J. P. Hunter Reaches 88th Birthday

Durham's oldest ex-business man Mr J. P. Hunter will this Friday, May 2nd, celebrate his 88th birthday. Living a retired life since giving up mercantile business a few years ago, he has enjoyed good health and takes a keen interest in his farm on south line, Glenside, which he oversees, and frequently visits in fine weather. He has all his life been a resident of this community, being a grandson of the late Archibald Hunter, who in 1842 was Durham's first settler.

For fifty years he was a general merchant here, first in Mockler's and J. H. Hunter's stores, but most of the time in partnership with his brother John in their own business. He still takes much interest in politics, being a staunch Liberal who attended the nomination in Walkerton March 11; also in world events, and in the welfare of his family: Mrs. C. McKinnon of Alberta; Reeve W. S. Hunter, Mrs. Dr. Pickering and Mrs. Herb Cross of Durham; and Mrs. G. C. Macdonald of Chatsworth.

We congratulate him on attaining such a ripe old age in good health and intellect, and hope he may remain fit for another decade.

He is Durham's third oldest citizen. Mr Edward Fee at nearly 90 and Mrs Mary Whitmore at 91 exceeding his lifespan.

THOMPSON—LAUDER
On Saturday at 2 p.m. at the Baptist parsonage, Rev. J. T. Priest, B. A., united in marriage, Marion Jean (Betty), only daughter of Mr and Mrs. T. A. Lauder, and Myron Wallace Thompson, son of Mr. and Mrs. G. A. Thompson, all of Durham.

The bride wore a becoming frock of sea-blue with turtan accessories and wore a corsage of Sunset roses. The parents of both bride and groom were present for the ceremony.

At the home of the bride's grandparents Mr and Mrs T. G. Lauder, a buffet luncheon was served to immediate relatives after which the bridal couple left by motor for a short wedding journey.

Mr and Mrs Thompson have taken up residence in the Lawrence apartment on Garafraxa Street.

Congratulations to Frank Macintyre publisher of the Dundalk Herald, who was elected vice-president of the Ontario & Quebec division, Can. Weekly Newspapers Association, at their annual meeting in Windsor last Saturday.

Children's Excursion to Niagara Falls

The following letter sent to South Grey teachers by J. A. Magee of Hanover, secretary, is self-explanatory. It will be a memorable trip for some 500 older P. S. children, at blossom time—Saturday, May 18th:

The response that has come to the Committee in charge of the excursion to Niagara has been very gratifying, thus far over 500 children stating their wish to go. It is, however, with the greatest regret that a few teachers have thus far been unable to find transportation for the children in their charge, and it is hoped that a last minute effort may be made to overcome the difficulty. Please try.

Some comment is made that the sum of money offered, 50 cents per child, is not enough. The Committee thinks that an ordinary car will hold six children and the driver, four in the back seat and two with the driver in the front, and the driver will participate in the enjoyment of the trip it makes seven to go. This, at fifty cents per person, makes \$3.50 and this will easily pay the gas charge both ways. However, if the children are forced to increase the price they are at perfect liberty to do so. Please write me as soon as you make final arrangements.

The undertaking was originally meant to include no grade lower than Grade 7. This seems now imperative, considering difficulties of transportation.

The date set for the trip is Saturday, May 18th, when we hope the blossoms in Niagara district will be at their best. From Durham, which is centrally located in South Grey, the distance to Niagara is 124 miles.

Children are advised that their ordinary school clothes are good enough for the trip, but no children must come bare-footed.

There is room for a few extras in certain cars, and teachers who have one or two for whom no accommodation is provided are requested to phone neighboring teachers to see if their children might be able to go with those of the neighboring school. Do not, however, depend upon this, as there are only a few vacant seats.

It is suggested that each hour children change seats in the car, so that all will be in the front seat sometime during the day.

The Committee urgently request that all drivers be in Hamilton not later than 10.30; and that all leave promptly at 11.00 A.M. It is hoped that all cars will go in a group from Hamilton to Niagara. The route will be announced in next circular.

Children must not forget their lunches, one for dinner and one for supper.

The members of the Committee will have red bands on their hats, hence will easily be found at the Victoria Park at the Falls.

Agnes to Contest Saskatoon Seat

Walter Renwick, chairman of the United Reform movement in Saskatoon said Agnes Macphail has not been officially invited to place her name before the United Reform dominion nominating convention in Saskatoon constituency. She "certainly is welcome to the opportunity," he added. Miss Macphail indicated in Toronto on Tuesday she will stand for nomination in Saskatoon for the seat made vacant by the death of Rev. W. G. Brown.

"We will be pleased to have Miss Macphail's name go before the United reform movement nomination convention," Renwick said. "However, it will be up to the supporters of our movement to select any candidate they wish to contest this constituency."

"Miss Macphail is indeed popular among Western Canadian Progressive groups and she has shown herself an able parliamentarian. Her integrity is unquestioned and she has many friends in Saskatoon."

C. L. SINCLAIR NAMED TO EAST GREY INSPECTORATE

The announcement of Mr Sinclair's appointment to the permanent staff of Public School Inspectors was made this week. Gov't. Will Issue War Saving Certificates

Plans for issuing war saving certificates to bolster Canada's war chest are being pushed forward rapidly. Details of the scheme probably will be laid before Parliament when it meets May 16th and certificates likely will go on sale shortly after that.

Finance Minister Ralston said in a press statement last night that these certificates "will very probably be in denominations of \$5 and multiples thereof and are for the systematic putting away of savings."

They would be somewhat along the lines of the war savings certificate being issued now in the United Kingdom, he said. They also would resemble those issued in Canada during the First Great War and be somewhat similar to the United States baby bonds.

Col. Ralston denied reports that preparations were being made for a new dominion loan to be offered about the middle of May and said "There is absolutely no foundation whatever" for such reports.

The only project of Dominion Government financing which is contemplated in the near future is the issue of a form of war savings certificates which has been announced some time ago," the Finance Minister stated.

Finance officials do not expect interest will be paid annually on these certificates, it was learned, because of the cumbersome machinery necessary to handle such a scheme.

Mr. J. H. Harding spent last week with his daughter, Mrs. Larry Miller, and Mr. Miller in Baden. His daughter Jean, who was home for ten weeks an invalid from inflammatory rheumatism, has returned to her teaching duties in Toronto.

Insurancemen Organize

A district meeting of fire and casualty insurance agents was held in Owen Sound last Friday when matters pertaining to their mutual welfare were discussed at length, and it was decided to organize what will known as "The Grey & Bruce Casualty Insurance Association."

At a dinner held at the Seldon House at 6 p.m. that evening, M. J. O'Brien, Toronto manager of the Canadian Underwriters Association, was the chief speaker. He told the insurance men that discrimination in setting insurance premiums has been replaced by rating schedules, instituted by the Association, which guarantee that each risk assumes its just share of insurance costs.

The Association, Mr O'Brien pointed out, is a voluntary, non-profit association of companies writing insurance other than life ocean marine and inland transportation, united among other things, "for the purpose of combining their experience for study and analysis, of establishing equitable premium rates and preserving economy in the promulgation of premium rates and forms..... of avoiding unfair discrimination between risks of essentially the same hazard or in service rendered."
