LOCAL AND PERSONAL Weeds Branch, Ont Dept. of

Any farmer who has been unable to sow low lying areas or who has had crops drowned out as a result recent heavy rains would be well advised to consider sowing Dr. Hergott. Buckwheat at this time, says John D. MacLeod, Crops Seeds and Weeds Branch, Ont., Dept. of Agriculture. Toronto.

Agriculture Toronto

This crop, which may be sown as late as July 15th in many sections Ontario, is adaptable to wide variety of soils and will yield fair returns on soils which lack in ferlity. The usual rate of seeding is from % to 11/2 bushels per acre. As a farm crop, Buckwheat is
