

### Kentuckians in Combat.

(From the Wilmington (Del.) Commercial, August 26.)

Daniel Brown, who was a local for the Shelby Sentinel, two weeks ago besieged a younger brother of Byron Yount, who had a fight with a young Perry, both boys being under fifteen years of age. Saturday evening last John Yount, the boy, met Mr. Brown at Cooper's, and taking him aside, asked him something in regard to the article in the Sentinel. Brown not making the matter satisfactory, John Yount expressed his boyish indignation. Brown slapped Johnny over the face and walked off. John reported the affair to his older brother, Eryon, who espoused his quest, and during the evening he and Brown passed some high words. Each knowing the other's disposition well they parted and prepared themselves for the next meeting. Brown borrowed a little four shot pistol from his friend, James Edwards, and Yount, after seeking in vain for a weapon, took a pistol from his private drawer.

Thus prepared, the two walked towards each other and met at the railroad, one on one rail and the other on the opposite rail. In this position Brown asked Yount when he was ready. Yount replied—"Now," and both fired simultaneously into each other, only five feet apart. Yount's ball entered Brown's right breast. Brown's ball entered the lower part of Yount's abdomen, and ranged downward into the leg. Brown continued to fire, and emptied his four barrels one ball entering Yount's wrist, another entering his right side. Yount's pistol refused to revolve, and while under fire he spat on his thumb and endeavored to wrench the pistol around, but failing, he closed with Brown, and they grappled and pummelled each other with their pistols until they were parried. They again ran together and fought until they both fell from exhaustion. When taken apart Brown's grip was still upon Yount's arm, which had to be loosened by friends leaving open the hands.

Both parties were laid upon a platform a short distance from each other and five doctors summoned, but no relief could be afforded Brown. While lying thus Yount it is said, swore at Brown, and said to him that if he could only reach him he would soon put him out of the way. Brown died at two o'clock on Sunday morning, and was buried at Pleasantville Cemetery on Sunday. Yount lingered until Sunday evening, when he too died, after suffering great pain. Brown was a graduate of Elmira College, was a member of Christianburg Baptist Church, and was beloved and respected in his section. Yount was the son of George Yount, a well-to-do and highly respected farmer of Shelby County.

**THE WIMBLEDON TEAM.**—With the exception of not winning the Kalapore Cup, the Wimbledon Team of 1877 has been more successful than any which have preceded it. A very general impression prevails that the team this year did not deserve much approbation, but this has been a mistake. Sergt. T. Mitchell, of the 14th Batt., Hamilton, has succeeded in winning five prizes, which netted him \$65 and a silver watch. The total amount of the prizes taken by the team this year is \$650.

**AN AMUSING SUIT.**—At the Division Court, held at Ingersoll a few days ago, Judge Hughes presiding, one case was decided in a rather novel manner. A firm in town sued a man for the value of a suit of clothes, which defendant would not take, on the ground that they did not fit him. He appeared before the judge with the clothes on, and asked his opinion as to whether they were a fit or not. The judge agreed with the defendant and plaintiff lost the suit.

On circus day in Napanee a sharper with a confederate worked up a game on a prominent and wealthy farmer of Adolphustown until he was induced to bet \$200, \$100 of which he borrowed, on a three card monte trick. It is superfluous to say that he lost it, or that the winners got out of town on the double quick, after securing their booty. The police were called by the loser, but too late.

The Wingham Presbyterian Church, which has been materially enlarged and otherwise improved, was re-opened on Sabbath, Sept. 2nd.

At a school board examination the inspector asked a boy if he could forgive those who had wronged him. "Could you," said the inspector, "forgive a boy, for example, who had insulted or struck you?" "Y-e-s,—I—could," but he added, in a much more rapid manner, "I could if he was bigger than I am."

"Is this the place," she asked, as she wandered down on the barren sands, "where a young lady—a beautiful young lady—fell into the water last season and was rescued by a gallant young man, whom she afterwards married?" He looked at her carefully, estimated her at a square forty-seven with false teeth, and said: "Yes ma'am, but I don't know how to swim."

Two law students, on a certain Sabbath, strayed into the church, being strangers. They walked the whole length to the pulpit, and not a single pew was opened nor a single seat offered them. With quick dexterity they turned, marched out again, went about a mile to the school, and then returning with chairs, made their appearance in the aisle. They had no trouble after that in finding open doors in that church.

A verdant youth from Welland took a room at the Grand Central Hotel, St. Catharines, on Saturday night, and when ready to retire blew out the gas, the fumes of which prevailed the whole house. Will Scott, the clerk, finally found the right room, but not being able to awaken the sleeper, was obliged to crawl through the transom over the door and unlock it and raise the windows, shut off the gas and get the young man up. He was so stupid that he could hardly be awakened, and in a little time more would have been past recovery. This is the second instance that has occurred in the house within a week.

Tomatoes can be had at Oshawa from twenty to twenty-five cents per bushel. They are still lower in Montreal where they are quoted at from ten to twenty-five cents per bushel. It is claimed they can be profitably grown at twenty cents per bushel.

Logan, a Norwegian miner, has begun work in the Old Country style in mining operations for phosphates at Hull near Oshawa. He has gone down thirty-five feet has commenced tunnelling, and is taking out nearly pure phosphate, per centage being ninety-five per cent., at the rate of one ton per day.

County Treasurer Myers, at Wapoketta, Ohio, on Wednesday night, while going home from a Catholic festival, was seized gagged, bound, and kept prisoner until midnight, and fire applied to his feet to compel him to divulge the combination of the county safe. \$40,000 were stolen, and the victim was found this morning in a fearful condition.

**PETTIT'S EYE-SALVE.**  
An Infallible Remedy for all Diseases of the Eye (acute or chronic), Granulation of the Lid, Ulceration of the Lachrymal Glands, Film, and Weakness of the Vision from any cause.

THE AMERICAN EYE-SALVE is presented to the public with the assurance of its efficiency as a curative of most diseases of the eye, acute or chronic inflammation, whether induced by scrofulous origin or otherwise, weakness or defect of vision, diminished tone of the optic nerve, or a diseased state of the tissues constituting that organ. Also, for all persons whose vision requires an incessant attention of the eyes, the Salve will act as a charm in restoring a uniform healthy action, where weakness, pain, and misery may have long threatened a fatal termination. It is the most simple, safe, and effectual remedy ever discovered. The materials of which it is made are pure, perfect, and costly, compounded with elaborate care and exactness, safe in its application, being used externally, and, of course, avoiding the pain and danger which necessarily attend the introduction of caustic minerals and eye-washes. It is used SUCCESSFULLY FOR CATARRHS, INFLAMMATIONS, AND ALL CHRONIC SORES, of scrofulous origin, or resulting from whatever cause, yield to the AMERICAN EYE-SALVE. It is used SUCCESSFULLY FOR FILMS. Its soothing effect is immediate, and a permanent cure requires but a few applications. The proprietors of "DR. J. PETTIT'S AMERICAN EYE-SALVE," while making new and improved machinery for making a more perfect box for the Eye-Salve, have changed the Trade Mark on the cover so as to correspond with the Cut on the Wrapper, Circulars, Advertisements, &c. We call attention to this, as it might otherwise be regarded as counterfeiting.

BRETT & PARKER,  
Proprietors, Fredonia, N. Y.  
NORTHROP & LYMAN,  
Toronto, Agents for Canada.  
Mitchell's Belladonna Improved India Rubber Porous Plaster.

There never has been a time when the healing of so many different diseases has been caused by outward application as the present. It is an undisputed fact that over half of the entire population of the globe resort to the use of ordinary plasters.

The principal ingredients used in making these Plasters are Gum Olibanum—or better known as the Frankincense of the Bible—Euler, and Burgundy Pitch; which, when scientifically compounded, is full of electricity, and when combined with the pure medicinal gums, is found to be one of the greatest healing mediums ever brought before the human race.

They are acknowledged by all who have used them to act quicker than any other Plasters they ever before tried, and that one of these Plasters will do more real service than a hundred of the ordinary kind. All other Plasters are slow of action, and require to be worn continually to effect a cure; but with these it is entirely different; the instant one is applied the patient will feel its effect.

They possess all the soothing, warming, supporting and strengthening qualities of all other Plasters. Many who have been relieved of RHEUMATISM, NEURALGIA, and various other pains in the KNEES, BREAST or SIDE, and believe it is solely done by the electrical qualities which the Porous Plasters contain, and which is imparted to the system, thus restoring them to a healthy condition. They are very soft and pliable, still very adhesive; and a sure cure for WEAR BACKS, PAINS IN THE SIDE AND BREAST; and are invaluable to those who have a COLD of long standing, and often prevents CONSUMPTION. Some even tell us they believe they were entirely cured by the use of them of a long-continued Consumption.

Prepared by GEORGE E. MITCHELL, Lowell, Mass.  
Sold by all Druggists.

### MONTHLY CATTLE FAIRS.

Guelph—First Wednesday in each month.  
Harriston—Friday before the Guelph fair.  
Drayton—Saturday before Guelph.
