## Go the Clectors of Grey-Bruce:

My Friends:

Together for eighteen years- eighteen years this very month-we have done a unique job in the Parliament of Canada.

Together we have carried on a successful experiment in genuine democracy - no party funds or party discipline has come between 18. Without remuneration other than your satisfaction of enjoying the privileges of democratic citizenship, you have carried cheerfully and effectively-the work of organizing the poll, the meetings (fifty in this campaign) advancing our ideas in conversation with others, and the highly important job of getting the vote polled

It has been a brave and glorious adventure which has brought hope to countless people who live far from us. Many M.P's have said to me; "The people in your riding are remarkable; they don't have to be bought by jobs, promises and patronage" Grey-Bruce gives me faith that the 'better Canada' we envision (the Canada of security and the Good Life for all) can be achieved

Whatever I have been able to accomplish has been inspired by my pride in and gratitude to you, the electors of Grey-Bruce.

Yours very sincerely,

Agnes C. Macphail
