THE PACIFIC RAILWAY .- At several of the recent Conservative demonstrations Sir John Macdonald and Dr. Tupper intimated

that, if the Conservative Administration

had still been in power, the Canada Pacific

Railway would have been built by now. The Conservative Administration, it is well

to remember, promised to build the road

in ten years, and this, too, before it had even thought of such a thing as a survey.

The Government staff of surveyors, with

Mr. Sandford Fleming at their head, have been steadily surveying a route for the

road ever since the Mackenzie Governmen

took office, and are not through yet. We

all know that the Conservative leaders

promised to build the road without increas-

ing the taxation of the country-that is.

they were going to get it built for nothing

ful one-that of wise reticence in regard to points on which I am in doubt. I trust I

shall be a more accurate thinker, a more
