into the necessaries of life. Another feature of the National Policy which is very objectionable is the drawback, or, properly, bounty system on all exported goods. This is a most vicious principle. It is a premium to dishonesty on the part of the manufacturer, it necessi tates the employment of an army of officials along the frontier, and still further increases the prices of goods to the consumer.

proposed tariff the Government ecedingly anxious heavy as is the of some of the taxes, that for "collect as much revenue as will meet the ex-

penditure of the Dominion." Mr. Cartwright followed, and in the course of his speech, claimed that the future result of the proposed tariff would be to provoke te taliation on the part of the United States, and would it be to repair the damage it would On moving the House into Committee of work. Money would be taken out of the Ways and Means, the Hon. Mr. Tilley, pockets of the many and put into those of the Minister of Finance, said that before laying few. Socialism would be encouraged and we many European nations through this scheme of legalized rolbery, which would prove a sham, a delusion and a snare. Hitherto our political system and financial policy had been vastly superior to that of the United States; now it was getting as near it as possible and the natural sequence was anners.

Hon, Mr. Tupper referred to the great change which had taken place in public sen scathing series of criticisms on Mr. Cartwright, whom he charged with charging to dollars against the advice, in black and white. of one of the best officers in the Finance De

partment. Hon. Mr. Mackenzie following in a lengthy representing Canada, take up and wear the east-off clothes of older nations, in assuming a policy which has ruined other countries, and in rejecting a policy which has made the Mother Country great and glorious and such as under the schedule of cotton goods | country, in a position of observing as we are the policy of the Government is this : To the results of protection in a neighboring Moved by Mr. Abbott, seconded by Mr. select for a high rate of duty those that are country. He then went into a full review of not made in the country, or are not likely was a protective one. He summed up by sayto be made in the country, such as in the ing :- I have only to say that it is bad enough by every delegation that approached them ers, and if continued for a few years ruining accomplished the ruin of the working classes; but it is infinitely worse when the tariff is so most heavily upon those who are least able to for a vote to carry it out, the Government pay, and who have the most need of the ment for power; and authority, such as the policy to be consistent. Why, Sir, the Moved by Mr. Abbott, seconded by Mr. United States Government have, and such Minister of Finance proposes to tax every Black, That the Auditor's Report be re- as they exercise to-day, to fix themselves, body. He said he had considered all inceived, and that the clerk be instructed to through their officers, the value of the terests, and had taken care that they should goods in the country from which they are all be taxed slike. No system of protection imported. (cheers.) The great difficulty is just unless it protects all classes alike, and Fleming. That the Auditors receive the that we have everywhere had, and it has it every one is taxed alike we are just so much worse off by the amount we are taxed. (Heait is not possible to give protection to all. He the fields, on the sea in our fisheries, and is tain in the different countries what are the our mines. It is they who make the riches of Fleming, That a grant of \$10 be given to values of the goods which we import from the country. The merchant who sells goods them, and on these values to impose the is not the producer. We have thousands of there will be a difficulty, and to obviate mercial life in order to assume the labour of of bushels of wheat makes a country richer by the wheat. He is the man we should pro The Hon, gentleman then explained tect. But how can you protect him unless ou exclude all foreign labour from the
