tor of youth.

land has recently issued an address to his preparatory to a general election campaign. The Hon, gentleman says that the time has come when a policy of Disestablishment should be inaugurated, especially as regards Scotland. That this question will form an important plank in the platform of the Liberal party in the United Kingdom at the next election is becoming more and more evident.

HARD TIMES.

bout hard times, and no wonder, for the pressure of hard times is felt by most people. Business men and workingmen are complaining not only here but in the United States and the countries of Europe of the searcity of money, and of the searcity of remunerative employment. And that this is no empty cry, is abundantly evident from the number of failures that are daily occuring among business men, the short hours and reduced wages among the manufacturing and labouring classes, and of the Wellington & Georgian Bay Railway the strikes, the co-operative unions and Company, was held in the Town Hall, ing the hard times were good. -From the London Free Press we learn poorer classes, of any experienced since
