WOMEN AND REGISTRATION War has always made a heavy demand on the services of the womanhood of the nation.

Totalitarian war makes a still greater demand. Modern war involves far more than the fighting forces—it goes beyond the lines.

It calls for the strengthening of the moral and spiritual forces of the nation, and also an increase not only in the production of war materials, but an increase in general production as well.

We not only have to produce more so far as war materials are concerned, but we must produce products for exports because it is necessary that many war materials must be purchased abroad, and the nation must accumulate the foreign exchange necessary for these purchases.

In war conditions the strength of the army in the field must be maintained, but strength of the army of workers at home must also be increased. It is, therefore, only natural that more and more women ought to be drawn into the army of production in order to strengthen the nation in this time of conflict.

The women of Canada can help by filling in the registration card with care and by encouraging others to do the same.

National registration day should produce a clear record of the womanpower of the nation.

REGISTRATION IS NECESSARY You have a date with your country on August 19, 20, or 21. Do not neglect it. There are penalties involving fine and imprisonment, but no one should be penalized for neglect.

If you are absent from home on that day, register at the nearest point of registration. The Registrar will forward your answers to the proper designation.

Answer the questions definitely, especially 14 and 17. These deal with the question of your present employment and capacity for other work.

Your answers may be helpful to you as the demand for labour increases. National production for war purposes means demand for more men and more women.

Local friends regret to learn of Alex's misfortune, especially in view of the fact that he had his car stolen early last winter and had no covering insurance in either instance. Dundalk Herald.

National Registration August 19, 20, 21

HELP THE REGISTRATION

There are many ways in which you can help the work of national registration. First, of course, register—and register early.

It is anticipated that eight million people will register during the three days—August 19, 20 and 21. That is not quite twice the number who polled their votes in the last election, but it's fairly close to it.

Perhaps the deputy registrar in your own territory could use your services. You might help on the day of registration.

It ought to be a matter of honour in this particular district to have the registration as full and complete as possible.

NATIONAL REGISTRATION

On August 19, 20, and 21 a great army of Canadian people—all those, male and female, over the age of 16—will move out to the points of registration and fill in the cards, containing a number of questions.

Why is this registration taking place? This country is at war. It must put forth the utmost possible effort to accomplish its purpose. That purpose is the defeat of the enemy.

In order to do this it must marshal the full forces of the nation—all the human, moral, material and spiritual forces of Canada.

There can be no slacking. We need more planes, tanks, ammunition. To produce them we need more men, women, materials, money. The nation must produce more, spend less, and — to be frank about it — pay more taxes.

Then it is necessary that our young men should be trained for home defence. They will be called up on an early date for a brief period of intensive military training.

Yes, we are at war. Registration means simply, organization for greater effort—for victory. Register early. To answer the questions takes only a few minutes' work if you come prepared to answer. Read the questions in this paper and know the answers you have to make before you go to register. Where so many must give their all you will not hesitate in doing your part.

Presentation to Andrew Schenk

On Monday evening, July 22nd, the Board of Directors of the Germania Farmers' Mutual Fire Insurance Co. met in the company's head office in Aytton to give a little token of recognition to their past president, Mr Andrew Schenk, for his many years of active service in the company.

He was presented with a fine reclining chair to ease the declining years of his life.

Just at the moment that Mr. Schenk seated his corpulent body in the easy chair, a hand that appeared to come from nowhere reached over his shoulder, in which hand was held one of the old time, long and crooked stemmed pipes, that fell down on a corpulent stomach—a good resting place—and it was not an empty pipe either.

After Mr Schenk had recovered from the complete round of surprises that he was being made victim of, he replied in a few well chosen words, which expressed his sincere thanks to the donors, and as he put it at the time: "he had been sufficiently compensated in the past, in the knowledge of having done some good for the community in which he lived for high five score years."

Good stockings are now being made from a "shovelful of coal, a paulful of water and some good fresh air," and they are offered for from \$1.15 to \$1.35 per pair. They are to be known as "Nylon".

The Scandinavians number about 13,000,000, consisting of 3,735,000 Danes, 6,267,000 Swedes, 2,885,000 Norwegians, and 117,000 Icelanders. The Finns are sometimes counted in and their number 3,810,000. These hardy northerners are not many, but they amount to much in civilization.

From far and near, Bo sons and daughters returned old schoolhouse, S. S. No. 14, on Monday afternoon first reunion of that section. Gathering was augmented by friends from neighboring sections Swinton Park, Dromore, etc., forming a happy crowd nine or ten hundred, who in warm afternoon, green schoolmates of years back, as renewing friendships of old days. The day was a success, though rain hampered following in early afternoon.

That the day was so managed may be credited to First we might mention Miss Cameron and Mary McCann of the young ladies of the who promoted the reunion organization meeting and for its success. President Clark, Sec'y, Noble Wilson, committee—Misses Belle Weir, Clark, John Weir and Nell Weir, have given untiring of last few months, and last L. Macdonald, now principal Ottawa school, a popular and teacher, was the better selection could be made.

Some of the old boys came long distances to join among their former chums, man Haw of Swift Current had the distinction of coming farthest; others present field were Miss Jessie Winnipeg; Mr. and Mrs. McPherson (Mary McCann) Pekin, Ill.; Mrs. Drummond daughter, North Bay Mr. and Mrs. Napanee; Mrs. (Bertha Wilson) and daughter near Galt; Mr and Mrs J. Donald of Ottawa.

A unique feature of the was the calling of the roll by the chairman. This found in a trunk in the home Cameron and though now old, it is still in a good preservation. In that far Boothville school overflowed 81 on the roll. Many of the ars have passed on but it worthy that of the 81 the 24 of them were present or to respond to their name to reserved seats at front of form. These 24 were Nell Proton Station; Wm.
