Trenton news is highly exciting. There was a great fire last night. The hunters were all in the saddle, the hounds were all in the pack, and the fox was in a bag. Gentlemen.—Last fall I contracted a severe cold, which, by my neglect, settled on my lungs. I found every indication of the first stage of consumption, and, like most persons, almost too late, consulted a doctor. I tried many remedies, but got no better; was almost satisfied I was incurable. Accidentally I heard of your Victoria Compound Syrup of Hypophosphites, and as soon as possible bought a bottle. I immediately felt relieved. After taking five (5) bottles I am cured, and never felt better in my life. You would heartily recommend Myposphite.

602—Respectfully yours, W. ELDERSON.
