There are three railway projects on the tapis in a more or less mature condition: the Stratford and Lake Huron, offering to extend its line from Listowel to Elmwood, a distance of about 40 miles; the Wellington & Georgian Bay Railway Company, proposing to build an independent railway from Palmerston to some point on the Georgian Bay, and passing through Mount Forest and Durham; and lastly there is the Toronto, Grey and Bruce asking for aid to enable them to widen the gauge and improve the road generally.

Editor Grey Review.

DEAR SIR,—You gave quite a large space to a speech of Dr. Landerkin's last week, and in the interests of fair play you ought to give prominence to the orations in Parliament of Mr. W. K. Fleisher. I have not been able in these hard times to get the daily records of Parliamentary proceedings, and feel much at a loss to know what subjects Mr. Fleisher has lately been illuminating the House. A session or two since Mr. Fleisher was much exercised about the bad smells and ventilation of the House of Commons generally.
