Bentinck Council.

A special meeting of the Bentinck Council was held in Reid's Hotel, Hanover, on Saturday, the 26th of April, for the purpose of receiving the Agreement and Debentures to be given and issued under By-Law No. 4 for 1878 granting a bonus of $20,000 to the G. B. and Wellington Railway Company, and to hear Mr. Pearson in behalf of his claim for land taken for Deviation on Lot 6, Con. 13. Members all present.

The Reeve having laid the agreement and Debentures before the Council and no one being present on behalf of the Company to answer enquiries respecting them made, it was resolved that the Clerk telegraph to the President of the Company asking him to attend this meeting and that in the meantime Mr. Pearson's business be taken up by Council. Mr. Pearson having stated his claim, it was moved by Mr. Willis, seconded by Mr. Laidlaw, That Mathew Pearson be paid the sum of $75 in full of land taken for Deviation and fencing the same on Lot 6, Con. 13 and that this Council hereby agrees with Mr. Pearson to make the Roadway or said Deviation high enough to allow him to raise the water on a mill priviledge said to exist on Lot No. 6 to the extent of 6 feet 8 inches from the bed of the creek, said height to be taken at a point where said creek crosses the original Road allowance between Lots 5 and 6, Con. 13.—Carried.

A message having been received from the President of the G. B. & W. Railway Company indicating that he would not be present at this meeting, it was moved by Mr. Laidlaw, seconded by Mr. Fursman, That this Council do now adjourn, to meet again at Chittick's Hotel, Allan Park, on Saturday, the 10th of May next, at the hour of 2 o'clock in the afternoon, then to take into consideration the Debentures to be granted to the G. B. & W. Railway Co., and the agreement of said Company to this Council, and that in the meantime the Reeve obtain legal advice, if he deems it necessary, and that the Clerk notify the President of the Railway Company of the date of the meeting, requesting his attendance at the same, and to be then and there prepared to show and hand over to this Council a statement of the financial standing, and prospects of the Company.—Carried.

Council adjourned.

Normanby Council.

The council of the township of Normanby met, on call of Reeve, at Township Hall on April 16th, A. D. 1879. Present—John Koenig, Reeve; George A. Schenk, first Deputy-Reeve; Henry A. McMahon, second Deputy-Reeve; and Jno. Blyth and Andrew O'Farrell, Councillors.

The Reeve explained object of meeting was to consider as to changes applied for in school sections and which required to be done, if thought advisable, before first of May.

Thos. Stevenson, trustee of P. S. S. No. 8, appeared and addressed the council, asking lands owned by Messrs. Kirby, Schram, Douglas, and Dodds, to be detached from P. S. S. No. 14 and attached to No. 3. Messrs. Kirby, Schram and Douglas opposed the change.

Moved by Mr. Schenk, seconded by Mr. McMahon, That application of trustees of P. S. S. No. 3, be granted so far as relates to 2nd Division of lot No. 16 on the first concession of this township.—Carried.

By-law was passed making change in School Section by-laws to agree with resolution.

The application of trustees of P. S. S. No. 12, to get lot No. 31 on 4th concession added to said section was read. Trustees not being present, case was left over until one o'clock in the afternoon; trustees no appearing and Mr. Alfred Smith opposing the change it was,

Moved by Mr. O'Farrell, seconded by Mr. Blyth, That in absence of trustees, who made application for change, no action be taken.—Carried.

Moved by Mr. McMahon, seconded by M. O'Farrell, That work on town line and deviation asked for in 1878, by Mr. Marshall and others, and certified as completed, be paid to amount of $50, being $25 each from funds of north, east, and north west divisions, 1879.—Carried.

Moved by Mr. Schenk, seconded by Mr. O'Farrell, That portion of arrears of taxes returned as statute labour for third division of lot No. 20, on first concession, amounting to $16, be worked for by owner on beat in which said lot is situated and that order be issued for said amount.—Carried.

The clerk reported getting quit claim deed from Mr. MacRae in favor of corporation for lands erroneously sold by county treasurer for arrears of taxes and of paying Mr. MacRae for same, the sum of $56.

Moved by Mr. Schenk, seconded by Mr. O'Farrell, That cost connected with procuring quit claim deed as reported by clerk, be paid to amount of $5.—Carried.

The Reeve presented receipts from trustees of Stratford & Huron Railway Company showing that debentures to the extent of $80,000 were deposited with said trustees, as well as a copy of agreement between company and corporation of township, said receipts reciting the understanding arrived at in reference to coupons on the Debentures and when interest through said coupons should commence.

Moved by Mr. Koenig, seconded by Mr. Blyth, That clerk file receipts in his office with other railway papers.—Carried.

The Reeve read a letter from Mr. Fuller, President of Stratford & Huron Railway Company, explaining misunderstanding relative to interest on debentures under by-law No. 6 of 1878, and stating that while giving way to the view council had formedyet he could not remember having made promise ascribed to him by the council.

Moved by Mr. Schenk, seconded by Mr. Blyth, That Reeve and clerk sign and put seal to memorials in favour of aid to eye and ear infirmary to be located in Toronto.—Carried.

Moved by Mr. Schenk, seconded by Mr. Blyth, That clerk procure one hundred copies each in German and English of Auditors' report of 1878 accounts.—Carried.

Moved by Mr. McMahon, seconded by Mr. Schenk, That William H. Ryan, having paid arrears of taxes for 1876 and 1877 on lot 3rd division of 20, on 1st concession, to amount of $6.92, the same be erased by the County Treasurer.—Carried.

Moved by Mr. Schenk, seconded by Mr. Blyth, That Reeve and Clerk be paid $25 each for services relative to railway debentures, being three days signing debentures and coupons, one trip to Listowel of two days, one trip to Stratford of two days and cost of railway fare, except from Listowel to Stratford and back to Listowel, which Stratford & Huron Railway Company gave free.—Carried.

Moved by Mr. O'Farrell, seconded by Mr. Schenk, That Clerk publish Court of Revision for 26th day of May, A. D. 1879.—Carried.

On motion, made and seconded, council adjourned until May the 26th, 1879.

W. H. RYAN, Tp Clerk.

Population of St. Thomas, 7,217.

Herring are plentiful at Gore Bay.

There are 2,000 people on St. Joseph's Island.

Carleton county, N. B., has adopted the Scott Temperance Act, and Lanark county, Ont., has repealed the Dunkin Act.

Dominion Parliament.

Ottawa, April 21.

Mr. Keeler introduced a Bill providing for the repeal of the Supreme Court and Exchequer Act. He explained the object of the Bill to be the complete abolition of the Court which he claimed was unpopular and unnecessary.

The Minister of Justice spoke favorably to the continuance of the Court, and expressed a belief that the mover of the Bill must be amusing himself in introducing such a measure at so late a period in the session. The Premier took similar ground.

Mr. Mackenzie strongly depreciated the introduction of such legislation, and after further discussion he moved that the Bill be not read a second time till that day three months.

The Premier was opposed to the three months' hoist, but a vote being demanded the amendment was lost on a vote of 44 yeas, 120 nays, majority against 76. Seven French-Canadian Liberals voted for the Government, and Mr. Cockburn (West Northumberland) voted against the Government.

The debate was continued until six o'clock by a number of members. A day was appointed for the second reading of the Bill.

The Bill to provide for an increased representation of the shareholders of the Northern Railway Company on the Board of the said Company was read a second time.

A number of questions were put to the Government and in reply to one by Mr. Skinner, the Minister of Finance said there would be no change in the Order in Council passed in 1873 respecting the manufacture of beet-root sugar.

Several motions for returns were passed.

At eleven o'clock Mr. Wallace's motion on the national currency question was reached, and as the discussion on this question was likely to be protracted, and would entail keeping the rag baby out of its cot till an unseemly hour in the morning, Mr. Charlton suggested that the consideration of the motion be postponed till Monday next, when it will be the first order.

Ottawa, April 22.

Mr. Colby introduced a bill to repeal the Insolvent Act for 1875 and the Act amending the same, and to make provision for division of estates of insolvent debtors.

The House resumed the adjourned debate on the proposed motion of Mr. Tilley, for concurrence on the item, "wheat flour, fifty cents per barrel," and the motion of Mr. Vallee in amendment thereto, placing flour on the free list, which was lost, 61 for and 120 against.

On the item butter, 3 cents per lb.

Mr. Charlton said we exported last year 13,600,000 lbs. of butter and imported 111,557 lbs, chiefly in Manitoba and British Columbia. The price was regulated solely by the price of the market where the surplus was disposed of.

Mr. Anglin said the farmers of the maritime provinces asked protection against the butter producers of the upper provinces who sent large quantities to St. John and other cities.

Mr. Cartwright said he had been requested by butter-makers to suggest that milk used at creameries should be admitted free.

Mr. Tilley said the question was being considered, and no doubt means would be devised to carry out the suggestion.

The item carried.

On the item, cheese, 3 cents per pound.

Mr. Charlton pointed out that our country had always had a large quantity of this article to export. Our export of cheese last year was 28,054 000 lbs., while we imported 88,484 lbs., of which half went to Manitoba and British Columbia. It was absurd to attempt to benefit the agricultural community by imposing duties on articles of which we exported a surplus.

After an animated debate the item passed.

Ottawa, April 23.

The consideration of the tariff in detail was resumed. After a number of items had been disposed of, a debate rose on the proposal to tax a manufacture of iron known as wood screw 35 per cent.

The next discussion of any consequence was on the item of printing presses, 15 per cent. Messrs. Cartwright, Anglin, and Ross (Middlesex) pointed out the oppressive nature of this impost, and the injustice of taxing printing presses, which are not manufactured in Canada, while the machinery for cotton and woollen mills, similarly circumstanced, was admitted free.

Mr. Cameron (Huron) directed attention to the complaint by said manufacturers that they were not sufficiently protected, while the cost of production was largely increased. He requested the Finance Minister to allow the item to stand for a day, so as to enable him to make personal enquiries as to the grievances, but the request was refused.

On the item of sugar a long debate took place, during which Mr. Tilley claimed credit to the tariff for an alleged decrease in the price of sugar, but the Opposition pricked the bubble, by showing that prices had already actually increased, with prospects of a future increase, notwithstanding a decrease in the price at New York.

The whole of the items classified as sugars were concurred in, and the debate was adjourned.

Ottawa, April 24.

The consideration of the details in the tariff schedule was resumed. The first item considered was tallow, and, contrary to general expectation; teas passed without any discussion.

The remaining items in the schedule subjected to duty were adopted without discussion.

The only item on the free list commented on was that of exempting steelrails from the operation of the tariff till January 1st, 1881.

The remaining items of the tariff were passed with scarcely any discussion.

The Minister of Finance introduced the Tariff Bill embodying the resolutions, and the said bill was read a first time.

The St. Mary's *Argus* says:—Farms have decreased in value in Ontario fully $10 an acre since last August, and yet the National Policy was to have been of immense benefit to the farmer. If the new tariff were of any great benefit to the farmer it would certainly increase the price of his farm; for if the cattle, horses, grain, and everything else the farmer has to sell were increased in price the farm would certainly become more valuable. This is not the case, for farms have rapidly declined since the introduction of the new tariff. This is the very strongest testimony that could be adduced to show that the National Policy is injurious to the farmer. It shows that although there may be a few who are in favour or indifferent to the new changes made by the new tariff, yet the whole mass of farmers throughout the Dominion feel keenly the injury which the National Policy has done them. Every day the farmer is waking up more fully to the fact that the farming community have been gulled, and those who have land to sell will recognize it sooner than their neighbors.

STRATFORD & LAKE HURON RAILWAY.—Like Oliver Twist the Stratford and Lake Huron Railway projectors want "more." We learn from the Harriston *Tribune* that a meeting in the interest of the scheme was held in that town on Monday evening last, when the President and Vice President of the road explained the present financial position and the future needs of the company. It seems that bonuses to the extent of $375,000 have been voted by the municipalities along the line, but that $90,000 more are wanted to enable the Directors to proceed to the construction of the railway. Of this sum Harriston is expected to contribute $5,000; Sullivan, $15,000; Derby, $10,000; Hanover, with adjoining townships, $15,000; Chesley, $10,000, with the balance from Tara, Wiarton and other unexplained sources. Our Harriston neighbors are imbued with a properly "canny" spirit, for it appears that on hearing Col. Tisdale's explanation, a resolution was carried by the meeting referred to, pledging itself that it would use its "best endeavors" to supplement the bonus already granted by the town to the railway, as "soon as the sectional by-laws north north are carried." The presumption is that if they do not move in the matter until by-laws are carried in *all* the municipalities specified, both the town and the railway project will have a long rest. And further, if the future of the railway is bound up in securing the sum of $90,000 in the manner indicated, the company will have need for the seven years' extension of time given by an Act of the last Ontario Legislature for the completion of their line. Our contemporary says that the President of the company is now "up north" with the view of getting the municipalities into the mood of complacency needed to secure the desired additional Funds.—*Examiner.*

The Kansas City *News* shows that the effect of the N. P. will be that the Canadians will have a chance to try the benefits of protection, which already show themselves in the increased price of sugar, salt, coal, and the further depression of the lumbering interests, from the tax on corn and mess pork, which are largely consumed in the lumbering shanties. The next election there will show a great change in public opinion on this question. Protection will bring no relief to trade—it will increase the burdens of the people for the benefit of a few manufacturers, who will get rich, as the same class has done here, while the workers and the consumers will become poorer.

The tunnel has been at last commenced. But it is not finished. Nature herself has put in a protest in the bubbling water that told of the fissured rock. These fissures will prove a serious but not insurmountable obstacle, and if the people of Detroit go at their bridge with the energy the project deserves, and get it ready for the crossing of trains, the tunnel at Grosse Isle may yet be abandoned, as was that which was commenced at the Detroit and Milwaukee depot.

A movement is on foot to extend the Credit Valley Railway from Orangeville through Hockley to Beeton and Alliston.

A Frontenac man drank a patent pailful of cold water one day last week in seventeen minutes. The feat was performed on a small wager.

Durham. y-1

Nothing LIKE LEATHER!

FAIR PRICE AND LIVING PROFIT.

THE subscriber keeps on hand no low priced goods, but goods that are cheap when taking into consideration the long wear and comfort of the Rockville

BOOTS AND SHOES.

I have now facilities for manufacturing an article second to none in the County of Grey, and have no old stock on hand, but all my goods are of the latest style having opened out a large consignment of A 1 Last, Centennial and French flex for gents' fine work. In sewed work I defye competition. The work is done by workmen of experience as everyone admits that Joppe' Shoemaker cannot be surpassed.

Just call and see my "Eureka Shoe"—something new in these parts.

Orders left at J. W. Houldcroft's Harness Shop, Durham, will receive prompt attention.

Repairing done with neatness and despatch.

Always on hand all kinds of Leather of Native and Foreign Brands at my Tannery.

CASH FOR HIDES.
