Terrible Floods in Spain. A LOVELY TROPICAL GAMDEN CHANGED IN ONE

BIGHT TO A DESERT PLAIN.

New York, Oct. 25 .- The Herald's London special of the 24th says: Full news has been brought to the papers this morning of the terrible flords that have devas. York from Liverpool, who had been thirteen to ted the valleys of the Mundo and Segura days without food or water. He was terhivers. The present summer has been rible wasted, and after faintly calling for unu-uslly hot. Even this tarrid region water, he died. has known no such heat for a generation. For months not a cloud has been seen, and hostile Utes has been completely success not a drop of rain has falten. On Tuesday ful. All the women and children taken last few people ventured into the streets captive at the White River Agency have during the daytime, but in the evening been surrendered. there was a general movement of carriage. and foot passengers toward alameda, which stands high, and from which the view extends over the river and the Campagua as far as the hills. It was about ten o'clock when the approach of the mistral, a cold and biting win 1, was felt from the direction of Carthagena. The sky turned hastily homeward. Soon the st rm paper, is blessed at the present time with was howling over the town and amid the 170 crosses or decorations of all kinds, the streets, and tore through the houses. It display of which in a single row would merea ed in violence every minute. The cover about six yards. The only power rain seemed to be falling in broad sheets which is n t represented in the collection of water. No such tempest had been seen seems to be Great Britain. within the memory of the oldest inhabitaut. Shortly after midnight the watch man found that the river was rising rapidly. It had already overflowen the banks. He hurried to a clock tower which gives dwellers by the waterside, and set the beli in motion. Instantly the inhabitants rushed into the streets, but few of them had time to do more than snatch up a little clothing. The authorities at once pro- the liberal constitution granted by King ceeded to organize assistance for that part | Christian five years ago, and elects its new of the town which was already lying be- parliament, the second, next year. Though neath the level of the flood. Suddenly all taxation is light, there is a growing surplus the galights went out, then everybody in the treesury, compulsory education has knew that the flood was advancing. From been introduced and receives popular supstreet and square, from balcony and port, and convenient road; are building house top, came the cry, "The water is throughout the Island. rising !" It was a fearful moment. The A Paris tradesman, fearing that a favor confusion was unparalleled. In the suburbs | ite Newfoundland dog was exhibiting symof San Benito and San Lorenzo, before tons of rabies, hired two boys to take him ha f the people could get out of the riels to the Seine, attach a heavy stone to his they had the water over the lower floors neck, and drown him In throwing of their houses. The church doors were the dog in, one of the boys fell into the Gueiph-rirst Wednesday ir each mouth. soon forced open by the flood. It invaded river and twice sank, when the dog, having the numberies and he mitages, the orator- got rid of the stone, rescued the boy and ie- and convents. It poured into the cav- carried him safely to the shore. alry barracks. It skirted the great Episcopal Palace and the Colleges of St. Sul geniss and St. Isadore. Many of the pul lie buildings and institutes it shared. As it swept on to the railway station it tor up the sheds and embankments, destroying telegraph poles and tearing up rails. Several times during the night was heard the crash of falling houses and s; lintering timbers, and above the noise rose the waiting shricks of unfortunate beings that could not escape and were soon three Minnes to children, and tried to carry smothered in the ruins or torents. Acts of a three year-old girl. Her seven-year extraordinary heroism were performed by sid brother seized a outcher knife and cut the authorities and boatmen and Civil at the eagle's legs till it attacked him. The Guards. One guard five times braved the creams of the children brought their torrent with the water up to his chest. mother, when the eagle flew to the roof of Each time, he came back with a coild in his the barn, where he was shet. His wings arms. Nor were the higher classes less measured seven feet from tip to tip. generous in their efforts to save the drowning people. One nobleman in his carrage re-cued them by dozens, until his horses, dead test and half drowned, could no longer pursue the work of charity, and as fast as the receel were brought in, they were carried either into private dwellings or into the Government House. Tar Bishop epened his palace to several hundred and set sup and wine before them. When day trake, as far as the eye could reach, there was seen a level expanse of water. Where vines grew as if woven over the ground, dead animals, and not a few human bodies were floating in the turbid tide. Villages and farms all shared the same fate. No intelligence could be obtrined from the survivors, as the road we e impossable. The line of rollway waduermas were a heap of ruine, from the midst of which rose the pointed spires of their churches and the gables of a few larger houses, whose inhabitants had escaped by sy ending the night up in the roofs, drench-Berjajai. , Laca and Carravaca suffered no less damage than the other villages of Murem and its valleys known such di aster resuming her nove .. suce the floods of 1691 and 1802. The exleagues in excent. The illages of Monduermar, Franka,, Torre Aquerra, Alcentonilla and Corga have been swept away. Murcia, Vethacla, Loren and Almeria, have been
