Hagyri's Yellow Oil combines in such an eminent degree all the healing, curative and extracting qualities known to medical science.
It is a truly a family medicine that cannot be dispensed with. When applied to any swelling sore, burn, chilblain, frostbite, skin eruption, etc., its effects are magical. It is highly esteemed wherever known, as its enormous sale annually is the best certificate of its merits. -b 96

Great Speakers.—From a statement prepared by the Central News, showing the number of speeches made by thirty-five public speakers in the United Kingdom from Jan. 1, 1872, to Oct. 1, 1879, it appears that Mr. Gladstone heads the list, and distances all competitors in the number of speeches (thirty-four) and words (215,000). Mr. Bright comes next, with twenty-four speeches and 129,300 words. He is followed by Lord Hartington, with twenty-five speeches and 113,000 words. Sir Stafford Northcote has made twenty-six speeches with 109,909 words; Mr. Forster, thirty-two speeches, 91,000 words and the Earl of Beaconsfield twenty-four speeches, with 90,300 words.

Stubborn Facts.
That in severe and chronic cases, which have defied all other remedies, Wilson's Compound Syrup of wild Cherry gives immediate relief, and effects a speedy cure.
That no case has been reported in which it failed to give relief.
That every family who keeps it on hand can laugh at Croup, Whooping cough, Colds, Bronchitis, and all kindred diseases.
That in every district where Wilson's Wild Cherry has been introduced it has jumped into favor in an incredibly short time.
That beside being a radical cure for the above mentioned diseases it is one of the best Tonics in use.
That if you have not already done so, it is your duty to purchase a bottle at once.
That you can buy it from any leading drugist in Western Ontario.
