improvements have been made on the lately acquired property of Mr Thos. Harrison in the building of a cottage roofed garage, adjoining the enlarged new woodshed, with a fine gravelled driveway from the street in. The builder was Mr Thos Cook. The fits and two slants of the rafters is really marvellous to one not versed in wood craft.

Mr Wm. Aldcorn and Mrs F. McKinnon are about the same in health, holding their own. An improvement in both is wished for by their many friends.

The Misses Laura and Ella, and "Bobs" McKinnon were recent visitors with the Aldcorn's.

There passed away on Saturday a fine friendly old gentleman in the person of Mr Donald McDonald, familiarly known as "Hanlan." His funeral took place on Monday from his residence on the 5th con. Glenelg, Rev. Father Grace officiated. Sisters from St. Charles were present. There was a large attendance.

A special service will be held next Sunday, prompt at 12 in front of the monument, the two churches uniting. In the evening a service will be held at 7.30 at which Rev. Dr. —, a returned missionary from China, will speak.

Mr and Mrs R. C. Robinson, Alex. and David, visited friends at Swinton Park.

The choir sang, "Sweet Peace be the Gift of God's Love." A spray from the W. M. S. of the church rested on the casket. Six grandsons acted as pall bearers. Interment was made in the family plot in Salem cemetery.

ZION

Mr Wm. Ellison has purchased a new tractor and is at present using it to run his brother's threshing machine.

Mr and Mrs Norman McDonald of Bentinck were recent visitors at the home of W. J. Greenwood.

STILL NEED YOUTHS FOR ONTARIO FARMS

Soldiers of the soil are needed, just as soldiers are needed in the army, says Alexander MacLaren, Director of farm training, Ont. Dept. of Labor, under the Dominion-Provincial Youth Training project.

Many young men who have been unable to meet military enlistment qualifications could do their bit for Canada by working on farms, he states.

During the past year Mr MacLaren has placed 404 city youths on Ontario farms at wages ranging from \$120 to \$200 a year with room, board, washing and mending.

"Ours is not an organization to furnish cheap labour but to give unemployed young men a training for life work," said Mr MacLaren. We like to get applications from farmers fairly well-to-do, who do not depend on one boy to do all the extra work and who will take pains to teach the boy all they know about farming. Our boys are all inexperienced but they have all been specially selected—boys who are really interested in farming.

At the present time Mr MacLaren has a few boys on hand who want farm positions. He would like to hear from more farmers wanting help for the war effort—the must get forth, and he also wants to hear

from boys who would like to go on farms. Write Mr. MacLaren, Care of the Dept. of Labour, Parliament Bldgs., Toronto.
