SWINTON PARK

At this time the sincere sympathy of this neighborhood is felt for Mrs Neil McMillan, who mourns the death of her sister, Mrs. Francis McLeod, who died at her home in Collingwood on Friday, Feb. 2nd.

Neil McMillan and son Carly were over to the funeral in Collingwood on Monday afternoon. Mrs. McMillan's health would not permit her to attend which makes it more sad.

The deceased lady was Catherine McCannel of Topcliffe, Glenelg, before her marriage. Now only Mrs. McMillan remains of a family of four sisters and one brother (the late Neil McCannel of Durham). Mrs. McLeod was in her 73rd year and was highly respected in this part, where there are several relatives: McLeods, Clarks, and McQueens, and many other friends. She and Mr. McLeod regularly visited here every summer.

Our thoughts this Tuesday morning are with Wallace McCormick who is in Toronto hospital to undergo an operation for some trouble resulting from the accident he had last fall, when the horse he was riding reared up and fell back over on him. He has not been well since. We all hope he will soon enjoy better health.

In the Park we are enjoying fine winter weather. The roads are very good and we notice many good horses go by these days. We think the oats must be full of energy, as the horses seem willing to go. Phill Harrison is breaking in a new driver this winter, and drives his daughter to school each morning. It will be a dandy. Then Maurice McLeod and mother go by with their wind splitter—It just touches the road here and there. And Neil Clark is driving a fine white horse, a road steer, suitable to carry King William on the 12th of July. Charley McNaulty and Jim McCormick also make a fine show in with horse and cutter.

Then in the evening along comes Sam McMurdo with Priddy looking as good as in the years gone by. Priddy has a good home and may live under several governments. Eddie Corbett goes by on horseback, head and tail up, and the snow flying. When John Lane goes out, he takes the good team and big sleigh and invites all the neighbor women to go to Ladies' Aid or out for an evening.

IN DAYS OF YORE

While we cannot go out, we like to see the neighbors with good fat horses and good rigs. We have no desire for cars, yet it was interesting to see Dr. Lindsay of Dundalk go by with his snowmobile last week. It has the hum of an aeroplane, and skimmed over the snow at good speed.

IN DAYS OF YORE

The recent elevation of our townsmen, Dr. David Jamieson, to the distinguished position of Speaker of the Ontario Legislature calls for local recognition and accordingly a public reception is being arranged for the evening of Friday, 19th February, in the Town Hall.

There have been crowds in the Presbyterian Church before, there have been crowds of men in the Town Hall, and crowds of adults, and juveniles at various times, but we think never before was there a massing of the Young Peoples' Societies of the town for an evening of social and intellectual enjoyment, and the initial effort has left such a flavor that we expect to see it repeated. The idea we believe originated with Rev. Morris and Trinity Church and Baptist, Methodist and Presbyterian heartily accepted the suggestion and the largest basement in town was filled to overflowing with young people.

Priceville cory: Two elders were ordained in the Presbyterian Church here last Sunday, Messrs Dan Stewart and Robert Parslow.

Dromore cory: The Dromore choir with a few of their many friends, gathered at the home of Mr and Mrs Wm. Ramage, their leader, and presented him with a fine pair of mitts.

The presentation was made by Mr J. D. Drimmie while Mr Wallace Findlay read the address. Mr Goe. Lothian who was voted to the chair, called upon each individual member of the choir.

Hoistown cory: The Sunday morning services of the Presbyterian Church was taken by Mr John Marsh and his address was very much appreciated by the congregation.

In the evening, Dr. Ferguson gave a splendid address on "China". There were about 35 ladies in the choir and church was filled to the doors.

COP RESORTS TO SKIS

The art of skiing, which most enthusiasts follow for the sake of sport and the thrills of zipping down steep, snow-clad inclines is not a mere pastime in the mind of Provincial Officer, Otto McElevia for this doughty limb of the law is using skis in tracking down lawbreakers in this sector.

There has been considerable ability in manipulating the long wooden blades has, since the recent blizzards effectively clogged all rural roads and byways, travelled over seventy miles on skis in the performance of his duties.

Talk about the Mounties getting their man but they have nothing on Walkerton's six-foot ski-shod sleuth who slips subtly and silently over the snowy slopes to nab the culprits by the nape of the neck here they have time to conjure up the best methods of escape.—Walkerton Herald-Times.
