Mr. J. B. HARDING.

By. Armand, P. Q., Sept. 19, 1876. Mr. T. J. B. HARDING.

Dram Sin,—Being desirous that others may know something of the merits of your Constitutional Catanna Remark, I wish to inform you what it has done for me. I am 19 years old; had been out of health for about five years. I had employed three or four different doctors, and tried various medicines, without receiving any permanent benefit, but continued rather to grow worse, until hat fall when I had become so bad as to be unable to do an hour's work at a time. Had severe soremens and pain under the shoulder biades and through the shoulders, with very lame back, and a feeling in my right lung as though there was a weight bearing it down, with continual dropping in the throat and down upon the lungs. Such was my condition when I commenced to take your Catarrh Remedy, one bottle of which eased my poins and gave me an improved appetite, and after taking four bottles I was restored to health, so as to be able to endure hard and continued labor, such as chosping and clearing land, at which I have been engaged the past season. My recovery I attribute solely, with Goa's blessing, to the use of your Catarrh Remedy. Yours truly.
