Effects of Attention on the Bodily Organs.

Lane, writes to the British Medical Jour. norance quite as much as of actual sin of nal as follows :- A few years ago, a lady wrong. Fools, and especially vicious who had watched a case of cancer on the fools, have no right to get possession of an breast, which had been excised, became bonest woman's life and soul, which they convinced that she was suffering from the cannot comprehend, and the elevating insame disease. The pain, she said, amount- fluence of which they throw away even ed to agony, and its character was just more by stupidity than wilfulness. A wosuch as she had witnessed. As an intimate man, by her sex and character, has a claim friend I was spoken to by the relatives, and to many things beside shelter, food and bealth.

Stains.

ago in the Zeitung :-

all kinds of fabrics.

Grease Spots-For white linen or cotton meaning of marriage to vulgarity and goods use soap or weak lye. For colored weariness; they spoil the chance of that ogg, with water.

white or colored cotton and woollen goods, oil of turpentine or benzine, followed by soap suds. For silk, benzine ether or soap -hard rubbing tobe avoided. For all kinds of fabrics chloroform is best.

Stearin, Sperm Candles-For all kinds 95 per cent. alconol.

Wine and Fruit Stains-White cotton or linen, fumes of burning sulphur, warm chlorine water. Colored cottons or woollens arise and take the temperance pledge in a wash with soap suds and ammonia. Silks, lump. the same, with gentle rubbing.

tartaric acid solution; the older the stain Waterloo held in Galt on Tuesday, it was the more concentrated the solution should finally decided to submit the Scott Act to be. Colored cottons, woollens, silks-a the electors, and arrangements were made weak solution of tartaric acid, if the color for holding public meetings and securin allows of its use.

Rust, Nutgall Ink-White cottons and petitions. linens. Warm solution of oxalic neid, dilute muriatic acid, followed by granulated tin. Colored cottons and woollens Repeated washings with a solution of citric acid, if Quartermaster - General disobeyed Lord the other color is fast. [Silks, do nothing, Chelmsford's orders by sending the Prince all attempts makes things worse.

linens. Wash with cold water. Colored affair there is not one redeeming feature. goods and silks. A very weak solution of citric acid applied with the tipof the finger to the spot previously moistened with plosion

Acids, Vinegar, Orange Juice, &c. - White nated. Useless precaution! they never Cottons and linens. Wash with pure water catch anything. or warm chlorine water. Colored goods of silk. Ammonia diluted according to fineness of the tissue and the delicacy of the

Tanning, Walnut Shells .- White cottons and linens, Javelle Waters (liquor soda chlorinate) warm chloric water, concentrated solution or tartaric acid. Colored goods and silks. Chlorine water, diluted according to the tissue and its color, each application to be followed by washing with is dead.

Tar, Axle Grease-White cottons and "James, how is it that my butcher bills are lineus. Soap, oil of turpentine and water so large, and I always have such dinners?" each applied in turns. Colored cottons "Really, sir, I don't know, for I'm sure we and woollens. First smear with lard, rub never have anything nice in the kitchen with scap and water, and let it stand for that we don't send some of it to th a short time, then wash with oil of turpen- parlor.' tine and water, alternately. Silks, the same, using benzine instead of turpentine, master, "you don't know how much two and dropping the water from a certain and five make. Now listen. In one pocket height on the under side of the satin. Avoid I have \$2 and in the other \$5. Now how

GINGER SNAPS .- 1 cup butter, 4 cups dismissed flour, ginger to taste, and wet with mo-

MUFFINS.-1 pint sour milk, 1 egg, flour of the small boy by running a number of enough to make a thick batter, soda. Bake wires over it in connection with the battery quickly, in rings.

three-fourths cup of milk, one-half cup and runs off howling. butter, one-half teaspoonful soda, white of 6 eggs, flavor with lemon.

ALMOND SPONGE CAKE. - Beat fine, with | who was painting her house on Third street monds, half sweet and half bitter; I pound | boss has just gone to look for another job sugar, 10 eggs, beaten separately; add, If he gets it, I'll be done to-morrow, but if lastly, one-half pound of flour.

LEMON PIE. -- 1 cup of hot water, 1 tablespoonful flour, 1 cup of sugar, 1 teaspoonful of butter, 1 lemon; cook for a few tr,y set a hen on some eggs, and in due minutes. Then add one egg beaten; this course of time a brood of chickens was makes one pie, with top and bottom crust. To TELL Good Eggs .- If you desire to be certain that your eggs are good and looked weak and puny, asked how often

fresh, put them in water. If the butts turn they were fed. "Fed!" was the reply, up they are not fresh. This is an infallible "why, I thought the hen nursed them." rule to distinguish good eggs from bad A promising youth of only seven sum-

says the cotton trade is unprecedentedly gloomy. Several mills in that district will close because of the depression.

Owing to the duliness of trade and the either?" persisted the young lawyer. "No eling of incocurity in Russia, the Moscow |-but why?" "Oh! because I don't see Exhibition, contamplated for how two people who never told a whopper 686, has been postpened for a twelve- could have a boy that tells as many as I Rockville Mills,

Unhappy Marriages.
