A Word to Old Paths' Foe

DEAR SIR,-As Old Paths has finished Chatham jail on a charge of stealing four the work which he set himself Mr. Thomas Boulden, an old and es- head of cattle. The other day he was would, with your permission, beg to say life on the 19th inst. in his sixty-sixth year. until the assizes to answer another charge sing the question, "What is Plymouth ism ?" took occasion to refer to a letter ceived quite enough attention from Qui Paths himself, so that I need say nothing about it but this, that instead of addressing himself to Old Paths he should have directed his attention to the answers given by me to certain queries which appeared in the REVIEW, as to the teaching and practice of the so-called Galt evangelists, and which formed the groundwork of all the allusions made by Old Paths to the savings and doings of these men. These answers have remained unrefuted and unchalleng ed to this day, which of itself is the best proof of their correctness; and it is not at all likely that the foe would have drawn a lance at this time but that the trenchant logic of Old Paths showed to what an abyss of error the foe and those like him, who with open mouths and ears drank in the The County of Grey is no ways deficient | teaching of the Galt men, were being led. in natural scenery, and some of the more It is too much for their poor human napicturesque has already formed subjects for ture to at once acknowledge their error, illustration in two issues of the Weekly and consequently the foc is put up to as-Globe. South Grey, from its northern sert that they were not wrong but right, of Mr. James Falkingham, near Hayward's what may perhaps in the future form a nary ground no where else known except Mill, woke up and found that the house was prominent attraction to many. The ob- among Quakers and Plymouthists that ject of our visit was a sulphur spring on every one who has the Gospel has a comthe farm of Mr. Henry Lippert, on lot 5, mission to become a preacher. That is

> plain if they are set down as Plymouthists themselves. 4. The tendency of the Galt preaching is showing itself in places which

same laying of unholy hands on sacred And 5, as showing the course of Foe and others that three years ago a conple of Plymouthists commenced their onerations in Elora, got hold of an influential Trustee of the Baptist congregation there and through him got into the Baptist Church. They then attempted to hold possession of the Church as against the Baptist congregation, until Dr. Davidson and Mr. C. Raymond, of Guelph, came to the assistance of the congregation, dislodged the Plymouthists and drove them out of the church. These are a few facts for the con-The Directors of the Dundalk Union sideration of all parties concerned, and

of the United States on the same subject, but the person who remains unconvinced after reading the letters of Old Paths is not As to what the Foe says in his last let-For Artemesia-Henry Johnston, Ed. ter about assurance, there is no need of For Osprey-Wm. Arnott, Geo. Glazier, not denied by any of the Evangelical Churches, and is held as firmly by Old Paths as by Mr. Bonar or Mr. Purvis either. But the foe on this point as on Considerable building is going on in the many others, mistakes the question at is-
