## Dedication Services at Holstein.

### T. G. & B. Railway.

Last week we gave a brief description of the opening services and tea meeting held in the New Canada Methodist Church, Holstein. Being unable to be present at the morning service, a friend kindly furnished us with the following description of the Dedication service:—During the week, previous to the opening day, apprehensions were entertained, owing to the severity and stormy state of the weather, but on Sunday morning the weather had moderated, and the sun shining forth at intervals be tokene a day favourable to the convention of large congregations. At about 10 o'clock sleighs were seen north and south, conveying friends, boviant with expectancy, to the new edifice. By 10.30 the audience room was comfortably filled. The ministers present were J. Weston, pastor; E. B. Ryckman, M.A., of Guelph, and Geo. Buggin, of Mount Forest. At 10.45 Mr. Buggin rose and announced the 128th hymn, and led in prayer, after which the choir rendered the appropriate anthem, "Lord of Hosts." Mr. Weston read the viii chap. of 2nd Kings as first scripture lesson, and a part of the vii chap. of St. John's gospel was read as a second lesson by the Rev. E. B. Ryckman. The congregation then joined heartily in singing the 67th hymn, at the conclusion of which Mr. Ryckman announced his text, St. John's gospel, vii, chap. and part of the vii vers., "I am the living bread which came down from heaven." After speaking briefly upon the Jewish significance of the word "bread," he launched forth on his subject. The discourse abounded with rich and forcible illustrations. Leading thoughts as remembered were:—Christ the bread of believers; the unbounded resources and inexhaustable wealth in Christ; the soul need food, is possessed of holy and high aspirations; all living things require food;—the bird eats the insect, the insect feeds upon the leaf, the leaf is nourished by the sap, the sap comes from the earth, the earth drinks from the cloud, and the cloud from the ocean. There is a growth-upward and a growth downward. In the descending scale man tries to satisfy the hunger of the soul with the things of earth, and as a result the mortal part, the soul being diverted from the tributaries of health and vigour becomes starved, dwarfed, prostituted; while in the ascending scale the soul having been united to Christ, feeds upon him and grows,—is developed through the gradually maturing processes, blossom, fruit, pardon, holiness, heaven. The Christ's tress will, Christ, never can be outgrown the support. The created may cleave to man grow upon him, never beyond. In Christ the soul's aspirations and wants are met. There is no point of Christian experience where we can pause or settle down; the mount of transfiguration was no place for Peter, however much he wished to tarry. The soul's satisfaction creates a desire for more. God's love is in no way diminished by imputation—the mother's love is in no way lessened by her even lavish expenditure of maternal fondness. There are those whose very presence contributes to my salvation, whose words are nutes of wealth, whose society is refining and elevating. We are strong here; but not till this mortal shall have put on immortality, this corruptible incorruptible, till we get home to heaven shall we know what real strength is. We get light here; but we must wait till from the Eternal Throne the sun of Righteousness shines full upon us to know what real light is. We are happy here; but what is our happiness here to what it will be in heaven—only as a ray of light to the full orb sun, only as a drop to the ocean. Many other truths were given utterance, but space holds but little room. It was now formally dedicated to God, and we do not to many hearts God whispered approval and acceptance. The doxology was sung and the congregation dismissed.

In describing the building last week we should have stated the size of the building, 48 by 32 feet. The windows are very neatly frosted, and a neat moulding over each window. The following is a summary of receipts from the different sources towards liquidating the debt on the church:

Collections ..... \$ 75.00  
Tea-Meeting ..... 93.27  
Ladies' Aid ..... 50.00  
Social ..... 18.00  
Subscriptions ..... 1,336.00  
Total ..... \$ 1,572.27

THE REV. DR. GREEN of the Canadian Methodist Church died at his residence at Toronto on Thursday last in the 77th year of his age. The deceased was born in the state of New York in 1801 and came to Upper Canada in 1822. Shortly afterwards he entered the church and was appointed probationer in 1824. During the early years of his ministry, he laboured much—often in company with Dr. Ryerson—in all sorts of weather and travelling constantly on horseback, for in those days wheeled conveyances were out of the question. In 1845 he was appointed Book Steward, being obliged by failing health to withdraw from the work of the pulpit. Dr. Green was a popular and effective preacher but proved himself as well to be of great service to the church, in carrying forward its legislative and financial operations. In 1828 he married Miss Rachel Hopkins, daughter of Mr. Caleb Hopkins, M.P.P., of Nelson. A few years since he wrote a memoir of his life and times, at the request of the Conference.

Lord Dufferin has started for St. Petersburg, to assume the duties of British Ambassador in the room of Lord Loftus. He was entertained at a banquet in the Reform Club on Saturday, on which occasion Earl Granville, supported by the Marquis of Hastings, presided.

Buy It! — Try It!

### A large and important deputation waited upon the Attorney-General Monday week in support of a memorial praying Government aid for the purpose of enabling the Company to widen its gauge.

A telegram from Washington says that a Bill has passed the House authorizing the Secretary of the Navy to accept the ship "Jeannette" from J. Gordon Bennett, for the purpose of a Polar expedition by way of Behring's Strait.

The snow storm of Thursday night, which was so general on this continent, appears to have visited Europe as well. Six inches of snow fell in London; there was a heavy fall in Paris, and the continental telegraph wires were interrupted by the storm.

BIRTHS.

WALLACE—In Egerton, on the 18th inst., the wife of Mr. Elijah Abram Wallace, of a daughter.

MARRIED.

MCDONALD—McGLEN—In Glendale, on the 22nd of January, the daughter of Mr. John McDonald, of the late Mr. Neil Gilliland, of Glendale, by the Rev. Mr. Gilliland, of Glendale, to Mr. John McDonald, son of the late Mr. Neil Gilliland, of Glendale.
