

view of the explanation he had received, and defend the Government. When this charge was made against the Government, he was most anxious to know whether there was any foundation for it; and after looking into the whole facts of the case, he had no hesitation in saying that the Government had done nothing to forfeit the confidence he had reposed in them, and he thought it was unworthy of the Opposition and beneath the dignity of statesmen to stand up in the House and say that because the Government had exercised discretion in the letting of contracts, they had been corrupt, when the whole career and the records of the Public Works Department went to show that the late Government in letting their contracts had passed over the lowest tender, or so giving out contracts of \$80,000 and \$100,000, above the lowest tender, without any other excuse or reason being alleged for this course, save that the tenders which were passed over were too low. He did not find fault with the hon. gentleman for having done so, but when they turned round and said a corrupt act had been committed because the hon. the First Minister had not awarded this contract to the lowest tender, what other inference could he draw, save that the whole system and the whole career of these hon. gentlemen and the whole system of letting contracts had been corrupt? He had not desired to arrive at such an opinion, but when he heard them say that the hon. the First Minister had let this contract corruptly, he felt certain that all these contracts which were let by the late Government must have been let corruptly, and this was the judgment of these hon. gentlemen upon their own acts. He was quite prepared to accept the responsibility of supporting the Government, if this was the only character of charges that could be made against them on the part of the Opposition, who were industriously working for the purpose of discovering whether anything had gone amiss, and he was glad this was being done, because it showed that the more they looked into the affairs of the Government and watched its conduct and course, the more he thought hon. members would be satisfied that the Government were conducting the affairs of the country with honesty, with ability, with economy, and on strong patriotic grounds, and that they were deserving of the continued support of the House and the country, and he trusted that this would soon be done; he was not afraid of the result, he felt certain that from one end to the other they would be sustained. He did not dread an appeal to the country. He feared he should after this was made, miss the faces of some of his hon. friends among the Opposition, but he would try to forget that entirely. He believed the country would sustain the hon. the First Minister and his Government, because they had endeavored to administer the affairs of the country with honesty, with ability, with statesmanship and with patriotism.

Parliamentary Summary.
HOUSE OF COMMONS.
Ottawa, 13th March.
After the disposal of matters of no general interest, Mr. Gougeon moved for a return of all expenditures for repairs, etc., incurred by the Intercolonial Railway Department, on the Tupper House, Halifax, stating that this building had been leased by Mr. Tupper, jr., to the late Government of which Mr. Tupper was a member, and that \$1,500 had been expended in repairs on the building contrary to the public interest. Mr. Tupper replied that he courted an enquiry and that the transaction was not a colourable one. Mr. Thompson moved for reports of the survey of Pine River Pass in the Rocky Mountains. Hon. Mr. Mackenzie replied at length, pointing out the many difficulties of a political as well as engineering character with which the Government were beset in the settlement of the route of the Canada Pacific Railway.

The House went into Committee on the Bill to provide that persons charged with common assault shall be competent witnesses in their own behalf. After some discussion the Bill passed through Committee.

Mr. Archibald resumed the debate on the motion of Mr. Langevin for a return of the six lowest tenders for certain sections of the Welland Canal, and replied to the charges made by Dr. Tupper.

Mr. Bowell followed in a very discursive speech, referring to the Proton outrage. Dr. Stewart of Kingston the Goderich Harbour Job, and many other irrelevant matters. A very animated discussion followed. Mr. Guthrie defended the Northern Railway Committee. Mr. Mills stated there was nothing wrong in the Goderich Harbour matter, and that Mr. Tolton's tender was far below the Government estimate. Mr. Farrow said that Mr. Blake's letter to the Premier had something to do with the contract being awarded to Mr. Moore. On the other hand, Sir John A. Macdonald said that the letter in question was a right and proper one to be written, but went on to charge the Government with having improperly passed over Mr. Tolton especially, that one of his securities was Sheriff Sutton, a man of wealth and capacity. Hon. Mr. Mackenzie replied that this Sheriff Sutton was a man of wealth, that in the awarding of the contract he was largely guided by the opinion of the Chief Engineer, that Mr. Page had reported against Mr. Tolton's tender, that in regard to the letter that Sir John had one story in the House and another out of it. Dr. Landierkin, after referring to the irrelevancy of Mr. Bowell's remarks, and paying a high compliment to the Premier on the ground of the ability and honesty with which public affairs were administered, went on at considerable length to point out the propriety of the course adopted by Mr. Mackenzie in the Goderich Harbour matter, and the inconsistency of gentlemen opposite in complaining that this contract had not been given to the lowest tender, as under the late Government he found that two contracts had been awarded to persons tendering in excess of the low-

The Saugeen Presbytery.
The Presbytery of Saugeen met at Durham on Tuesday last week, and continued until Wednesday. A very full attendance of the members were present. Rev. Mr. Baikie, of the Harrison, Modoc and Saugeen Presbyteries, presided at the meeting. According to agreement at the previous meeting, the first business after the reading of the minutes was the case of Mr. John Martin, Sr., and his delivering the vacant Knox Church property in Mount Forest to the Presbytery. On this case a motion and amendment were submitted. It was moved by Rev. Mr. Moffat, seconded by Rev. Mr. Duff, that having heard parties and papers in regard to the patent of the property of Knox Church, Mount Forest, that the Presbytery order Mr. Martin to place said patent in the hands of the Clerk, to be kept by him, subject to the order of the Presbytery. Said patent not to be delivered to any person until after three months' notice to all parties concerned.

It was moved in amendment by Rev. Mr. Blair, that the case of Mr. Martin having been carefully considered, in which for clerical to deliver up the deed of Knox Church to Presbytery, or to the Trustees of said church, the Presbytery seeing that the case is one purely of civil rights, with which the Presbytery is not competent to deal, as being beyond its province, take no further steps in the matter.

On a vote being taken ten declared themselves for the motion and eleven for the amendment. By a vote of the same kind the amendment was put as a motion and carried, eleven to ten. Mr. Martin, of Mount Forest, then, in his own name and in the name of those who might join him, protested and appealed to the Synod of Toronto and Kingston at its next meeting, to give in his reasons of protest and appeal within ten days after receiving the extract minutes of the Presbytery. It is understood that the Moderator, who had not from his position the liberty of voting in the case, sides with the parties who protest and appeal, so that the Presbytery is equally divided.

The Rev. Mr. Greig tendered his resignation of Orchardville and Middle Station, North York. It was allowed on the table, and an adjourned meeting of the Presbytery was appointed to be held at Durham on the second Tuesday of April, at 2 o'clock, p. m., to consider the matter and transact other business.

Application was made by North and West Brant and North Dundas for pasted changes in that part of the Western District Synod, and North Brant and North Dundas to be under the ministry of Rev. Mr. Duff. The Presbytery, having heard papers and parties, expressed its satisfaction with the excellent manner in which the changes contemplated were submitted to the court, recommending that the present relations continue to the fall, and that at the adjourned meeting to be held next month, parties appear again and state more particularly and definitely what peculiar responsibilities they are prepared to assume in view of these changes being granted.

East Northumberland, and North Northumberland appeared by Commissioners and wanted such a change as would enable Ayton and North Northumberland to be formed in a congregation, and also East Northumberland with Egegnog congregation in securing a student who would give half of his services to East Northumberland and the other half to the congregation of Egegnog under Rev. Mr. Crozier during the summer months. This request was agreed to.

A petition was received from North Lusher, Ross, and Simpson's Corners, for leave to engage Mr. Robert McIntyre for a year. The Presbytery agreed to allow them to engage him for six months, on the condition that the congregation would make their own engagement as to the salary with Mr. McIntyre and be wholly responsible for the payment thereof. Markable congregation applied to be united as a congregation and to have separated their own independent station. Rev. Mr. Crozier during the summer months. This request was granted.

Feversham, Maxwellville and McIntyre's Corners also to be united as a congregation and to have separated their own independent station. This request was granted.

It was agreed to apply to the students of Knox College to make Egegnog and its neighborhood a missionary field for occupation by their society during the ensuing season.

Reports of various committees were received and such general business transacted. The Presbytery closed its session again in Durham on Tuesday 9th April, at two o'clock p. m.

Gen. Sir Wm. O'Grady Haley, Commander-in-Chief of the forces, died at Halifax on Tuesday evening.

The county of Ontario offers \$100 for the apprehension of George McCulloch, against whom a verdict of wilful murder was returned by a coroner's jury for the killing of Joseph Edouard, on February 15th. McCulloch is about 5 ft. 7 inches in height, with ruddy complexion and stout.

There are in Ontario 178 lodges of Odd-fellows, with a membership of 12,318. The total relief given during the past year amounted to \$22,149.96. Since the August session of the Grand Lodge there have been lodges instituted at Aliston, Millbank, and Brucefield.

ST. NICHOLAS AND THE GRAY REVIEW FOR \$2.75.
St. Nicholas, published by Scribner & Co., New York, at 25 cents per issue, is one of the most attractive and popular monthly magazines for young people we know of, and makes a particularly handsome and desirable present. The number now before us contains 100 pages, and is full of interesting and beautiful pictures. In order to promote its circulation in Ontario we have made special arrangements with the publishers by which we can secure a copy of the Gray Review together for \$2.75 a year, payable strictly in advance. Specimen copies can be seen at this office, and is well worthy of inspection.

SCRIBNER'S MONTHLY AND THE REVIEW.
SCRIBNER'S MONTHLY deserves much among the very best illustrated magazines published. Its short and condensed stories are the very best we read. During the past year several papers have in part contained copies of "The Gray Review" together with a few of the best illustrations from Scribner's Monthly, and we are pleased to appear in Scribner's Monthly on Caribou-hunting, Moose-hunting, Seal-fishing, The Thousand Islands, etc., besides a charming Paper by John Burroughs, entitled "Mulling the Honey to Canada," in order to encourage its sale in the province of Ontario we have made special arrangements with the publishers to supply Canadian subjects, and during the year 1878 there will appear beautifully illustrated articles on
