Dwar Sira,—Being desirous that others may know something of the merits of your Constitutional Catalana Ramber, I wish to inform you what it has done for me. I am 20 years old; had been out of health for about five years, had employed three or four different dectors, and tried various medicines, without receiving any permanent benefit, but continued rather to grow worse, until last fall, when I had become so bad as to be unable to do an hour's work at a time. Had severe soreness and pain under the shoulder blades and through the shoulders, with very lame back, and a feeling in my right lung as though there was a weight bearing it down, with continual dropping in the threat and down upon the lungs. Such was my condition when I gommenced to take your Catarrh Remedy, one bottle of which eased my pains and gave me an insproved appetita, and after taking four bottles I was restored to health, so as to be able to endure hard and continued labor, such as chopping and clearing land, at which I have been engaged the lessing, to the rese of your Catarrh Remedy.
