The Last Notice. To Subscribers in Arream One Year

L Subscribers in arrears for the GREY REVIEV pay their indebtedness, or forward by register-ed letter balere the lat of February, 1880, otherthey have to pay costs to the amount of more than the original debt. We are compelled to section with our business that must be met. Those indebted one year and over may con-sider this notice intended for them. J. TOWNSEND.

"Review" Office, Durham,) January 8, 1880.

must in future be paid for in advance. The

G. R. Middleton.

M. E. Merian. Colin C. McFnyden, Daniel Keith. Alexander Taylor.

-Mr. Edison says that the only diffi culty now to be overcome in Electric light ing is the perfect formation of the glass globes of his lamps. Several of these have been burning for three weeks and have not tailed. The glow seems to be perfect and the carbon horseshoe has not been sens bly impaired. He is at present fitting up his light in an ocean steamship.

-The Contest in North Lanark has rethe opposition Candidate for the Commons, Mr. Warwick. by a majority of 98. The Mail takes comfort under this defeat of its can lidate, in the fact that in Almonte and Pakenham the Ministerialist had a majority. But is to be observed that in those Municipali ties the Woollen and Cotton manufacturers are in the ascendant in this the first flush of the N. P. Wait a wee.

-The latest forecast of the weather by Mr. Vennor is that this month will go out mildly, but that after the entry of February we may bid adieu to mildness and slush for a season, with the thermometer settling down to uncomfortably low depths and accompanied by heavy snow falls. adds, that March bids fair to give still heavier snow falls, but that an early spring may be expected nevertheless. Prof. Smith, the Astronomer Royal of Scotland thinks, also, that the spring will come in early and that the ensuing summer will be a very hot one.

large than small area.

-Messrs Parnell and Dillion, the Irish rance city of Montreal. The citizens express no sympathy with the mission of these gentlethe cause of the destitute should be entrusted to men who are avowedly political agitators, and who seek to attain their unreasonable claims by revolutionary filliby those who know the state of matters lest, that there is great danger of the scenes of 1847 being repeated this winter the famine of that year relief came abundantly but it was too late, and at the present time every effort is being put forth by come to their work, thoroughly prepared. all classes of the British people to prevent This they are always expected to do, but a recurrance of the calamity of '47. The the use of text books by their pupils has American and Canadian public are also ready to give aid liberally to the poor, but hinder the progress of the pupils but has refuse to countenance sedition.

A NEW INDUSTAY.

We are happy to be able to announce, that Mr. Robert Bull of this Town is about to open a door, sash, and window blind paper in exposing the vicious system of factory on a new and improved plan. The letting contracts pursued by the Governbusiness will be conducted on a large scale, ment of Sir John A. Macdonald, at Ottawa, and with that end in view a steam engine has been once more vindicated before the mill will be run in connection with the printing towards the close of the last session other works, by which materials can be of the Dominion Parliament. The condressed from three sixteenths of an inch to tract was awarded to McLean, Rogers & Co., been obtained. seven inches in thickness. A two story notwithstanding that their tender was the building 40 x 30 ft is in course of construc- highest of the six tenders put in. MONOPOLY IN SCHOOL BOOKS. A striking illustration of the evil effects in one of its more indirect aspects, of the National Policy, has just come to light the city of Toronto. About ten years ago the Department of Education came to understanding with the publishing houses of Toronto in reference to the issue School Books-the Department determin ing that the books were to be well got up as regards mechanical finish, and that they would not exceed a certain fixed retail price. These conditions were agreed wise they need not attach any blame to us if to by the publishers, and it was expected,

though some doubted, that private compe-
